Introduction to your health plan

What is a primary care physician?

You have a Keystone Health Plan East HMO, which means you must choose a primary care physician (PCP) who will coordinate the overall medical care for you and your covered dependents. Your PCP is the doctor that will treat you for your basic health care needs.

Anytime you need to see a specialist, such as a cardiologist or dermatologist, your PCP will refer you to a specialist participating in the network. PCPs choose one radiology, physical therapy, and laboratory site to which they send their patients. If you need a service your PCP doesn't provide, like diagnostic testing or hospitalization, your PCP will refer you to an in-network facility.

Freedom to save

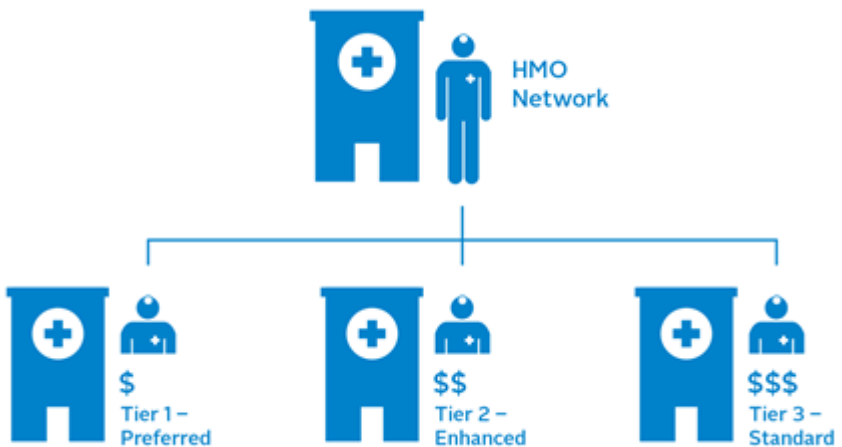

Lower monthly premiums

Lower costs when you
choose Tier 1 providers

HMO Proactive plans give you more control and more savings

Keystone HMO Proactive plans with a tiered network work just like a typical HMO in that you can visit any doctors and hospitals in network and you select a primary care physician to refer you to specialists. But now you have the opportunity to save even more on out-of-pocket costs when you visit certain health care providers.

Here's how it works: We grouped our HMO providers into three tiers based on cost and in many cases quality measures. While all of the doctors and hospitals in our network must meet high quality standards, many offer the same services at lower cost. If they cost less, then you'll pay less.

High quality doesn't have to mean high cost. Tiers help you see which providers can offer the best value on care.

You'll pay the lowest out-of-pocket costs when you visit doctors and hospitals in Tier 1 – Preferred, higher costs when you choose Tier 2 – Enhanced, and the highest cost with Tier 3 – Standard. The good news is that you have plenty of choices on where you receive care because over 50 percent of doctors and hospitals are in Tier 1 – Preferred.

Be sure to talk with your primary care physician about your tiered network plan. If you need additional tests or services, your doctor can refer you to providers in Tier 1 – Preferred, or at least help you understand why he or she recommends a provider in a different tier.

But the important thing to remember is, the choice is yours. You get control over how you spend your health care dollars. You can choose doctors in Tier 1 – Preferred for some services, and doctors from the other tiers for other services.

Pay the same cost for select services, no matter where you go

Even though you can save money by choosing doctors and hospitals in Tier 1 – Preferred, there are some services that cost the same across all tiers, such as:

- Preventive care
- Emergency room
- Emergency ambulance
- Urgent care
- Prescription drugs
- Physical and occupational therapy
- Pediatric dental and vision
- Mental health
- Outpatient lab/pathology
- Routine radiology
- Spinal manipulation

How you choose or change your PCP

To select or change your PCP, search our provider network. Visit www.ibx.com/providerfinder where you can search by specialty (for example internal medicine or pediatrics), location, gender preference, and distance.

There are two ways to choose or change your PCP:

Online: To select or change your doctor, visit www.ibxpress.com, our simple, convenient, and secure member website. Click on the *Change my Primary Care Physician* link under the Find a Doctor or Hospital section.

Phone: Call 1-844-BLUE 4ME (TTY: 711) and one of our Customer Service associates will take your PCP selection over the phone.

Important Note: The Provider Finder shows you the tier of your doctor or hospital when you select Keystone HMO Proactive as your plan. You can also tell the Customer Service associates that you have a Proactive Plan so he or she can tell you the tier of your provider.

Using your ID card

You and your covered dependents will each receive an Independence Blue Cross identification (ID) card. It is important to take your ID card with you wherever you go because it contains information like what to pay when visiting your doctor, specialist, or

Freedom to choose

- No need to stay within one tier
 - The choice to switch tiers is always yours
-

the emergency room (ER), and your PCP's contact information. You should present your ID card when you receive care, including doctor visits or when checking in at the ER.

The back of your ID card provides information about medical services, what to do in an emergency situation, and how to use your benefits when out of network.

If any information on your ID card is incorrect, you misplace an ID card, or need to print out a temporary ID card, you may do so through ibxpress.com, our member website. You may also call 1-800-ASK-BLUE (TTY: 711) and we will issue you a new ID card.

Benefit booklet

We've improved the benefit booklet so that you will find it easy to understand your Independence Blue Cross membership. Here are a few highlights:

- It's more reader friendly.
- Topics are categorized and in alphabetical order so you can find what you're looking for faster.
- The schedule of covered services clearly states your costs.

IBX Wire

When you receive your ID card, call the toll-free number on the sticker affixed to the card to confirm receipt. You will also be given the option to sign up for IBX Wire, a free messaging service. IBX Wire is an innovative way for you to receive timely and helpful communications on your smartphone. If you choose to opt in, you will have access to a private message board and will receive text messages about once every other week that communicate helpful, relevant information about your health plan, maximizing your benefits, and wellness programs.

Scheduling an appointment

Simply call your doctor's office and request an appointment. If possible, call network providers 24 hours in advance if you are unable to make it to a scheduled appointment.

Referrals

You are required to get a referral from your PCP for specialty services. All referrals are done electronically, so you can get the care you need as quickly and conveniently as possible. You won't need a referral for OB/GYN care, mammograms, mental health, or routine eye care. You may also check the status of your referral by logging on to ibxpress.com or on your iPhone or Android through the IBX App.

Locating a network physician or hospital

You have access to our expansive provider network of physicians, specialists, and hospitals. You may search our provider network by going to www.ibx.com/providerfinder. You may search by specialty (e.g. internal or pediatrics), location, gender preference, and distance. You may also call 1-800-ASK-BLUE (TTY: 711) and a customer services associate will help you locate a provider.

How to receive care

Using your preventive care benefits

Quality care and prevention are vital to your long-term health and well-being. That's why we cover 100 percent of certain preventive services, offering them without a copayment, coinsurance, or deductible if received from your PCP or other in-network provider.

Sign up for IBX Wire

When you receive your ID card, opt in to IBX Wire to receive text messages about your health plan.

Covered preventive services include, but are not limited to:

- screenings for:
 - breast, cervical, and colon cancer
 - vitamin deficiencies during pregnancy
 - diabetes
 - high cholesterol
 - high blood pressure
- routine vaccinations for children, adolescents, and adults as determined by the CDC (Centers for Disease Control and Prevention).
- women's preventive health services, such as:
 - well-woman visits (annually);
 - screening for gestational diabetes;
 - human papillomavirus (HPV) DNA testing;
 - counseling for sexually transmitted infections;
 - counseling and screening for human immunodeficiency virus (HIV);
 - screening and counseling for interpersonal and domestic violence;
 - breastfeeding support, supplies (breast pumps), and counseling;
 - generic formulary contraceptives, certain brand formulary contraceptives, and FDA-approved over-the-counter female contraceptives with a prescription.

Be sure to consult with your PCP for preventive services and/or screenings.

Wellness Guidelines

One of the best ways to stay well is to utilize the preventive services covered by your health plan, such as well visits, immunizations, and health screenings. A recommended schedule of wellness visits to your health care provider is outlined in our Wellness Guidelines*. Additional resources along with tips to stay healthy and safe and topics to discuss with your health care provider are included.

To download our Wellness Guidelines, log on to www.ibxpress.com and click on the *Health & Wellness Programs* tab. Then click on *Healthy Living*, and then on *Wellness Guidelines*. You can also request a hard copy of the Wellness Guidelines by calling 1-800-ASK-BLUE (TTY: 711).

*The Wellness Guidelines are a summary of recommendations based on the U.S. Preventive Services Task Force and other nationally recognized sources. These recommendations have been reviewed by our network health care providers. This information is not a statement of benefits. Please refer to your health benefit plan contract/member handbook or benefits handbook for terms, limitations, or exclusions of your health benefits plan. Please contact our Customer Service department with questions about which preventive care benefits apply to you. The telephone number for Customer Service can be found on your ID card.

Emergency care

In the event of an emergency, go immediately to the emergency room of the nearest hospital. If you believe your situation is particularly severe, call 911 for assistance.

A medical emergency is typically thought of as a medical or psychiatric condition in which symptoms are so severe, that the absence of immediate medical attention could place one's health in serious jeopardy. Most times, a hospital emergency room is not the most appropriate place for you to be treated.

Hospital emergency rooms provide emergency care and must prioritize patients' needs. The most seriously hurt or ill patients are treated first. If you are not in that category, you could wait a long time.

Urgent Care

Urgent care is necessary treatment for a non-life-threatening, unexpected illness or accidental injury that requires prompt medical attention when your doctor is unavailable. Examples include sore throat, fever, sinus infection, ear ache, cuts, rashes, sprains, and broken bones.

You may visit an urgent care center which offers a convenient, safe, and affordable treatment alternative to emergency room care when you can't get an appointment with your own doctor.

Retail health clinic

Retail health clinics are another alternative when you can't get an appointment with your own doctor for non-emergency care. Retail health clinics use certified nurse practitioners who treat minor, uncomplicated illness or injury. Some retail health clinics may also offer flu shots and vaccinations.

Not sure what facility to use? Go to www.ibx.com/findcarenow to help you decide where to go for care.

You're covered while traveling

You can travel with the peace of mind knowing that Blue goes with you wherever you go. If you need medical care when you are away from home, you should follow these guidelines:

- In a true emergency, go to the nearest ER.
- In an urgent care situation, find a provider in the area. Call 1-800-810-BLUE (1-800-810-2583) to find an in-network provider in the area. You may also visit an urgent care center for medical issues if an in-network provider is unavailable and if you do not require the medical services of an emergency room.
- Prior to visiting a physician's office, it will be necessary for you to obtain a preapproval.

Guest membership

Guest membership is a temporary courtesy enrollment in another HMO (Host) plan that enables members who are living away from home to receive a comprehensive range of medical benefits, including routine and preventive services. A Guest Member remains an IBC member, pays premiums to IBC, but is also enrolled to receive benefits of the host plan while in their service area.

Keystone Health Plan East subscribers may be eligible to be on a Guest Membership for up to a 12 month period (6 months followed by 6 months upon approval of a renewal request). Dependents may be eligible to be on a Guest Membership for a period of up to 12 months without a renewal request. Members who are eligible to participate must also meet the following criteria:

- Long-term traveler — available to qualified HMO subscribers and dependents that are away from home for at least 90 consecutive days (3 months), but not more than 180 days (6 months) or group renewal date.
- Families apart — available to qualified dependents of the subscriber that do not reside in our service area for 90 or more consecutive days.
- Students — available to qualified dependents of the subscribers that are out of our service area for 90 or more consecutive days attending school.

For example

When to go to the ER:

- heart attack
- electrical burn

When to go to an urgent care center:

- sore throat
- ear ache

Out of the area and need care?

Call 1-800-810-BLUE (TTY: 711) to find an in-network provider in the area.

Using services that require preapproval

As a Keystone Health Plan East member, certain in-network services and all out-of-network services require preapproval prior to receiving care to ensure that the service you seek is medically necessary. Since your care is provided by your PCP, all necessary preapprovals will be obtained for you by your PCP.

It is important to understand that preapproval is not the same as the process for receiving referrals from your PCP.

Receiving services for mental health, alcohol, or substance abuse treatment

If you require outpatient or inpatient mental health or substance abuse services, a written referral from your PCP is not necessary. Magellan Behavioral Health administers your Keystone Health Plan East mental health and substance abuse benefits and can be reached by calling 1-800-ASK-BLUE (1-800-275-2583). Refer to the terms and conditions of your group health plan to find out if you have coverage for mental health and substance abuse benefits.

Using your prescription drug benefits

Find out how to fill prescriptions

Independence Blue Cross Prescription Drug Program

Your prescription drug benefit program, administered by FutureScripts[®], an independent company, provides many advantages to help you easily and safely obtain the prescription drugs you need at an affordable cost.

Take a look at the advantages:

- **Easy to use.** A national network of retail pharmacies will recognize and accept your member identification (ID) card.
- **Low out-of-pocket expenses.** When you use a participating pharmacy, your out-of-pocket costs are based on a discounted price, fixed copayments, or coinsurance.
- **No paperwork.** You don't have to file a claim form or wait for reimbursement when you use a participating pharmacy.
- **High level of safety.** When you fill a prescription at a participating pharmacy, your pharmacy can identify harmful drug interactions and other dangers by viewing your drug history.
- For maintenance drugs needed to treat ongoing or chronic conditions
 - **Home delivery.** Your program may allow you to receive drugs right at your door when ordered through the mail order service, eliminating time spent waiting in line at the pharmacy counter.
 - Mail order purchases allow you to get a larger supply of drugs than what might be available to you at the retail pharmacy. And, depending upon your plan design, your out-of-pocket expenses may be lower and you won't have to visit the pharmacy as often.

How to fill your prescription at a retail pharmacy

Present your ID card and your prescription at a FutureScripts participating pharmacy for your plan. The pharmacist will confirm your eligibility for benefits and determine your share of the cost of your prescription. Your doctor may also electronically submit your prescription to your pharmacy.

Find a pharmacy

Visit
www.futurescripts.com
or call the number on your
ID card.

Participating pharmacies

A pharmacy is considered participating if it is in the FutureScripts pharmacy network for your plan. The FutureScripts network includes more than 68,000 retail pharmacies. When you're traveling, you will find that most of the pharmacies in all 50 states accept your ID card and can fill your prescription for the same cost you pay at home, if you use a participating pharmacy.

There is no need to select just one pharmacy to fill your prescription needs.

To locate a participating pharmacy, visit www.futurescripts.com or call the number on your ID card..

Non-participating pharmacies

If your prescription is filled at a pharmacy that does not participate in the FutureScripts network for your plan, you will have to pay the pharmacy's regular charge right at the counter. Then, depending on your plan design, you may submit a claim form for partial reimbursement to:

FutureScripts
P.O. Box 419019
Kansas City, MO 64141

Your reimbursement check should arrive within 14 days from the day your claim form is received.

Keep in mind that your plan sponsor selected Independence Blue Cross (IBC) and/or its subsidiaries based in part on the discounted drug prices that FutureScripts has negotiated. When you use a non-participating pharmacy that has not agreed to charge a discounted price, it costs your plan more money; part of that cost is passed on to you.

Understanding your prescription

Brand drugs are manufactured by only one company, which advertises and sells its product under a special trade name. In many cases, brand drugs are quite expensive, which is why your share of the cost is higher. Generic drugs are typically manufactured by several companies and are almost always less expensive than the brand drug. Generic drugs are approved by the U.S. Food and Drug Administration (FDA) to ensure they are as safe and effective as their brand counterparts. However, not every brand drug has a generic version.

The Select Drug Program provides our members with comprehensive prescription drug coverage. The Select Drug Program uses a formulary, which includes all generic drugs and a defined list of brand drugs that have been evaluated for their medical effectiveness, positive results, and value. The formulary is reviewed quarterly to ensure its continued effectiveness.

To check the formulary status of drugs, simply log onto ibxpress.com.

Brand vs. Generic

Generic drugs are as effective as brand drugs and could save you money. However, consult your doctor to find out which drug type is best for you.

In addition to the Select Drug Program formulary, you will also find helpful information on these related topics:

- Prior authorization process
- Age and gender limits
- Quantity level limits

If you're not sure if brand or generic drugs are right for you, talk to your doctor. The pharmacist may, on occasion, discuss with your physician whether an alternative drug might be appropriate for you. Let your physician know if you have a question about a change in prescription or if you prefer the original prescription. Your physician makes the final decision on the necessity of you getting a brand drug.

Certain controlled substances and other prescribed medications may be subject to dispensing limitations. If you have any questions regarding your medication, please call 1-800-ASK-BLUE (TTY: 711).

Preventive drugs for adults and children

IBC's prescriptive drug plans include 100-percent coverage for preventive medications when received from an in-network pharmacy. This means that you won't have to pay copays, coinsurance, or deductibles for certain preventive medications with a prescription from your doctor. Receiving this preventive care will help you stay healthy and may improve your overall health.

For a list of preventive drugs eligible for 100-percent coverage please go to www.ibx.com or call the phone number on the back of your ID card.

Mail order pharmacy

If your doctor has prescribed a medication that you'll need to take regularly over a long period of time, the mail-order service is an excellent way to get a long-lasting supply and reduce your out-of-pocket costs.

Mail order is convenient and safe to use

If you choose mail order, your doctor can prescribe a supply that will last up to 90 days. You can get three times as many doses of your maintenance medication at one time through mail order.

Mail order prescriptions have been safely handled through the mail for many years. When your order is received, a team of registered, licensed pharmacists checks your prescription against the record of all drugs dispensed to you by a FutureScripts network pharmacy for as long as you've been in the IBC program administered by FutureScripts. This process ensures that every prescription is reviewed for safety and accuracy before it is mailed to you.

If there are questions about your prescription, a pharmacist will contact your doctor before your medication is dispensed. Your medication will be sent to your home within ten days from the date your legible and complete order is received.

On-line services

Log on to www.ibxpress.com and click on Manage My Prescription Drugs to take advantage of convenient features, such as:

- network pharmacy search

If you have any questions about your IBC Prescription Drug program, call:

1-800-ASK-BLUE
(TTY: 711).

There may be times when you need a prescription right away. On these occasions, you should have your prescription filled at a local participating pharmacy. If you need medication immediately, but you will be taking it on an ongoing basis, ask your doctor to write two separate prescriptions: you can have the first prescription filled locally for an initial 30-day supply of your medication, and you can send the second prescription to FutureScripts for a 90-day supply provided through the mail.

How to begin using mail order pharmacy:

1. When you are prescribed a chronic or “maintenance” drug therapy, ask your doctor to write the prescription for a 90-day supply, plus refills. Make sure your doctor knows that you have a mail-order service so that you get one 90-day prescription and not three 30-day prescriptions, because the cost of the three 30-day prescriptions may be more than the cost for one 90-day prescription. If you’re taking medication now, ask your doctor for a new prescription.
2. Complete the *FutureScripts Mail Service Order Form* with your first order only. Forms and envelopes are available by calling the number on your ID card.
3. Be sure to answer all the questions, and include your member ID number. An incomplete form can cause a delay in processing. Send the completed *Mail Service Order Form*, your original 90-day prescription, and the appropriate payment to FutureScripts.
4. Your mail order request will be processed and your medication sent to you within 14 days from the day FutureScripts receives your order, along with instructions for future refills. Standard shipping is via U.S. Mail and is free of charge. Narcotic substances and refrigerated medicines will be shipped by FedEx[®] at no additional charge. Your order will be shipped to the address you provided on the form.

How can my doctor order a prescription for me?

Doctors may call our toll-free number to prescribe your medication(s).

Doctors may fax prescriptions to 877-228-6162. In addition to the prescription information your doctor must provide member ID number, patient name and patient date of birth.

Note: To be legally valid, the fax must originate from the physician’s office. All state laws apply.

You will be dispensed the lower-priced generic drug (if manufactured) unless your doctor writes “brand medically necessary” or “dispense as written” on your prescription, or you indicate that you do not want the generic version of your brand drug on the *Mail Service Order Form*. A *Mail Service Order Form* and envelope will be included with each mail order delivery.

Paying for mail order services

Your payment can be a check or money order (made payable to FutureScripts), or you can complete the credit card portion of the *Mail Service Order Form*. FutureScripts accepts Visa, MasterCard[®], Discover[®], and American Express[®]. Please do not send cash. If you are uncertain of your payment, call the number on your ID card. If the payment you enclose is incorrect, you will be sent either a reimbursement check or an invoice, as appropriate.

Mail order refills

When you receive a medication through the mail order service, you will also receive a notice showing the number of refills allowed by your doctor. To avoid the risk of being without your medication, mail the refill notice and your payment two weeks before you expect your present supply to run out. You can also manage and order your refills online through ibxpress.com.

The refill notice will include the date when you should reorder and the number of refills you have left. Remember, most prescriptions are valid for a maximum of one year. Please note: PRN (take as needed) refills in the Commonwealth of Pennsylvania are limited to five times or six months, whichever is less.

If you have any questions concerning this program, please contact FutureScripts at 1-888-678-7012.

Self-administered Specialty Drug Coverage

Self-injectables and other oral specialty drugs that can be administered by you, the patient, or by a caregiver outside of the doctor's office are covered under your IBC prescription drug benefits administered by FutureScripts. You may fill your prescription via the FutureScripts Specialty Pharmacy Program.

The administration of a self-injectable drug by a medical professional is covered under your IBC medical benefit, even if you obtained the self-injectable through the FutureScripts Specialty Pharmacy Program. However, the drug itself will be covered under your IBC prescription drug benefit.

The only self-injectable drugs that are covered under IBC medical plans include drugs that:

- are required by law to be covered under both medical benefits and pharmacy benefits (for example, insulin);
- are required for emergency treatment, such as self-injectables that counteract allergic reactions.

An independent pharmacy benefits management (PBM) company, FutureScripts, administers our prescription drug benefits and is responsible for providing a network of participating pharmacies and processing pharmacy claims. The PBM also negotiates price discounts with pharmaceutical manufacturers and provides drug utilization and quality reviews. Price discounts may include rebates from a drug manufacturer based on the volume purchased. Independence Blue Cross anticipates that it will pass on a high percentage of the expected rebates it receives from its PBM through reductions in the overall cost of pharmacy benefits. Under most benefit plans, prescription drugs are subject to a member copayment.

Compendia are Prescription Drug reference documents that include summaries of how drugs work in the body. These references provide health care professionals with important information about proper dosing and whether a drug is recommended or endorsed for use in treating a specific disease.

Over the years, some compendia have merged with other publications or have discontinued updating their entries. The HMO will access up-to-date compendia to make coverage decisions.

The HMO will review compendia to ensure the most up-to-date drug information and the best available treatment options. This is important because today’s ever-expanding industry of drug treatments is dynamic, requiring the constant monitoring and assessment of new interventions.

COORDINATION OF BENEFITS (COB) – a provision that is intended to avoid claims payment delays and duplication of benefits when a person is covered by two or more plans providing benefits or services for medical, dental or other care or treatment. It avoids claims payment delays by establishing an order in which plans pay their claims, and by providing the authority for the orderly transfer of information needed to pay claims promptly. It avoids duplication of benefits by permitting a reduction of the benefits of a plan when, by the rules established by this provision, that plan does not have to pay benefits first. This provision does not apply to student accident or group hospital indemnity plans paying one hundred dollars (\$100) per day or less.

COPAYMENT – a specified dollar amount applied to a specific Covered Service for which the Member is responsible per Covered Service. Copayments, if any, are identified in Section SC - Schedule Of Cost Sharing & Limitations.

DAY REHABILITATION PROGRAM – is a level of Outpatient Care consisting of four (4) to seven (7) hours of daily rehabilitative therapies and other medical services five (5) days per week. Therapies provided may include a combination of therapies, such as Physical Therapy, Occupational Therapy, and Speech Therapy, as otherwise defined in this Subscriber Agreement and other medical services such as nursing services, psychological therapy and Case Management services. Day Rehabilitation sessions also include a combination of one-to-one and group therapy. The Member returns home each evening and for the entire weekend.

DECISION SUPPORT – describes a variety of services that help Members make educated decisions about health care and support their ability to follow their PCP's and Participating Specialist's treatment plans. Some examples of Decision Support services include support for major treatment decisions and information about everyday health concerns.

DEDUCTIBLE - a specified amount of Covered Services that must be paid by a Member before benefits are provided for any remaining Covered Services. This amount does not include Copayments amounts, any amounts above the Allowed Amount for a specific Provider, or the amount for any services not covered under this Subscriber Agreement. The deductible under this tiered plan is an aggregate of any deductibles paid under all Tiers for which a deductible applies. The Member's Primary Care Physician will provide a Referral to the Designated Provider for these services.

Your cost sharing (Copayment, Deductible and/or Coinsurance), which is based on the tier designation of the Provider you receive services from, will be lower for use of Tier 1 Providers, than for Tier 2 and Tier 3. Section MC – Using the HMO System provides more detail regarding Provider Tiers.

To find a list of Participating Providers with their tier designation, log onto the HMO website at www.ibx.com/Find a Doctor, or you can call Customer Service at the phone number listed on your ID Card to have a Provider Directory mailed to you.

SECTION MC – USING THE HMO SYSTEM

The HMO program is different from traditional health insurance coverage. In addition to covering health care services, HMO actually provides access to your Medical Care through your Primary Care Physician. **All medical treatment begins with your Primary Care Physician.** Under certain circumstances, continuing care by a Non-Participating Provider will be treated in the same way as if the Provider were a Participating Provider (See “Continuity of Care” appearing later in this Subscriber Agreement).

Because your Primary Care Physician is the key to using the HMO program, it is important to remember the following:

- **Always call your Primary Care Physician first** before receiving Medical Care (except for conditions requiring Emergency Services). Please schedule routine visits well in advance.
- **When you need Specialist Services** your Primary Care Physician will give you an electronic Referral for specific care or will obtain a Preapproval from the HMO when required. A Standing Referral may be available to you if you have a life-threatening, degenerative or disabling disease or condition.

Female Members may visit any participating obstetrical/gynecological Specialist without a Referral. This is true whether the visit is for preventive care, routine obstetrical/gynecological care or problem-related obstetrical/gynecological conditions. Your Primary Care Physician must obtain a Preapproval for Specialist Services provided by Non-Participating Providers.

- **Your Primary Care Physician provides coverage 24 hours a day, 7 days a week.**
- **All continuing care** as a result of Emergency Services must be provided or Referred by your Primary Care Physician or coordinated through Customer Service.
- **Provider Tiers** - This plan has a Tiered Network. Your cost share may be different based on the tier of the Provider you receive services from. Participating Providers under this plan may be part of a selected subset, or tier, of the HMO's entire network of Participating Providers. Providers may be classified as Tier 1, Tier 2, or Tier 3. This plan offers three different levels of in-network benefits based on the tier designation of the Participating Provider you receive services from. Your cost sharing (Copayment, Deductible and/or Coinsurance) will be lower for use of Tier 1 Providers, than for Tier 2 and Tier 3. In order to take advantage of the lower cost sharing for use of a Tier 1 Hospital it will be important to select a PCP and Specialist who have admitting privileges at the Tier 1 Hospital when Hospitalization becomes necessary.

Some benefits will be covered at the same In-network level of cost sharing such as Preventive Care, Emergency Care, Urgent Care, Ambulance, select Outpatient Therapies, and other specialty areas regardless of Provider tier.

Your cost share will be based on the Participating Provider tier selected for the following services:

- Primary care visits
- Specialist visits
- Inpatient hospital services
- Outpatient hospital services
- Outpatient surgery
- Home health services

- Dialysis

In addition, the benefit design shall also include different cost sharing based on site of service (i.e. Sleep Studies, Chemotherapy, and Radiation Therapy).

To find a list of Participating Providers with their tier designation, log onto the HMO website at www.ibx.com/Find a Doctor, or you can call Customer Service at the phone number listed on your ID Card to have a Provider Directory mailed to you.

- **Some services must be Preapproved by the HMO.** Your Primary Care Physician or Participating Specialist works with the HMO's Care Management and Coordination team during the Preapproval process. Services in this category include, but are not limited to: hospitalization; certain outpatient services; Skilled Nursing Facility services; and home health care. To access a complete list of services that require Preapproval, log onto the HMO website at www.ibx.com/preapproval or you can call Customer Service at the phone number listed on your ID Card to have the list mailed to you. You have the right to appeal any decisions through the Complaint and Grievance Appeal Process. Instructions for the appeal will be described in the denial notifications.
- **All services must be received from Keystone Participating Providers unless Preapproved by the HMO, or except in cases requiring Emergency Services or Urgent Care while outside the Service Area.** See Section ACC - Access to Primary, Specialist and Hospital Care for direction on obtaining Preapproval for use of a Non-Participating Provider. Use your Provider Directory to find out more about the individual Providers, including Hospitals and Primary Care Physicians and Participating Specialists and their affiliated Hospitals, as well as the Provider's tier designation. It includes a foreign language index to help you locate a Provider who is fluent in a particular language. The directory also lists whether the Provider is accepting new patients.
- **To change your Primary Care Physician**, call Customer Service at the telephone number shown on the ID Card.
- **Your Primary Care Physician is required to select a Designated Provider for certain Specialist Services.** Your Primary Care Physician will submit an electronic Referral to his/her Designated Provider for these outpatient Specialist Services:
 - A. Physical and occupational therapy;
 - B. Diagnostic Services for Members age five (5) and older;
 - C. Laboratory and Pathology Tests.

Designated Providers usually receive a set dollar amount per Member per month (capitation) for their services based on the Primary Care Physicians that have selected them.

Outpatient services are **not covered** when performed by any Provider other than your Primary Care Physician's Designated Provider.

Before selecting your Primary Care Physician, you may want to speak to the Primary Care Physician regarding his/her Designated Providers.

- **Medical Technology Assessment is Performed by the HMO.** Technology assessment is the review and evaluation of available clinical and scientific information from expert sources. These sources include and are not limited to articles published by governmental agencies, national peer review journals, national experts, clinical trials, and manufacturer's literature. The HMO uses the technology assessment process to assure that new drugs, procedures or devices are

safe and effective before approving them as a Covered Service. When new technology becomes available or at the request of a practitioner or Member, the HMO researches all scientific information available from these expert sources. Following this analysis, the HMO makes a decision about when a new drug, procedure or device has been proven to be safe and effective and uses this information to determine when an item becomes a Covered Service.

- **Prescription Drugs are covered under your HMO program.** Under this HMO plan, Prescription Drugs, including medications and biologicals, are Covered Services or Supplies when ordered during your Inpatient Hospital stay. In addition, you also have Prescription Drug coverage for outpatient Prescription Drugs.

Prescription Drug benefits do not cover over-the-counter drugs except insulin or over-the-counter drugs that are Prescribed by a Physician in accordance with applicable law.

Additionally, Prescription Drug benefits are subject to quantity level limits as conveyed by the Food and Drug Administration ("FDA") or the HMO's Pharmacy and Therapeutics Committee.

The HMO, for all Prescription Drug benefits, requires Preapproval of a small number of drugs approved by the FDA for use in specific medical conditions. Where Preapproval or quantity limits are imposed, your Physician may request an exception for coverage by providing documentation of Medical Necessity. The Member may obtain information about how to request an exception by calling Customer Service at the phone number on the ID Card.

You, or your Physician acting on your behalf, may appeal any denial of benefits or application of higher Copayments through the Complaint And Grievance Appeal Process described later in this Agreement.

- **Disease Management and Decision Support Programs.** Disease Management and Decision Support programs help Members to be effective partners in their health care by providing information and support to Members with certain chronic conditions as well as those with everyday health concerns. Disease Management is a systematic, population-based approach that involves identifying Members with certain chronic diseases, intervening with specific information or support to follow PCP's and treating Physicians' treatment plan, and measuring clinical and other outcomes. Decision Support involves identifying Members who may be facing certain treatment option decisions and offering them information to assist in informed, collaborative decisions with their PCP's and treating Physicians.

Decision Support also includes the availability of general health information, personal health coaching, PCP's and treating Physician's information, or other programs to assist in health care decisions.

Disease Management interventions are designed to help Members manage their chronic condition in partnership with their PCP's and treating Physicians. Disease Management programs, when successful, can help such Members avoid long term complications, as well as relapses that would otherwise result in Hospital or emergency room care. Disease Management programs also include outreach to Members to obtain needed preventive services, or other services recommended for chronic conditions. Information and support may occur in the form of telephonic health coaching, print, audio library or videotape, or Internet formats.

The HMO will utilize medical information such as claims data to operate the Disease Management or Decision Support program, e.g. to identify Members with chronic disease, to predict which Members would most likely benefit from these services, and to communicate results to Members' treating PCP's and treating Physicians. The HMO will decide what chronic conditions are included in the Disease Management or Decision Support program.

Participation by a Member in Disease Management or Decision Support programs is voluntary. A Member may continue in the Disease Management or Decision Support program until any of the following occurs: (1) the Member notifies the HMO that they decline participation; or (2) the HMO determines that the program, or aspects of the program, will not continue.

- **Information About Our Utilization Review Process And Criteria**

Utilization Review Process:

Two conditions of the HMO's and its affiliates' benefit plan are that in order for a health care service to be covered or payable, the service must be (1) eligible for coverage under the benefit plan and (2) Medically Necessary. To assist the HMO in making coverage determinations for certain requested health care services, the HMO uses established HMO Medical Policies and medical guidelines based on clinically credible evidence to determine the Medical Necessity of the requested services. The appropriateness of the requested setting in which the services are to be performed is part of this assessment. The process of determining the Medical Necessity of requested health care services for coverage determinations based on the benefits available under a Member's benefit plan is called utilization review.

It is not practical to verify Medical Necessity on all procedures on all occasions, therefore certain procedures may be determined by the HMO to be Medically Necessary and automatically approved based on the accepted Medical Necessity of the procedure itself, the diagnosis reported or an agreement with the performing Provider. An example of such automatically approved services is an established list of services received in an emergency room which have been approved by the HMO based on the procedure meeting Emergency criteria and the severity of diagnosis reported (e.g. rule out myocardial infarction, or major trauma). Other requested services, such as certain elective inpatient or outpatient procedures may be reviewed on a procedure specific or setting basis.

Utilization review generally includes several components which are based on when the review is performed. When the review is required before a service is performed (pre-service review) it is called Pre-Certification (applicable when the Member's benefit plan provides benefits for services performed without the required Referral or by Non-Participating Providers (i.e., point-of-service coverage)) or Preapproval. Reviews occurring during a Hospital stay are called concurrent reviews. Those reviews occurring after services have been performed (post-service reviews) are called retrospective reviews. The HMO follows applicable state and federally required standards for the timeframes in which such reviews are to be performed.

Generally, where a requested service is not automatically approved and must undergo Medical Necessity review, nurses perform the initial case review and evaluation for plan coverage approval using the HMO's Medical Policies, established guidelines and evidence-based clinical criteria and protocols; however only a Medical Director may deny coverage for a procedure based on Medical Necessity. The evidence-based clinical protocols evaluate the Medical Necessity of specific procedures and the majority is computer-based. Information provided in support of the request is entered into the computer-based system and evaluated against the clinical protocols. Nurses apply applicable benefit plan policies and procedures, taking into consideration the individual Member's condition and applying sound professional judgment. When the clinical criteria are not met, the given service request is Referred to a Medical Director for further review for approval or denial. Independent medical consultants may also be engaged to provide clinical review of specific cases or for specific conditions. Should a procedure be denied for coverage based on lack of Medical Necessity a letter is sent to the requesting Provider and Member in accordance with applicable law.

The HMO's utilization review program encourages peer dialogue regarding coverage decisions

based on Medical Necessity by providing Physicians with direct access to HMO plan Medical Directors to discuss coverage of a case. The nurses, Medical Directors, other Professional Providers, and independent medical consultants who perform utilization review services are not compensated or given incentives based on their coverage review decisions. Medical Directors and nurses are salaried, and contracted external Physician and other professional consultants are compensated on a per case reviewed basis, regardless of the coverage determination. The HMO does not specifically reward or provide financial incentives to individuals performing utilization review services for issuing denials of coverage. There are no financial incentives for such individuals which would encourage utilization review decisions that result in underutilization.

Pre-Certification or Preapproval:

When required and applicable, Pre-Certification or Preapproval evaluates the Medical Necessity, including the appropriateness of the setting, of proposed services for coverage under the Member's benefit plan. Examples of these services include certain planned or elective inpatient admissions and selected outpatient procedures according to the Member's benefit plan. Where required by the Member's benefit plan, Preapproval is initiated by the Provider and Pre-Certification is initiated by the Member.

Where Pre-Certification or Preapproval is required, the HMO's coverage of the proposed procedure is contingent upon the review being completed and receipt of the approval certification. Coverage penalties may be applied when Pre-Certification is required for a procedure but is not obtained. If the Primary Care Physician or Referred Specialist fails to obtain Preapproval when required, and provides Covered Services or Referrals without obtaining such Preapproval, the Member will not be responsible for payment.

While the majority of services requiring Pre-Certification or Preapproval are reviewed for medical appropriateness of the requested procedure setting (e.g. inpatient, Short Procedure Unit, or outpatient setting), other elements of the Medical Necessity of the procedure may not always be evaluated and may be automatically approved based on the procedure or diagnosis for which the procedure is requested or an agreement with the performing Provider. Pre-Certification or Preapproval is not required for Emergency Services and is not performed where an agreement with the Participating Provider does not require such review.

The following are general examples of current Pre-Certification or Preapproval requirements under benefit plans; however these requirements vary by benefit plan and state and are subject to change.

- hysterectomy
- nasal Surgery procedures
- potentially cosmetic or Experimental/Investigative services

Concurrent Review:

Concurrent review may be performed while services are being performed. This may occur during an Inpatient Stay and typically evaluates the expected and current length of stay to determine if continued hospitalization is Medically Necessary. When performed, the review assesses the level of care provided to the Member and coordinates discharge planning. Concurrent review continues until the patient is discharged. Not all Inpatient Stays are reviewed concurrently. Concurrent review is generally not performed where an inpatient facility is paid based on a per case or diagnosis-related basis, or where an agreement with the facility does not require such review.

Retrospective Review:

Retrospective review occurs after services have been provided. This may be for a variety of

reasons, including the HMO not being notified of a Member's inpatient admission until after discharge or where medical charts are unavailable at the time of a required concurrent review. Certain services are only reviewed on a retrospective basis.

Prenotification:

In addition to the standard utilization reviews outlined above, the HMO also may determine coverage of certain procedures and other benefits available to Members through Prenotification, as required by the Members' benefit plan, and discharge planning. Prenotification is advance notification to the HMO of an inpatient admission or outpatient service where no Medical Necessity review (Pre-Certification or Preapproval) is required, such as maternity admissions/deliveries. Prenotification is primarily used to identify Members for concurrent review needs, to ascertain discharge planning needs proactively, and to identify who may benefit from Case Management programs.

Discharge Planning:

Discharge planning is performed during an inpatient admission and is used to identify and coordinate a Member's needs and benefit plan coverage following the Inpatient Stay, such as covered home care, ambulance transport, acute rehabilitation, or Skilled Nursing Facility placement. Discharge planning involves the HMO's authorization of post-Hospital Covered Services and identifying and referring Members to Disease Management or Case Management benefits.

Selective Medical Review:

In addition to the foregoing requirements, the HMO reserves the right, under its utilization and quality management programs, to perform a medical review prior to, during or following the performance of certain Covered Services ("selective medical review") that are otherwise not subject to review as described above. In addition, the HMO reserves the right to waive medical review for certain Covered Services for certain Providers, if the HMO determines that those Providers have an established record of meeting the utilization and/or quality management standards for those Covered Services. Regardless of the outcome of the HMO's selective medical review, there are no coverage penalties applied to the Member.

CLINICAL CRITERIA, GUIDELINES AND RESOURCES

The following guidelines, clinical criteria and other resources are used to help make Medical Necessity coverage decisions:

Clinical Decision Support Criteria:

Clinical Decision Support criteria are an externally validated and computer-based system used to assist the HMO in determining Medical Necessity. These evidence-based, clinical Decision Support criteria are nationally recognized and validated. Using a model based on evaluating intensity of service and severity of illness, these criteria assist the HMO's clinical staff in evaluating the Medical Necessity and appropriateness of coverage based on a Member's specific clinical needs. Clinical Decision Support criteria help promote consistency in the HMO's plan determinations for similar medical issues and requests, and reduce practice variation among the HMO's clinical staff to minimize subjective decision-making.

Clinical Decision Support criteria may be applied for Covered Services including, but not limited to the following:

- Some elective surgeries--settings for inpatient and outpatient procedures (e.g. hysterectomy and sinus Surgery)
- Inpatient Hospital Services
- Inpatient rehabilitation care

- Home Health Care
- Durable Medical Equipment (DME)
- Skilled Nursing Facility Services

Centers for Medicare and Medicaid Services (CMS) Guidelines:

These are a set of guidelines adopted and published by CMS for coverage of services by Medicare and Medicaid for persons who are eligible and have health coverage through Medicare or Medicaid.

The HMO's Medical Policies:

These are the HMO's internally developed set of policies which document the coverage and conditions for certain medical/surgical procedures and ancillary services.

The HMO's Medical Policies may be applied for Covered Services including, but not limited to the following:

- Ambulance
- Infusion
- Speech Therapy
- Occupational Therapy
- Durable Medical Equipment
- Review of potential cosmetic procedures

The HMO's Internally Developed Guidelines:

These are a set of guidelines developed specifically by the HMO, as needed, with input by clinical experts based on accepted practice guidelines within the specific fields and reflecting the HMO's Medical Policies for benefit plan coverage.

DELEGATION OF UTILIZATION REVIEW ACTIVITIES AND CRITERIA

In certain instances, the HMO has delegated certain utilization review activities, which may include Preapproval, Pre-Certification, concurrent review, and Case Management, to integrated delivery systems and/or entities with an expertise in medical management of a certain membership population (such as, neonates/premature infants) or a type of benefit or service (such as radiology). In such instances, a formal delegation and oversight process is established in accordance with applicable law and nationally-recognized accreditation standards. In such cases, the delegate's utilization review criteria are generally used, with the HMO's approval.

SECTION ACC – ACCESS TO PRIMARY, SPECIALIST AND HOSPITAL CARE

DIRECT ACCESS TO CERTAIN CARE

A Member does not need a Referral from his/her Primary Care Physician for the following Covered Services:

- A. Emergency Services
- B. Care from a participating obstetrical/gynecological Specialist
- C. Mammograms
- D. Mental Health Care, Serious Mental Illness Health Care and Substance Abuse treatment; and
- E. Inpatient Hospital Services that require Preapproval. This does not include a maternity Inpatient Stay
- F. Dialysis services performed in a Participating Facility Provider or by a Participating Professional Provider
- G. Nutrition Counseling for Weight Management
- H. Diabetic Education Program

SELECTION OF A PRIMARY CARE PHYSICIAN

- A. Prior to the time a Member's coverage becomes effective in accordance with the provisions of this Agreement, the Member must choose a Primary Care Physician from whom the Member wishes to receive Covered Services under this Agreement. If the Member is a minor or otherwise incapable of selecting a PCP, the Subscriber or legal guardian should select a PCP on the Member's behalf.

At the new Member's option and subject to the Non-Participating Provider's agreement to certain terms and conditions, the Member may continue an ongoing course of treatment with a Non-Participating Provider for a period of up to sixty (60) days from the Member's Effective Date of Coverage (See Continuity of Care provision below).

- B. If a Member fails either to select a Primary Care Physician or complete a Continuity of Care form within thirty (30) days of membership, the HMO reserves the right to assign a Member to a Primary Care Physician subject to the Member's right to change Primary Care Physicians as described below.
- C. This plan has a Tiered Network. Your cost share may be different based on the tier of the Provider you receive services from. Participating Providers under this plan may be part of a selected subset, or tier, of the HMO's entire network of Participating Providers. Providers may be classified as Tier 1, Tier 2, or Tier 3. This plan offers three different levels of in-network benefits based on the tier designation of the Participating Provider you receive services from. Your cost sharing (Copayment, Deductible and/or Coinsurance) will be lower for use of Tier 1 Providers, than for Tier 2 and Tier 3. In order to take advantage of the lower cost sharing for use of a Tier 1 Hospital it will be important to select a PCP and Specialist who have admitting privileges at the Tier 1 Hospital when Hospitalization becomes necessary.

To find a list of Participating Providers with their tier designation, log onto the HMO website at www.ibx.com/Find a Doctor, or you can call Customer Service at the phone number listed on your ID Card to have a Provider Directory mailed to you.

HOW TO OBTAIN A SPECIALIST REFERRAL

Always consult your Primary Care Physician first when you need Medical Care.

If, except for services listed under the Direct Access To Certain Care provision, your Primary Care Physician refers you to a Referred Specialist or facility just follow these steps:

- Your Primary Care Physician will supply an electronic form which indicates the services authorized.
- Your Referral is valid for ninety (90) days from issue date as long as you are a Member.
- You can give this form to the Referred Specialist or facility or it can be sent electronically to the Referred Specialist or facility **before** the services are performed. Only services authorized on the Referral form will be covered.
- Any additional Medically Necessary treatment recommended by the Referred Specialist beyond the ninety (90) days from the date of issue of the initial Referral will require another electronic Referral from your Primary Care Physician.
- You must be an enrolled Member at the time you receive services from a Referred Specialist or Non-Participating Provider in order for services to be covered.

See the **Preapproval for Non-Participating Providers** section of this Subscriber Agreement for information regarding services provided by Non-Participating Providers.

HOW TO OBTAIN A STANDING REFERRAL

If you have a life-threatening, degenerative or disabling disease or condition, you may receive a Standing Referral to a Referred Specialist to treat that disease or condition. The Referred Specialist will have clinical expertise in treating the disease or condition. A Standing Referral is granted upon review of a treatment plan by the HMO and in consultation with your Primary Care Physician.

Follow these steps to initiate your Standing Referral request.

- A. Call Customer Service at the telephone number shown on your ID Card. (Or, you may ask your Primary Care Physician to call Provider Services or Care Management and Coordination to obtain a “Standing Referral Request” form.)
- B. A “Standing Referral Request” form will be mailed or faxed to the requestor.
- C. You must complete a part of the form and your Primary Care Physician will complete the clinical part. Your Primary Care Physician will then send the form to Care Management and Coordination.

Care Management and Coordination will either approve or deny the request for the Standing Referral. You, your Primary Care Physician and the Referred Specialist will receive notice of the approval or denial in writing. The notice will include the time period for the Standing Referral.

If the Standing Referral is Approved

If the request for the Standing Referral to a Referred Specialist is approved, the Referred Specialist, your Primary Care Physician and you will be informed in writing by Care Management and Coordination. The Referred Specialist must agree to abide by all the terms and conditions that the HMO has established with regard to Standing Referrals. This includes, but is not limited to, the need for the Referred Specialist to keep your Primary Care Physician informed of your condition. When the Standing Referral expires, you or your Primary Care Physician will need to contact Care Management and Coordination and follow the steps outlined above to see if another Standing Referral will be approved.

If the Standing Referral is Denied

If the request for a Standing Referral is denied, you and your Primary Care Physician will be informed in writing. You will be given information on how to file a formal Complaint, if you so desire.

DESIGNATING A REFERRED SPECIALIST AS YOUR PRIMARY CARE PHYSICIAN

If you have a life-threatening, degenerative or disabling disease or condition, you may have a Referred Specialist named to provide and coordinate both your primary and specialty care. The Referred Specialist will be a Physician with clinical expertise in treating your disease or condition. It is required that the Referred Specialist agree to meet the plan's requirements to function as a Primary Care Physician.

Follow these steps to initiate your request for your Referred Specialist to be your Primary Care Physician.

- A. Call Customer Service at the telephone number shown on your ID Card. (Or, you may ask your Primary Care Physician to call Provider Services or Care Management and Coordination to initiate the request.)
- B. A "Request for Specialist to Coordinate All Care" form will be mailed or faxed to the requestor.
- C. You must complete a part of the form and your Primary Care Physician will complete the clinical part. Your Primary Care Physician will then send the form to Care Management and Coordination.
- D. The Medical Director will speak directly with your Primary Care Physician and the selected Referred Specialist to apprise all parties of the primary services that the Referred Specialist must be able to provide in order to be designated as a Member's Primary Care Physician. If Care Management and Coordination approves the request, it will be sent to the Provider Service Area. That area will confirm that the Referred Specialist meets the same credentialing standards that apply to Primary Care Physicians. (At the same time, you will be given a Standing Referral to see the Referred Specialist.)

If the Referred Specialist as Primary Care Physician Request is Approved

If the request for the Referred Specialist to be your Primary Care Physician is approved, the Referred Specialist, your Primary Care Physician and you will be informed in writing by Care Management and Coordination.

If the Referred Specialist as Primary Care Physician Request is Denied

If the request to have a Referred Specialist designated to provide and coordinate your primary and specialty care is denied, you and your Primary Care Physician will be informed in writing. You will be given information on how to file a formal Complaint, if you so desire.

CHANGING YOUR PRIMARY CARE PHYSICIAN

If a Member wishes to transfer to a different Primary Care Physician, a request can be made at any time, by:

- A. submitting in writing, calling the telephone number shown on the back of the Member ID Card, or using the IBX Mobile app to the HMO's Customer Service Department, or
- B. logging into the website at www.ibxpress.com and selecting Account Settings and Member Information.

The change will become effective on the earlier of:

- 14 days after the request is received (includes weekends), or
- the first day of the upcoming month.

Exceptions: However, changes will take effect on the first of the current month:

- a. when the Member did not make a PCP selection at the time of enrollment, or
- b. if the Member's PCP is no longer a Participating Provider.

If the participating status of the Member's Primary Care Physician changes, the Member will be

notified in order to select another Primary Care Physician.

The Member must remember to have their medical records transferred to their new Primary Care Physician.

CHANGING YOUR REFERRED SPECIALIST

The Member may change the Referred Specialist to whom the Member has been Referred by a Primary Care Physician or for whom the Member has a Standing Referral. To do so, the Member should ask the Primary Care Physician to recommend another Referred Specialist before services are performed. Or, the Member may call Customer Service at the telephone number shown on the ID Card. Only services authorized on the Referral form will be covered.

PROVIDER DIRECTORY

A Provider Directory is made available to Members. It includes a listing of Hospitals and Primary Care Physicians and Referred Specialists by location, telephone numbers and Hospital affiliation. The Directory also includes a foreign language index to help Members to locate a Provider who is fluent in a particular language. The Directory also will indicate whether the Physician is accepting new patients.

The Provider Directory will include the tier designation of Participating Providers, including Primary Care Physicians and Referred Specialists, as well Participating Facilities, including Hospitals.

CONTINUITY OF CARE

- A. You have the option, if your Physician agrees to be bound by certain terms and conditions as required by the HMO, of continuing an ongoing course of treatment with that Physician. This continuation of care shall be offered through the current period of active treatment for an acute condition or through the acute phase of a chronic condition or for up to ninety (90) calendar days from the notice that the status of your Physician has changed or your Effective Date of Coverage when:
 - 1. Your Physician is no longer a Participating Provider because the HMO terminates its contract with that Physician, for reasons other than cause; or
 - 2. You first enroll in the plan and are in an ongoing course of treatment with a Non-Participating Provider.
- B. If you are in your second or third trimester of pregnancy at the time of your enrollment or termination of a Participating Provider's contract, the continuity of care with that Physician will extend through post-partum care related to the delivery.
- C. Follow these steps to initiate your continuity of care:
 - 1. Call Customer Service at the number on your ID Card and ask for a "Request for Continuation of Treatment" form.
 - 2. The "Request for Continuation of Treatment" form will be mailed or faxed to you.
 - 3. You must complete the form and send it to Care Management and Coordination at the address that appears on the form.
- D. If your Physician agrees to continue to provide your ongoing care, the Physician must also agree to be bound by the same terms and conditions as apply to Participating Providers.
- E. You will be notified when the participating status of your Primary Care Physician changes so that you can select another Primary Care Physician.

PREAPPROVAL FOR NON-PARTICIPATING PROVIDERS

The HMO may approve payment for Covered Services provided by a Non-Participating Provider if you have:

- A. First sought and received care from a Participating Provider in the same American Board of Medical Specialties (ABMS) recognized specialty as the Non-Participating Provider that you have requested. (Your Primary Care Physician is required to obtain Preapproval from the HMO for services provided by a Non-Participating Provider.)
- B. Been advised by the Participating Provider that there are no Participating Providers that can provide the requested Covered Services; and
- C. Obtained authorization from the HMO prior to receiving care. The HMO reserves the right to make the final determination whether there is a Participating Provider that can provide the Covered Services.

If the HMO approves the use of a Non-Participating Provider, you will not be responsible for the difference between the Provider's billed charges and the HMO's payment to the Provider but you will be responsible for applicable cost-sharing amounts. If you receive any bills from the Provider, you need to contact Customer Service at the telephone number on the back of your ID Card. When you notify the HMO about these bills, the HMO will resolve the balance billing.

HOSPITAL ADMISSIONS

- A. If you need hospitalization or outpatient Surgery, your Primary Care Physician or Participating Specialist will arrange admission to the Hospital or outpatient surgical facility on your behalf.
- B. Your Primary Care Physician or Participating Specialist will coordinate the Preapproval for your outpatient Surgery or inpatient admission with the HMO, and the HMO will assign a Preapproval number. Preapproval is not required for a maternity Inpatient Stay.
- C. You do not need to receive a electronic Referral from your Primary Care Physician for inpatient Hospital Services that require Preapproval.

Upon receipt of information from your Primary Care Physician or Participating Specialist, Care Management and Coordination will evaluate the request for hospitalization or outpatient Surgery based on clinical criteria guidelines. Should the request be denied after review by the HMO's Medical Director, you, your Primary Care Physician or Participating Specialist have a right to appeal this decision through the Grievance Process.

During an inpatient hospitalization, Care Management and Coordination is monitoring your Hospital stay to assure that a plan for your discharge is in place. This is to make sure that you have a smooth transition from the Hospital to home, or to another setting such as a Skilled Nursing or Rehabilitation Facility. An HMO Case Manager will work closely with your Primary Care Physician or Participating Specialist to help with your discharge and if necessary, arrange for other medical services.

Should your Primary Care Physician or Participating Specialist agree with the HMO that inpatient hospitalization services are no longer required, you will be notified in writing of this decision. Should you decide to remain hospitalized after this notification, the Hospital has the right to bill you after the date of the notification. You may appeal this decision through the Grievance Process.

RECOMMENDED PLAN OF TREATMENT

You agree, when joining the HMO, to receive care according to the recommendations of your Primary Care Physician. You have the right to give your informed consent before the start of any procedure or treatment. You also have the right to refuse any drugs, treatment or other procedure offered to you by

the HMO Providers, and to be informed by your Physician of the medical consequences of your refusal of any drugs, treatment, or procedure. The HMO and your Primary Care Physician will make every effort to arrange a professionally acceptable alternative treatment. The HMO will not be responsible for the costs of any alternative treatment that is not a Covered Service or determined to be not Medically Necessary for that condition. You may use the Grievance Procedure to have any denial of benefits reviewed, if you so desire.

SPECIAL CIRCUMSTANCES

In the event that Special Circumstances result in a severe impact to the availability of Providers and services, to the procedures required for obtaining benefits for Covered Services under this Subscriber Agreement (e.g., obtaining Referrals, use of Participating Providers), or to the administration of this Agreement by the HMO, the HMO may, on a selective basis, waive certain procedural requirements of this Subscriber Agreement. Such waiver shall be specific as to the requirements that are waived and shall last for such period of time as is required by the Special Circumstances as defined below.

The HMO shall make a good faith effort to arrange for an alternative method of providing coverage. In such event, the HMO shall provide access to Covered Services in so far as practical, and according to its best judgment. Neither the HMO nor Providers in the HMO's network shall incur liability or obligation for delay, or failure to provide or arrange for Covered Services if such failure or delay is caused by Special Circumstances.

Special Circumstances, as recognized in the community and by the HMO and appropriate regulatory authority, are extraordinary circumstances not within the control of the HMO, including but not limited to:

- A. a major disaster;
- B. an epidemic;
- C. a pandemic;
- D. the complete or partial destruction of facilities;
- E. riot;
- F. civil insurrection; or
- G. similar causes.

MEMBER LIABILITY

Except when certain Coinsurance, Copayments, Deductibles or other Limitations are specified in this Subscriber Agreement or Section SC - Schedule of Cost Sharing & Limitations, you are not liable for any charges for Covered Services when these services have been provided or Referred by your Primary Care Physician and you are eligible for such benefits on the date of service.

RIGHT TO RECOVER PAYMENTS MADE IN ERROR

If the HMO should pay for any contractually excluded services through inadvertence or error, the HMO maintains the right to seek recovery of such payment from the Provider or Member to whom such payment was made.

SECTION ER – EMERGENCY, URGENT CARE, FOLLOW-UP CARE

WHAT ARE EMERGENCY SERVICES?

"Emergency Services" are any health care services provided to a Member after the sudden onset of a medical condition. The condition manifests itself by acute symptoms of sufficient severity or severe pain, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- A. placing the health of the Member or with respect to a pregnant Member, the health of the Member or her unborn child, in serious jeopardy;
- B. serious impairment to bodily functions; or
- C. serious dysfunction of any bodily organ or part.

Emergency transportation and related Emergency Service provided by a licensed ambulance service shall constitute an Emergency Service.

Emergency Services do not require a Referral for treatment from the Primary Care Physician.

Emergency Services Inside and Outside the Service Area

Emergency Services are covered whether they are provided inside or outside Keystone's Service Area. Emergency Services do not require a Referral for treatment from your Primary Care Physician. You must notify your Primary Care Physician to coordinate all continuing care. Medically Necessary Care by any Provider other than your Primary Care Physician will be covered until you can, without medically harmful consequences, be transferred to the care of your Primary Care Physician, a Referred Specialist designated by your Primary Care Physician, a Participating Obstetrician or Gynecologist, or a Dialysis Specialist.

Examples of conditions requiring Emergency Services are: excessive bleeding; broken bones; serious burns; sudden onset of severe chest pain; sudden onset of acute abdominal pains; poisoning; unconsciousness; convulsions; and choking.

Note: Non-Participating Providers for Emergency and Out-of-Area Urgent Care Services will be covered at the Tier 3 level of benefits. It is your responsibility to contact the HMO for any bill you receive for Emergency Services or Out-of-Area Urgent Care provided by a Non-Participating Provider. If you receive any bills from the Provider, you need to contact Customer Service at the telephone number on the back of your ID Card. When you notify the HMO about these bills, the HMO will resolve the balance billing.

MEDICAL SCREENING EVALUATION

Medical Screening Evaluation services are Covered Services when performed in a Hospital emergency department to determine whether or not an Emergency exists.

WHAT IS URGENT CARE?

"Urgent Care" needs are for sudden illness or Accidental Injury that require prompt medical attention, but are not life-threatening and are not Emergency medical conditions, when your Primary Care Physician is unavailable. Examples of Urgent Care needs include stitches, fractures, sprains, ear infections, sore throats, rashes, X-rays that are not Preventive Care or Follow-up Care.

Urgent Care Inside Keystone's Service Area

If you are within the Service Area and you need Urgent Care, call your Primary Care Physician first. Your Primary Care Physician provides coverage 24 hours a day, 7 days a week for Urgent Care. Your Primary Care Physician, or the Physician covering for your Primary Care Physician, will arrange for appropriate treatment. Urgent Care services may also be accessed directly at an Urgent Care Center or Retail Clinic.

Urgent Care provided within the Service Area will be covered only when provided or Referred by your Primary Care Physician, or when provided at an Urgent Care Center or Retail Clinic without a Referral.

WHAT IS FOLLOW-UP CARE?

“Follow-Up Care” is Medically Necessary follow-up visits that occur while the Member is outside Keystone’s Service Area. Follow-Up Care is provided only for urgent ongoing treatment of an illness or injury that originates while the Member is in Keystone’s Service Area. An example is Dialysis. Follow-Up Care must be Preapproved by the Member’s Primary Care Physician prior to traveling. This service is available for temporary absences (less than ninety (90) consecutive days) from Keystone’s Service Area.

URGENT CARE AND FOLLOW-UP CARE OUTSIDE KEYSTONE’S SERVICE AREA – THE BLUECARD PROGRAM’S URGENT AND FOLLOW-UP CARE BENEFITS

Members have access to health care services when traveling outside of Keystone’s Service Area. These services are available through the Blue Cross and Blue Shield Association’s BlueCard Program. The length of time that the Member is outside the Service Area may affect: (1) the benefits the Member receives; (2) the Member’s portion of cost-sharing; and (3) the procedures to be followed to obtain care covered under the HMO plan.

- A. Through the BlueCard Program, Members have access to Medically Necessary Urgent Care needed while traveling outside Keystone’s Service Area during a temporary absence (less than ninety (90) consecutive days). Covered Services will be provided by a contracting Blue Cross and Blue Shield Association traditional participating provider (“BlueCard Provider”). The Agreement describes the steps to follow to obtain the needed Urgent Care.

Follow-Up Care benefits under the BlueCard Program cover Medically Necessary Follow-Up Care required while you are traveling outside of Keystone’s Service Area. The care must be needed for ongoing treatment of an injury, illness, or condition that occurred while you were in Keystone’s Service Area. Follow-Up Care must be pre-arranged by your Primary Care Physician and Preapproved by Keystone prior to leaving the Service Area.

- B. Under the BlueCard Program, coverage is provided only for the specified, Preapproved service(s) authorized by your Primary Care Physician in Keystone’s Service Area and Keystone’s Care Management and Coordination Department. Follow-Up Care benefits under the BlueCard Program are available during your temporary absence (less than ninety (90) consecutive days) from Keystone’s Service Area. Covered Services will be provided by a contracting Blue Cross and Blue Shield Association traditional participating provider (“BlueCard Provider”). Follow the steps described in the Agreement to receive Covered Services for Follow-Up Care.

Out of pocket costs are limited to applicable Copayments. A claim form is not required to be submitted in order for a Member to receive benefits, provided the Member meets the requirements identified below.

Emergency Care Services: If you experience a Medical Emergency while traveling outside the Keystone Service Area, go to the nearest Emergency or Urgent Care facility.

Urgent Care Benefits When Traveling Outside Keystone's Service Area

Urgent Care benefits cover Medically Necessary treatment for any unforeseen illness or injury that requires treatment prior to when the Member returns to Keystone's Service Area. Covered Services for Urgent Care are provided by a contracting Blue Cross and Blue Shield Association traditional participating provider ("BlueCard Provider"). Coverage is for Medically Necessary services required to prevent serious deterioration of the Member's health while traveling outside Keystone's Service Area during a temporary absence (less than ninety (90) consecutive days). After that time, the Member must return to Keystone's Service Area or be disenrolled automatically from the HMO plan, unless the Member is enrolled as a Guest Member under the Guest Membership Program (see below).

Urgent Care required during a temporary absence (less than ninety (90) consecutive days) from Keystone's Service Area will be covered when:

- The Member calls 1-800-810-BLUE (TTY: 711). This number is available twenty-four (24) hours a day, seven (7) days a week. The Member will be given the names, addresses and phone numbers of three BlueCard Providers. The BlueCard Program has some international locations. When the Member calls, he or she will be asked whether he or she is inside or outside of the United States.
- The Member decides which provider he or she will visit.
- The Member must call 1-800-227-3116 (TTY: 711) to get prior authorization for the service from the HMO.
- With the HMO's approval, the Member calls the provider to schedule an appointment.
- The BlueCard Provider confirms Member eligibility.
- The Member shows his or her ID Card when seeking services from the BlueCard Provider.
- The Member pays the Copayment at the time of his or her visit.

Follow-Up Care Benefits When Traveling Outside Keystone's Service Area

Follow-Up Care benefits under the BlueCard Program cover Medically Necessary Follow-Up Care required while the Member is traveling outside of Keystone's Service Area. The care must be needed for urgent ongoing treatment of an injury, illness, or condition that occurred while the Member was in Keystone's Service Area. Follow-Up Care must be pre-arranged and Preapproved by the Member's Primary Care Physician in Keystone's Service Area prior to leaving the Service Area. Under the BlueCard Program, coverage is provided only for those specified, Preapproved service(s) authorized by the Member's Primary Care Physician in Keystone's Service Area and the HMO's Care Management and Coordination Department. Follow-Up Care benefits under the BlueCard Program are available during the Member's temporary absence (less than ninety (90) consecutive days) from Keystone's Service Area.

Follow-Up Care required during a temporary absence (less than ninety (90) consecutive days) from Keystone's Service Area will be covered when these steps are followed:

- The Member is currently receiving urgent ongoing treatment for a condition.
- The Member plans to go out of Keystone's Service Area temporarily, and his or her Primary Care Physician recommends that the Member continue treatment.
- The Primary Care Physician calls 1-800-227-3116 (TTY: 711) to get prior authorization for the service from the HMO. If a BlueCard Provider has not been pre-selected for the Follow-Up Care, the Primary Care Physician or Member will be told to call 1-800-810-BLUE. (TTY: 711)
- The Primary Care Physician or Member will be given the names, addresses and phone numbers of three BlueCard Providers.
- Upon deciding which BlueCard Provider will be visited, the Primary Care Physician or Member must inform the HMO by calling the number on the ID Card.
- The Member calls the BlueCard Provider to schedule an appointment.
- The BlueCard Provider confirms Member eligibility.

- The Member shows his or her ID Card when seeking services from the BlueCard Provider.
- The Member pays the Copayment at the time of his or her visit.

Additional Information about the BlueCard Program

Whenever you access covered healthcare services outside Keystone's Service Area and the claim is processed through the BlueCard Program, the amount you pay for covered healthcare services, if not a flat dollar copayment, is calculated based on the lower of:

- The billed covered charges for your Covered Services; or
- The negotiated price that the Host Blue makes available to Keystone.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price Keystone uses for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

CONTINUING CARE

Medically Necessary care provided by any Provider other than your Primary Care Physician will be covered, subject to Section CS – Description of Covered Services, Section EX - Exclusions, Section SC - Schedule of Cost Sharing & Limitations, and Preapproval requirements, only until you can, without medically harmful consequences, be transferred to the care of your Primary Care Physician or a Referred Specialist designated by your Primary Care Physician. To access a complete list of services that require Preapproval, log onto the HMO website at www.ibx.com/preapproval or you can call Customer Service at the phone number listed on your ID Card to have the list mailed to you.

All continuing care must be provided or Referred by your Primary Care Physician or coordinated through Customer Service.

AUTO OR WORK-RELATED ACCIDENTS

Motor Vehicle Accident

If you or a Dependent are injured in a motor vehicle accident, contact your Primary Care Physician as soon as possible.

REMEMBER: For other than direct access Emergency and Urgent Care Services, the HMO will always be secondary to your auto insurance coverage. However, in order for services to be covered by the HMO as secondary, your care must be provided or Referred by your Primary Care Physician.

Tell your Primary Care Physician that you were involved in a motor vehicle accident and the name and

address of your auto insurance company. Give this same information to any Provider to whom your Primary Care Physician refers you for treatment.

Call Customer Service as soon as possible and advise us that you have been involved in a motor vehicle accident. This information helps the HMO to coordinate your HMO benefits with coverage provided through your auto insurance company. Only services provided or Referred by your Primary Care Physician will be covered by the HMO.

Work-Related Accident

Report any work-related injury to your employer and contact your Primary Care Physician as soon as possible.

REMEMBER: The HMO will always be secondary to your Worker's Compensation coverage. However, in order for services to be covered by the HMO as secondary, your care must be provided or Referred by your Primary Care Physician.

Tell your Primary Care Physician that you were involved in a work-related accident and the name and address of your employer and any applicable information related to your employer's Worker's Compensation coverage. Give this same information to any Provider to whom your Primary Care Physician refers you for treatment.

Call Customer Service as soon as possible and advise us that you have been involved in a work-related accident. This information helps the HMO to coordinate your HMO benefits with coverage provided through your employer's Worker's Compensation coverage. Only services provided or Referred by your Primary Care Physician will be covered by the HMO.

NOTE: Because your Primary Care Physician can give advice and provide recommendations about health care services that you may need while traveling, you are encouraged to receive routine or planned care prior to leaving home.

As a Guest Member, you must select a Primary Care Physician from the Host HMO's Primary Care Physician network. In order to receive Guest Membership Benefits, the Primary Care Physician in the Host HMO Service Area must provide or arrange for all of your Covered Services while you are a Guest Member. Neither Keystone nor the Host HMO will cover services you receive as a Guest Member that are not provided or arranged by the Primary Care Physician in the Host HMO Service Area and Preapproved by the Host HMO.

Registration in the Away From Home Care Program is available only through contracting HMOs in the Blue Cross and Blue Shield Association's HMO network. Information regarding the availability of Guest Membership Benefits may be obtained from the Away From Home Care Coordinator by calling Customer Service at the telephone number shown on the ID Card.

Your HMO plan may contain other benefits that are not provided for Guest Members through the Away From Home Care Program. Benefits provided for Guest Members are in addition to benefits provided under the Keystone program. However, benefits provided under one program will not be duplicated under the other program. To receive benefits covered only by Keystone, you must contact Customer Service at the telephone number shown on your ID Card. Further information will be provided about how to access these benefits.

When the Member Does Not Use the BlueCard or Guest Membership Programs

If a Member has Out-of-Area Urgent Care or Emergency Services not provided as described above and provided by a Non-Participating Provider the Member should ask the Provider to submit the bill to the HMO. The Member should show his or her ID Card to the Provider for necessary information about the HMO plan. For direct billing, the Member should have the Provider mail the bill. If direct billing cannot be arranged, the Member should send the HMO a letter explaining the reason care was needed and an original itemized bill to:

**Keystone Health Plan East
P.O. Box 898815
Camp Hill, PA 17089-8815**

NOTE: Non-Participating Providers for Emergency and Out-of-Area Urgent Care Services will be covered at the Tier 3 level of benefits. It is your responsibility to forward to Keystone any bill you receive for Emergency Services or Out-of-Area Urgent Care provided by a Non-Participating Provider.

SECTION APP – COMPLAINT AND GRIEVANCE APPEAL PROCESS®

GENERAL INFORMATION ABOUT THE APPEAL PROCESSES

The HMO maintains a Complaint appeal process and a Grievance appeal process for its Members. Each process provides formal review for a Member's dissatisfaction with a denial of coverage or other issues related to his/her health plan underwritten by the HMO.

The Complaint appeal process and the Grievance appeal process focus on different issues and have other differences. **Please refer to the separate sections below entitled Member Complaint Appeal Process and Member Grievance Appeal Process for specific information on each process.**

However, the Complaint appeal process and Grievance appeal process also have some common features. To understand how to pursue a Member appeal, you should also review the background information outlined here that applies to both the Complaint appeal process and the Grievance appeal process.

- **Authorizing Someone To Represent You.** At any time, you may choose a third party to be your representative in your Member appeal such as a provider, lawyer, relative, friend, another individual, or a person who is part of an organization. The law states that your written authorization or consent is required in order for this third party—called an “appeal representative” or “authorized representative”—to pursue an appeal on your behalf. An appeal representative may make all decisions regarding your appeal, provide and obtain correspondence, and authorize the release of medical records and any other information related to your appeal. In addition, if you choose to authorize an appeal representative, you have the right to limit their authority to release and receive your medical records or other appeal information in any other way you identify.

In order to authorize someone to be your appeal representative, you must complete valid authorization forms. The required forms are sent to adult Members or to the parents, guardians or other legal representatives of minor or incompetent Members who appeal and indicate that they want an appeal representative. Authorization forms can be obtained by calling or writing to the address listed below:

Member Appeals Department
P.O. Box 41820
Philadelphia, PA 19101-1820
Toll Free: 1-888-671-5276 (TTY: 711)
Fax: 1-888-671-5274

Except in the case of an expedited appeal, the HMO must receive completed, valid authorization forms before your appeal can be processed. (For information on expedited appeals, see the definition below and the references in the Member Complaint Appeal Process and Member Grievance Appeal Process sections below.) You have the right to withdraw or rescind authorization of an appeal representative at any time during the process.

If your Provider files an appeal on your behalf, the HMO will verify that the Provider is acting as your appeal representative with your permission by obtaining valid authorization forms. A Member who authorizes the filing of an appeal by a Provider cannot file a separate appeal.

Information for the Appeal Review:

- **How to File and Get Assistance** - Appeals may be submitted by you or your appeal representative with your authorization by following the steps outlined below in the descriptions of

the Member Complaint Appeal Process and Member Grievance Appeal Process. At any time during these appeal processes, you may request the help of an HMO employee in preparing or presenting your appeal; this assistance will be available at no charge. Please note that the HMO employee designated to assist you will not have participated in the previous decision to deny coverage for the issue in dispute and will not be a subordinate of the original reviewer.

- **Full and Fair Review** - The Member or designee is entitled to a full and fair review. Specifically, at all appeal levels the designee may submit additional information pertaining to the case, to the HMO. The Member or designee may specify the remedy or corrective action being sought. At the Member's request, the HMO will provide access to and copies of all relevant documents, records, and other information that are not confidential, proprietary, or privileged. The HMO will automatically provide the Member or designee with any new or additional evidence considered, relied upon, or generated by the plan in connection with the appeal, which is used to formulate the rationale. Such evidence is provided as soon as possible and in advance of the date the adverse notification is issued. This information is provided to the Member or designee at no charge.
- **Advanced Notice** - The HMO will not terminate or reduce an on-going course of treatment without providing the Member or designee with advance notice and the opportunity for advanced review.
- **Urgent Care** - An urgent expedited appeal is any appeal for medical care or treatment with respect to which the application of the time periods for making non-urgent determinations could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, or in the opinion of a Physician with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the appeal. Members with Urgent Care conditions or who are receiving an on-going course of treatment may proceed with an expedited external review at the same time as the internal expedited appeals process.
- **Changes in Your Appeals Processes** - Please note that the Members appeal processes described here may change at any time due to changes in the applicable state and federal laws and regulations and/or accreditation standards, to improve or facilitate the Member appeals process, or to reflect other decisions regarding the administration of Members appeal processes for this HMO Program.
- **Appeal Decision Letters** - If the Member's appeal request is not granted in full, the letter states the reason(s) for the decision. If a benefit provision, internal, rule, guideline, protocol, or other similar criterion is used in making the determination, the Member may request copies of this information at no charge. If the decision is to uphold the denial, there is an explanation of the scientific or clinical judgment for the determination. The letter also indicates the qualifications of the individual who decided the appeal and their understanding of the nature of the appeal. The Member or designee may request in writing, at no charge, the name of the individual who participated in the decision to uphold the denial.
- **Appeal Classifications.** The two classifications of appeals - Complaints and Grievances - established by Pennsylvania state laws and regulations are described in detail in separate sections below. A Grievance appeal may be filed when the denial of a covered service is based primarily on Medical Necessity. A Complaint appeal may be filed to challenge a denial based on a contract limitation or to complain about other aspects of health plan policies or operations.

You may question the classification of your appeal as a Complaint or Grievance by contacting the HMO's Member Appeals Department or your assigned appeals specialist at the address and telephone number shown above or by contacting the Pennsylvania Department of Health or the Pennsylvania Insurance Department at:

**Pennsylvania Department of Health
Bureau of Managed Care
Room 912, Health and Welfare Bldg.
625 Forster Street
Harrisburg, PA 17120-0701
1-717-787-5193 (TTY: 711)
Fax: 1-717-705-0947**

**Pennsylvania Insurance Department
Bureau of Consumer Services
1209 Strawberry Square
Harrisburg, PA 17120
1-877-881-6388 (TTY: 711)
Fax: 1-717-787-8585**

Appeals are also subject to the following classifications that affect the time available to conduct the appeal review:

A **pre-service** appeal is any appeal for benefits with a coverage requirement that Preapproval or precertification by the HMO must be obtained before medical care and services are received. For issues pertaining to medical judgment, a maximum of **thirty (30) days** is available for the one internal standard pre-service appeal.

A **post-service** appeal includes any appeal regarding benefits for medical care or services that a Member has already received. A maximum of **sixty (60) days** is available for the one internal level of appeal available for issues pertaining to medical judgment or rescissions of coverage. For all Complaints, a maximum of **thirty (30) days** is available for each of the two (2) levels of internal review available for a standard post-service Complaint.

A maximum of **forty-eight (48) hours** is available for internal review of an urgent/expedited appeal.

MEMBER COMPLAINT APPEAL PROCESS

Informal Member Complaint Process

The HMO will make every attempt to answer any questions or resolve any concerns you have related to benefits or services.

**Manager of Customer Service
Keystone Health Plan East, Inc.
P.O. Box 8339
Philadelphia, PA 19101-8339**

Most Member concerns are resolved informally at this stage. If the HMO cannot immediately resolve your concern, we will acknowledge it in writing within **five (5) business days** of receiving it. If you are not satisfied with the response to your concern from the HMO, you have the right to file a formal Complaint appeal within **one hundred eighty (180) calendar days**, through the **Formal Member Complaint Appeal Process** described below.

Formal Member Complaint Appeal Process

You may file a formal Complaint appeal regarding an unresolved dispute or objection regarding coverage, including this HMO program's exclusions and non-covered services, coverage limitations, participating or Non-Participating Provider status, cost sharing requirements, and rescission of coverage (except for failure to pay premiums or coverage contributions), or the operations or management policies of the HMO. The Complaint process consists of two (2) internal levels of review by the HMO, and one external level of review by the Pennsylvania Department of Health or the Pennsylvania Insurance Department. There is also an internal expedited Complaint appeal process in

the event your condition involves an urgent issue.

Internal Complaint Appeals

Standard Internal First Level Complaint Appeal

You may file a formal, first level standard Complaint appeal within **one hundred eighty (180) calendar days** from either your receipt of the original notice of denial from the HMO or completion of the **Informal Member Complaint Appeal Process** described above. To file a first level standard Complaint appeal, call Customer Service toll free at the telephone number listed on your ID Card, or call, write or fax the Member Appeals Department as follows:

Member Appeals Department
P.O. Box 41820
Philadelphia, PA 19101-1820
Toll Free: 1-888-671-5276 (TTY: 711)
Fax: 1-888-671-5274

The HMO will acknowledge receipt of your Complaint appeal in writing within **five (5) business days** of receipt of the request.

The First Level Complaint Committee will complete its review of your standard Complaint appeal within: (1) **fifteen (15) calendar days** from receipt of a pre-service appeal; and, (2) **thirty (30) calendar days** from receipt of a post-service appeal.

The First Level Complaint Committee is composed of one (1) HMO employee who has had no previous involvement with your case and who is not subordinate to the person who made the original determination. You will be sent their decision in writing within the timeframes noted above. If your Complaint appeal is denied, the decision letter states: (1) the specific reason for the decision; (2) this HMO Program's provision on which the decision is made and instructions on how to access the provision; and, (3) how to appeal to the next level if you are not satisfied with the decision.

Standard Internal Second Level Complaint Appeal

If you are not satisfied with the decision from your first level Complaint, you may file a second level Complaint appeal to the Second Level Complaint Committee within sixty (60) calendar days of your receipt of the First Level Complaint Committee's decision from the HMO. To file a second level Complaint appeal, call, write or fax the Member Appeals Department at the address and telephone numbers listed above.

You have the right to present your Complaint appeal to the committee in person or by way of a conference call. Your appeal can also be presented by your Provider or another appeal representative if your authorization is obtained. (See **General Information about the Appeal Processes** above for information about authorizations.) The HMO will attempt to contact you to schedule the Second Level Complaint Committee meeting for your standard Complaint appeal.

Upon receipt of your appeal, you will be notified in writing, when possible, **fifteen (15) calendar days** in advance of a date and time scheduled for the Second Level Complaint Committee's meeting. You may request a change in the meeting schedule. We will do our best to accommodate your request while remaining within the established timeframes. If you do not participate in the meeting, the Second Level Complaint Committee will review your Complaint appeal and make its decision based on all available information.

The Second Level Complaint Committee meets and renders a decision on your standard Complaint

appeal within: (1) fifteen (15) calendar days from receipt of a pre-service appeal; and, (2) thirty (30) calendar days from receipt of a post-service appeal.

The Second Level Complaint Committee is composed of at least three (3) persons who have had no previous involvement with your case and who are not subordinates of the person who made the original determination. The Second Level Complaint Committee members will include the HMO's staff, with one third of the committee being Members or other persons who are not employed by the HMO. You may submit supporting materials both before and at the appeal meeting. Additionally, you have the right to review all information considered by the committee that is not confidential, proprietary or privileged.

The Second Level Complaint Committee meeting is a forum where Members have an opportunity to present their issues in an informal setting that is not open to the public. Two other persons may accompany you unless you receive prior approval from the HMO for additional assistance due to special circumstances. Members of the press may only participate in their personal capacity as your appeal representative or to provide general, personal assistance. Members or their representatives and others assisting the Member, may not audiotape or videotape the committee proceedings.

You will be sent the decision letter of the Second Level Complaint Committee on your standard Complaint appeal within the timeframes noted above. The decision is final unless you choose to appeal to the Pennsylvania Insurance Department or Department of Health as described in the decision letter. (See also **External Complaint Appeals** below.)

Standard Internal Expedited Complaint Appeals

If your case involves an urgent issue, then you or your Physician may ask to have your case reviewed in a faster manner, as an internal expedited Complaint. There is only one internal level of appeal review for an expedited Complaint appeal.

Members with Urgent Care conditions or who are receiving an on-going course of treatment may proceed with an expedited external review at the same time as the internal expedited appeals process.

To request an internal expedited Complaint appeal, call Customer Service at the toll free telephone number listed on your ID Card or call or fax the Member Appeals Department at the address or telephone numbers listed above. The HMO will promptly inform you whether your appeal request qualifies for expedited review or instead will be processed as a standard Complaint appeal. The expedited Complaint committee has the same composition as a second level Complaint committee for a standard Complaint appeal—three (3) persons who have had no previous involvement with your case and who are not subordinates of the person who made the original determination. The committee members include the HMO's staff, with one third of the committee being Members or other persons who are not employed by the HMO.

You have the right to present your expedited Complaint to the committee in person or by way of a conference call. Your appeal can also be presented by your Provider or representative if your authorization is obtained. (See **General Information About The Appeal Processes** above for information about authorizations.) If you do not participate in the meeting, the Expedited Complaint Committee will review your Complaint appeal and make its decision based on all available information.

The expedited Complaint committee meeting is a forum where Members have an opportunity to present their issues in an informal setting that is not open to the public. Two other persons may accompany you unless you receive prior approval from the HMO for additional assistance due to special circumstances. Members of the press may only participate in their personal capacity as your appeal representative or to provide general, personal assistance. Members, their representatives and others assisting the Member may not audiotape or videotape the committee proceedings.

This HMO Program conducts an expedited internal review and issues a decision to you and your practitioner/Provider within **forty-eight (48) hours** of the date this HMO Program received the appeal. The notification includes the basis for the decision, and the procedure for obtaining an expedited external review.

The decision is final unless you choose to appeal to the Pennsylvania Insurance Department or the Pennsylvania Department of Health as described in the decision letter. (See also “External Complaint Appeals” below.)

External Complaint Reviews

Standard External and Expedited Complaint Reviews

If you are not satisfied with the decision of the internal Second Level Complaint Committee or Expedited Complaint Committee, you have the right to an external appeal. Your external Complaint appeal is to be filed within **fifteen (15) calendar days** of your receipt of the decision letter for a second level standard Complaint appeal and within **two business days** of your receipt of the decision letter for an expedited Complaint appeal. Your request for an external Complaint appeal review is to be filed in writing to the Pennsylvania Insurance Department (PID) or Pennsylvania Department of Health (DOH) at the addresses noted below:

**Pennsylvania Department of Health
Bureau of Managed Care
Room 912, Health and Welfare Bldg.
625 Forster Street
Harrisburg, PA 17120-0701
1-717-787-5193 (TTY: 711)
Fax: 1-717-705-0947**

**Pennsylvania Insurance Department
Bureau of Consumer Services
1209 Strawberry Square
Harrisburg, PA 17120
1-877-881-6388 (TTY: 711)
Fax: 1-717-787-8585**

Your request for an external review of a standard or expedited Complaint appeal should include your name, address, daytime telephone number, the name of the HMO as your managed care plan, the group number, your HMO ID number and a brief description of the issue being appealed. Also include a copy of your original request for an internal second level standard or expedited Complaint appeal review to the HMO and copies of any correspondence and decision letters from the HMO.

When a standard external or expedited Complaint review request is submitted to the PID or DOH, the original submission date of the request is considered the date of receipt. The regulatory agency that receives the request will review it and transfer it to the other agency if this is found to be appropriate. The regulatory agency that handles your external Complaint review will provide you and the HMO with a copy of the final determination of its decision.

GRIEVANCE/RECISSIONS of COVERAGE APPEAL PROCESS

Formal Member Grievance Appeal Process for Decisions Based On Medical Necessity or Rescissions of Coverage

Members may file a formal Grievance/appeal of a decision by the HMO regarding a Covered Service that was denied or limited based primarily on Medical Necessity, the cosmetic or Experimental/Investigative exclusions, or other grounds that rely on a medical or clinical judgment, and for issues pertaining to rescissions of coverage.

This appeal process consists of one (1) internal review by the HMO and an external review for decisions based on medical judgment or rescissions of coverage (except for non-payment of premiums) and is via the federally administered private accredited Independent Review Organization (IRO)

process as required by Health Care Reform.

There is also an internal and external expedited Grievance/appeal process in the event your condition involves an urgent issue.

Internal Grievance Appeals

Internal First Level Standard Grievance/Appeals

You may file a first level standard Grievance/appeal within one hundred eighty (180) calendar days from the date of receipt of the original denial by the HMO. To do so, call Customer Service at the toll free telephone number listed on your ID Card, or call, write or fax the Member Appeals Department as follows:

**Member Appeals Department
P.O. Box 41820
Philadelphia, PA 19101-1820
Toll Free: 1-888-671-5276 (TTY: 711)
Fax: 1-888-671-5274**

The HMO will acknowledge receipt of your Grievance/appeal in writing within **five (5) business days** of receipt of the request.

Your one level of internal appeal is reviewed by a committee for which a plan medical director is the decision-maker. This individual has had no previous involvement in the case, is not a subordinate of the person who made the original determination, and holds an active unrestricted license to practice medicine. Additionally, the plan medical director is a matched specialist or the decision-maker receives input from a consultant who is a matched specialist. A matched specialist or "same or similar specialty Physician" is a licensed Physician or Psychologist who: is in the same or similar specialty as typically manages the care under review.

If the matched specialist Physician is a consultant, his or her opinion on the Grievance appeal issues will be reported to the HMO in writing for consideration by the committee. You may request a copy of the matched specialist's opinion in writing, and when possible it will be provided to you **at least seven (7) calendar days** prior to the date of review by the first level Grievance committee. The matched specialist's report includes his or her credentials as a licensed Physician or Psychologist such as board certification.

The appeal committee completes its review of your standard appeal within: **thirty (30) calendar days** from receipt of a pre-service appeal; and, (2) **sixty (60) calendar days** from receipt of a post-service appeal.

You will be sent the committee's decision on your internal appeal in writing within the timeframes noted above. If your Grievance appeal is denied, the decision letter states: (1) the specific reason for the denial; (2) this HMO program's provision on which the decision is made and instructions on how to access the provision; and, (3) how to appeal to the external review if you are not satisfied with the decision.

Internal Expedited Grievance Appeals

If your case involves an urgent medical condition, then you or your Physician may ask to have your case reviewed in a faster manner, as an expedited Grievance. There is only one internal level of appeal review for an expedited Grievance appeal.

Members with Urgent Care conditions or who are receiving an on-going course of treatment may proceed with an expedited external review at the same time as the internal expedited appeals process.

To request an internal expedited Grievance review by the HMO, call Customer Service at the toll free telephone number listed on your ID Card, or call, or fax the Member Appeals Department at the telephone numbers listed above. The HMO will promptly inform you whether your appeal request qualifies for expedited review or instead will be processed as a standard Grievance appeal.

The Expedited Grievance Committee has the same composition as a Second Level Grievance Committee for a standard Grievance appeal.

You have the right to present your expedited Grievance to the committee in person or by way of a conference call. Your appeal can also be presented by your Provider or another appeal representative if your authorization is obtained. (See **General Information About The Appeal Processes** above for information about authorizations.) If you do not participate in the meeting, the Expedited Grievance Committee will review your Grievance appeal and make its decision based on all available information.

The Expedited Grievance Committee meeting is a forum where Members have an opportunity to present their issues in an informal setting that is not open to the public. Two other persons may accompany you unless you receive prior approval from the HMO for additional assistance due to special circumstances. Members of the press may only participate in their personal capacity as your appeal representative or to provide general, personal assistance. Member appeal representatives and others assisting the Member may not audiotape or videotape the committee proceedings.

The expedited Grievance review is completed promptly based on your health condition. This HMO program conducts an expedited internal review and issues a decision to the Member and practitioner/Provider within **forty-eight (48) hours** of the date this HMO program received the appeal. The notification includes the basis for the decision, including any clinical rationale, and the procedure for obtaining an expedited external review.

External Grievance Appeal Reviews

Issues involving medical judgment (Grievance) or a rescission of coverage (except for non-payment of premiums) are coordinated by the plan in full compliance with the federally administered private accredited Independent Review Organization (IRO) process as required by Health Care Reform. The two types of external Grievance appeals—standard and expedited—are described below. Members are not required to pay any of the costs associated with the external standard or expedited Grievance appeal review.

Standard External Review Process

The Member/designee may request an external review of a Grievance/rescission of coverage by calling or writing to the plan within one hundred and twenty (120) calendar days of receipt of the internal appeal decision letter.

The Member/designee is sent written confirmation of receipt of his/her external review request from the plan within five (5) business days of receipt of the request. This confirmation includes the name and contact information for the plan staff person assigned to facilitate the processing of the Member's external review and information on the IRO assignment. Information on the IRO assignment identifies the assigned IRO by name and states the qualifications of the individual who reviews the appeal.

Whenever possible, the IRO assigned to the external review request is a different organization than the one that supplied the same/or similar specialty review for the internal appeal process. The individual appointed by the IRO to review the Member's external review has not been previously involved in any

aspect of decision-making on the appeal, nor are they a subordinate of any previous decision-maker.

The IRO has no direct or indirect professional, familial or financial conflicts of interest with the plan, with the Member, or the designee. The plan's arrangements for assignment of an IRO and payment for the services of an IRO do not constitute a conflict of interest. When a conflict of interest is raised or another material objection is recognized, the plan assigns a new IRO and/or requires the assigned IRO to appoint a new reviewer. This reviewer is not the same person who served as a matched specialist for the internal appeal process, nor a subordinate of that person. If the Member/designee feels that a conflict exists, he/she should call or write the contact person listed on the acknowledgement letter from the plan no later than two (2) business days from receipt of the acknowledgment letter from the plan.

The plan sends the Member/designee and the IRO a letter listing all documents forwarded to the IRO. These documents include copies of all information submitted for the internal appeal process, as well as any additional information that the Member/designee or the plan may submit. If the Member wishes to submit additional information for consideration by the IRO, he should do so within ten (10) calendar days of the Member's request for an external review.

The plan does not interfere with the IRO's proceedings or appeals decisions. The IRO conducts a thorough review in which it considers all previously determined facts, allows the introduction of new information, considers and assesses sound medical evidence, and makes a decision that is not bound by the decisions or conclusions of the internal appeal process.

The IRO makes its final decision within forty five (45) calendar days of receipt of the Member's request by the plan and simultaneously issues its decision in writing to the Member or designee and to the plan. The established deadline for a decision from the IRO may only be exceeded for good cause when a reasonable delay for a specific period is acceptable to the Member or designee. If the decision of the IRO is that the services are covered, the plan authorizes the service and/or pays the claims. The Member/designee is notified in writing of the time frame and procedure for claim payment or approval of the service in the event of an overturn of the plan's earlier determination. The plan implements the IRO's decision within the time period, if any, specified by the IRO.

The external decision is binding on the plan.

Urgent External Expedited Review Process

The Member/designee may request an urgent external medical judgment/Grievance or rescission of coverage review for urgent/expedited situations through an IRO. The Member or designee is not required to pay any of the costs associated with the external review.

With the exception of time frames, the urgent/expedited external review mirrors the process described above under the external standard review.

Within twenty-four (24) hours of receipt of the Member's request for an urgent/expedited review, the plan confirms the request and faxes the request to the assigned IRO. During this time, the plan also forwards to the IRO, by secure electronic transmission or overnight delivery, all information submitted in the internal appeal process and any additional information that the Member, designee, or the plan wishes to submit to the IRO.

The IRO makes a decision and simultaneously notifies the Member/designee and the plan in writing within seventy two (72) hours of receipt of all relevant documentation. The decision letter identifies the assigned IRO by name and states the qualifications of the individual that the IRO appoints to review the external review.

If the decision of the IRO is that the services are eligible, the plan authorizes the service and/or pays

the claims. The Member is notified in writing of the time frame and procedure for claim payment and/or approval of the service in the event of an overturn of the plan's earlier determination. The plan implements the IRO's decision within the time period, if any, specified by the IRO.

The external decision is binding on the plan.

If your health plan is subject to the requirements of the Employee Retirement Income Security Act (ERISA), following your appeal you may have the right to bring civil action under Section 502(a) of the Act. For questions about your rights, this notice, or for assistance, you can contact the Employee Benefits Security Administration at 1-866-444-EBSA (TTY: 711). If your Carrier fails to "strictly adhere" to the internal appeals process, you may initiate an external review or file appropriate legal action under state law or ERISA unless:

- Violation was de minimis (minimal).
- Did not cause (or likely to cause) prejudice or harm to the claimant.
- Was for good cause or due to matters beyond the control of the insurer/plan.
- In the context of a good faith exchange of information with the claimant.
- Not part of a pattern or practice of violations.

SECTION COB – COORDINATION OF BENEFITS

All benefits, except the Vision Care and Pediatric Dental Services benefits, provided under this Agreement are subject to this provision, and will not be increased by virtue of this provision.

If you or any of your Dependents have other health insurance coverage which provides benefits for Hospital, medical, or other health expenses, your benefit payments may be subject to Coordination of Benefits (COB). COB refers to the administration of health benefit coverage when a person is covered by more than one plan. COB provisions:

- A. Determine which health plan will be the primary payor and which will be the secondary payor;
- B. Regulate benefit payments so that total payments by all insurers do not exceed total charges for Covered Services;
- C. Apply to all your benefits, however, the HMO will provide access to Covered Services first and apply the applicable COB rules later;
- D. Allow the HMO to recover any expenses paid in excess of its obligation as a non-primary payor; and
- E. Apply to services for the treatment of injury resulting from the maintenance or use of a motor vehicle.

COORDINATION OF BENEFITS ADMINISTRATION

- A. **With Other Health Care Plans**
Except as otherwise stated, all benefits in the Agreement are subject to the following provisions of this paragraph. The HMO will provide access to Covered Services first and determine liability later.

1. Definitions

In addition to the terms defined in Section DE – Definitions, the following definitions apply to this subsection:

- a. "Other Contract" means any individual coverage or group arrangement providing health care benefits or services through:
 - (i) group blanket or franchise insurance coverage, except that it shall not mean any blanket school/student accident coverage or a hospital indemnity plan of one hundred dollars (\$100) per day or less.
 - (ii) Blue Cross, Blue Shield, group or individual practice plan, health maintenance organization and other prepayment coverage;
 - (iii) Coverage under labor-management trustee plans, union welfare plans, employer organizations plans, or employee benefit organization plans; and
 - (iv) Coverage under any tax supported or government program to the extent permitted by law.

"Other Contract" shall be applied separately with respect to each arrangement for benefits or services and separately with respect to that portion of any arrangement which reserves the right to take the benefits or services of Other Contracts into consideration in determining its benefits and that portion which does not.

- b. "Allowable Benefit" as used in this subsection, means the total charge for a service or supply specified in this Agreement for which benefits will be provided, to the extent that such service or supply is covered by this and/or the Other Contract.

When benefits are provided in the form of services, the reasonable cash value of each

service shall be deemed the benefit.

When benefits are reduced under the Primary Contract because a Member does not comply with the plan provisions, the amount of such reduction will not be considered an Allowable Benefit.

- c. "Dependent" means, for any Other Contract, any person who qualifies as a Dependent under that Other Contract.
 - d. "Primary/Secondary Contract" means the order of benefit determination rules state whether this Agreement is a Primary Contract or Secondary Contract.
 - (i) When this Agreement is a Primary Contract, its benefits are determined before those of the Other Contract and without considering the Other Contract's benefits.
 - (ii) When this Agreement is a Secondary Contract, its benefits are determined after those of the Other Contract and may be reduced because of the Other Contracts' benefits.
 - (iii) When there are more than two Other Contracts covering the person, this Agreement may be a Primary Contract as to one or more Other Contracts, and may be a Secondary Contract as to a different contract or contracts.
2. Effects on Benefits
- a. This subsection shall apply in determining the benefits of this Agreement if, for the Covered Services received, the sum of the benefits payable under this Agreement and the benefits payable under Other Contracts would exceed the total Allowable Benefits.
 - b. Except as provided in item (c) of this subparagraph, the benefits payable under this Agreement for Covered Services received will be reduced so that the sum of the reduced benefits and the benefits payable for Covered Services under Other Contracts would not exceed the total Allowable Benefits. Benefits payable under Other Contracts include the benefits that would have been payable had claim been made.
 - c. If,
 - (i) an Other Contract contains a provision coordinating its benefits with those of this agreement and its rules require the benefits of this Agreement to be determined first, and
 - (ii) the rules set forth in Subparagraph (d), below, require the benefits of this Agreement to be determined first, then the benefits of the Other Contract will be disregarded in determining the benefits under this Agreement.
 - d. This Agreement determines its order of benefits using the first of the following rules which applies
 - (i) The benefits of a contract which covers the person as other than a Dependent shall be determined first (Primary Contract).
 - (ii) In the case of a Dependent child, the following rules apply:
 - (aa) **Dependent Child/Parents Not Separated or Divorced.** Except as stated in Items (bb) and (cc), when this Agreement and an Other Contract cover the same child as a Dependent of different persons, called parents:
 - the benefits of the contract of the parent whose birthday (excluding year of birth) falls earlier in a year shall be determined before those of the contract the parent whose birthday falls later in that year; but,
 - if both parents have the same birthday, the benefits of the contract which covered the parent longer are determined before those of the contract which

covered the other parent for a shorter period of time.

However, if the Other Contract does not have the rule described in item (aa) above, but instead has a rule based upon the gender of the parent, and if, as a result, the contracts do not agree on the order of benefits, the rule in the Other Contract will determine the order of benefits.

- (bb) **Dependent Child/Separated or Divorced Parents.** If two (2) or more contracts cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:
- first, the contract of the parent with custody of the child;
 - then, the contract of the spouse of the parent with custody of the child;
 - finally, the contract of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the contract of that parent has actual knowledge of those terms, the benefits of that contract are determined first (Primary Contract). This paragraph does not apply to any claim determination period during which any benefits are actually paid or provided before the entity has that actual knowledge.

- (cc) if the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the contracts covering the child shall follow the order of benefit determination rules outlined in subparagraph (d)(ii)(aa), Dependent Child/Parents Not Separated or Divorced.

- (iii) When rules in items (i) and (ii) above do not establish an order of benefit determination, the benefits of the contract which has covered the person for the longest period of time shall be determined first (Primary Contract) provided that:
- (aa) the benefits of the contract covering the person as an employee who is neither laid-off nor retired, or as a Dependent of such person, are determined before the benefits of the contract covering the person as a laid-off or retired employee or as a Dependent of such person.
- (bb) if the Other Contract does not have this rule, and if, as a result, the contracts do not agree on the order of benefits, then this rule is disregarded.

- e. If an Other Contract does not contain provisions establishing the same order of benefit determination rules, the benefits under that contract/agreement will be determined before the benefits under this Agreement. This Agreement will be the Secondary Contract.

3. Facility of Payment

Whenever payments should have been made under this Agreement in accordance with this subsection, but the payments have been made under any Other Contract, the HMO has the right to pay to any organization that has made such payments any amounts it determines to be warranted to satisfy the intent of this subsection. Amounts so paid shall be deemed to be benefits paid under this Agreement and, to the extent of the payments for Covered Services, the HMO shall be fully discharged from liability under this Agreement.

4. Right of Recovery

- a. Whenever payments have been made by the HMO for Covered Services in excess of the maximum amount of payment necessary at that time to satisfy the intent of this Subsection, irrespective of to whom paid, the HMO shall have the right to recover the excess from among the following, as the HMO shall determine: any person to or for whom such payments were made, any insurance company, or any other organization.
- b. The Member shall, upon reasonable request, execute and deliver such documents as may be required and do whatever else is reasonably necessary to secure the HMO's right to recover the excess payments.

5. Determination of Other Contracts

The HMO shall not be required to determine the existence of any Other Contract or amount of benefits payable under any Other Contract except this Agreement, and the payment of benefits under this Agreement shall be affected by the benefits payable under any and all Other Contracts only to the extent that the HMO is furnished with information relative to such Other Contract by the Member, or any other insurance company or organization or person.

B. Worker's Compensation

The benefits under this Agreement for Members eligible for Worker's Compensation are not designed to duplicate any benefit to which such Members are eligible under the Worker's Compensation Law. All sums payable pursuant to Worker's Compensation for services provided hereunder to Members are payable to and retained by the HMO. It is understood that coverage hereunder is not in lieu of, and shall not affect, any requirements for coverage under Worker's Compensation.

C. Medicare

Except as otherwise provided by applicable federal law, the benefits under this Agreement for Members age sixty-five (65) and older, or Members otherwise eligible for Medicare payments, do not duplicate any benefit to which such Members are eligible under the Medicare Act, including Part B of such Act. For working Members over age sixty five (65), primacy will be determined in accordance with TEFRA or existing regulations regarding Medicare reimbursement.

D. Member's Cooperation

Each Member shall complete and submit to the HMO such consents, releases, assignments and other documents as may be required by the HMO in order to determine the HMO's liability and to obtain or assure reimbursement under any other health plan, including Medicare or Worker's Compensation. Any Member who fails to so cooperate (including a Member who fails to enroll under Part B of the Medicare program where Medicare is the responsible primary payor) will be responsible for charges incurred for services rendered.

SUBROGATION AND REIMBURSEMENT RIGHTS

By accepting benefits for Covered Services, you agree that the HMO has the right to enforce subrogation and reimbursement rights in accordance with applicable state and federal law. The term Responsible Third Party refers to any person or entity, including any insurance company, health benefits plan or other third party, that has an obligation (whether by contract, common law or otherwise) to pay damages, pay compensation, provide benefits or make any type of payment to you for an injury or illness.

Subrogation Rights

Subrogation rights arise when the HMO pays benefits on behalf of a Member and the Member has a right to receive damages, compensation, benefits or payments of any kind (whether by a court

judgment, settlement or otherwise) from a Responsible Third Party. The HMO is subrogated to the Member's right to recover from the Responsible Third Party. This means that the HMO "stands in your shoes" – and assumes your right to pursue and receive the damages, compensation, benefits or payments from the Responsible Third Party to the full extent that the HMO has reimbursed you for medical expenses or paid medical expenses on your behalf. The right to pursue a subrogation claim is not contingent upon whether or not you pursue the Responsible Third Party for any recovery.

Reimbursement Rights

If a Member obtains any recovery — regardless of how it's described or structured — from a Responsible Third Party, the Member must fully reimburse the HMO for all medical expenses that were paid to the Member or on the Member's behalf out of the amounts recovered from the Responsible Third Party. The HMO has a right to full reimbursement. . By accepting benefits for Covered Services from the Carrier, you agree to a first priority equitable lien by agreement on any payment, reimbursement, settlement or judgment received by you, or anyone acting on your behalf, from any Responsible Third Party.

- These subrogation and reimbursement rights apply regardless of whether money is received through a court decision, settlement, or any other type of resolution.
- These subrogation and reimbursement rights apply even if the recovery is designated or described as covering damages other than medical expenses (such as property damage or pain and suffering).
- These subrogation and reimbursement rights apply with respect to any recoveries made by the Member, including amounts recovered under an uninsured or underinsured motorist policy.
- The HMO is entitled to recover the full amount of the benefits paid to the Member or on the Member's behalf out of amounts recovered from a Responsible Third Party without regard to whether the Member has been made whole or received full compensation for other damages (including property damage or pain and suffering). The recovery rights of the HMO will not be reduced by the "made whole" doctrine or "double recovery" doctrine.
- The HMO will not pay, offset any recovery, or in any way be responsible for attorneys' fees or costs associated with pursuing a claim against a Responsible Third Party unless the HMO agrees to do so in writing. The recovery rights of the HMO will not be reduced by the "common fund" doctrine.
- In addition to any Coordination of Benefits rules described in this Agreement, the benefits paid by the HMO will be secondary to any no-fault auto insurance benefits and to any worker's compensation benefits (no matter how any settlement or award is characterized) to the fullest extent permitted by law.
- These subrogation and reimbursement rights apply and will not be decreased, restricted, or eliminated in any way if the Member receives or has the right to recover no-fault insurance benefits. All rights under this section are enforceable against the heirs, estate, legal guardians or legal representatives of the Member.
- The HMO is entitled to recover the full amount of the medical benefits paid without regard to any claim of fault on your part.

Obligations of Member

- Immediately notify the HMO or its designee in writing if you assert a claim against a Responsible Third Party, whether informally or through judicial or administrative proceedings.
- Immediately notify the HMO or its designee in writing whenever a Responsible Third Party contacts you or your representative - or you or your representative contact a Responsible Third Party - to discuss a potential settlement or resolution.
- Refuse any offer to settle, adjust or resolve a claim for damages, benefits or compensation that involves an injury, illness or medical expenses in any way, unless and until you receive written authorization from the HMO or its delegated representative.

- Fully cooperate with the HMO and its designated representative, as needed, to allow for the enforcement of these subrogation and reimbursement rights and promptly supply information/documentation when requested and promptly execute any and all forms/documents that may be needed.
- Avoid taking any action that may prejudice or harm the HMO's ability to enforce these subrogation and reimbursement rights to the fullest extent possible.
- Fully reimburse the HMO or its designated representative immediately out of amounts received from a Responsible Third Party (whether the funds are received by court judgment, settlement or otherwise).
- Serve as trustee for any and all monies paid to (or payable to) you or for your benefit by any Responsible Third Party to the full extent the HMO paid benefits for an injury or illness.
- All of these Obligations apply to the heirs, estate, legal guardians or legal representatives of the Member.

SECTION CPN - CONVERSION

For Members currently enrolled under a family Agreement, this conversion privilege is available to the surviving Dependents in the event of the Subscriber's death, to a spouse when divorced from the Subscriber, and to a child who ceases to be an eligible Dependent due to attaining the Dependent Limiting Age for Dependents.

If a Member becomes eligible for Medicare Part A and Part B, the Member shall have the right at that time to convert to such program as may then be available in conjunction with the governmental programs.

SECTION PR – ADDITIONAL INFORMATION ABOUT HOW WE REIMBURSE PROVIDERS

Our HMO reimbursement programs for health care Providers are intended to encourage the provision of quality, cost-effective care for our Members. Set forth below is a general description of our HMO reimbursement programs, by type of participating health care Provider. These programs vary by state. Please note that these programs may change from time to time, and the arrangements with particular Providers may be modified as new contracts are negotiated. If after reading this material you have any questions about how your health care Provider is compensated, please speak with them directly or contact us.

Professional Providers:

Primary Care Physicians: Most Primary Care Physicians (PCPs) are paid in advance for their services, receiving a set dollar amount per Member, per month for each Member selecting that PCP. This is called a capitation payment and it covers most of the care delivered by the PCP. Covered Services not included under capitation are paid fee-for-service according to the HMO fee schedule. Many Pennsylvania based PCPs, and in certain cases Delaware based PCPs, are also eligible to receive additional payments for meeting certain medical quality, patient service and other performance standards. In Delaware, these can include incentives which are based on the extent to which a PCP uses or employs hospital, ancillary and/or Specialist Services as compared to similar PCPs. In Pennsylvania, the PCP Quality Incentive Payment System (QIPS) includes incentives for practices that have extended hours, and submit encounter and Referral data electronically, as well as an incentive that is based on the extent to which a PCP Prescribes Generic Drugs (when available) relative to similar PCPs. In addition, the Practice Quality Assessment Score focuses on preventive care and other established clinical interventions. Some PCPs also receive additional payments for assisting in the Case Management and care coordination of Medicare HMO patients with complex medical problems.

Referred Specialists: Most Referred Specialists are paid on a fee-for-service basis, meaning that payment is made according to our HMO fee schedule for the specific medical services that the Referred Specialist performs. Obstetricians are paid global fees that cover most of their professional services for prenatal care and for delivery. PCP Referrals to Pennsylvania based cardiologists or gastroenterologists are valid for ninety (90) days and apply to all Covered Services provided by the gastroenterologist and/or cardiologist in his/her office.

Designated Providers: For a few specialty services, PCPs are required to select a Designated Provider to which they refer all of our HMO patients for those services. The Specialist Services for which PCPs must select a Designated Provider vary by state and could include, but are not limited to, radiology, laboratory and pathology tests, and Physical Therapy. Designated Providers usually receive a set dollar amount per Member per month (capitation) for their services based on the PCPs that have selected them. Before selecting a PCP, HMO Members may want to speak to the PCP regarding the Designated Provider that PCP has chosen. In New Jersey, HMO Members may choose any specialist among participating network Providers following an authorized Referral.

Institutional Providers:

Hospitals: For most inpatient medical and surgical Covered Services, Hospitals are paid per diem rates, which are specific amounts paid for each day a Member is in the Hospital. These rates usually vary according to the intensity of services provided. Some Hospitals are also paid case rates, which are set dollar amounts paid for a complete Hospital stay related to a specific procedure or diagnosis, (e.g., transplants).

For most outpatient and Emergency Covered Services and procedures, most Hospitals are paid specific rates based on the type of service performed. Hospitals may also be paid a global rate for

certain outpatient Covered Services (e.g., lab and radiology) that includes both the facility and Physician payment. For a few Covered Services, Hospitals are paid based on a percentage of billed charges. Most Hospitals are paid through a combination of the above payment mechanisms for various Covered Services.

Some Hospitals participate in a quality incentive program. The program provides increased reimbursement to these Hospitals when they meet specific quality and other criteria, including “Patient Safety Measures”. Such patient safety measures are consistent with recommendations by The Leap Frog Group, Joint Commission on Accreditation of Healthcare Organizations (JCAHO), and the Agency for Health Care Research and Quality (AHRQ) and are designed to help reduce medical and medication errors. Other criteria are directed at improved patient outcomes and electronic submissions. This incentive program is expected to evolve over time.

Skilled Nursing Homes, Rehabilitation Hospitals, and other care facilities: Most Skilled Nursing Facilities and other special care facilities are paid per diem rates, which are specific amounts paid for each day a Member is in the facility. These amounts may vary according to the intensity of services provided.

Ambulatory Surgical Centers (ASCs): Most ASCs are paid specific rates based on the type of service performed. For a few Covered Services, some ASCs are paid based on a percentage of billed charges.

Integrated Delivery Systems (Pennsylvania only): In a few instances, we have global payment arrangements with integrated Hospital/Physician organizations called Integrated Delivery Systems (IDS). In these cases the IDS provides or arranges for some of the Hospital, Physician and ancillary Covered Services provided to some of our Members who select PCPs which are employed by or participate with the IDS. The IDS is paid a global fee to cover all such Covered Services, whether provided by the IDS or other Providers. These IDSs are therefore “at risk” for the cost of these Covered Services. Some of these IDSs may provide incentives to their IDS-affiliated Professional Providers for meeting certain quality, service or other performance standards.

Hospital-Based Provider: When you receive Covered Services from a Hospital-Based Provider while you are an Inpatient at a Participating Hospital or other Participating Facility Provider and are being treated by a Participating Professional Provider, you will receive benefits for the Covered Services provided by the Non-Participating Hospital-Based Provider.

A Hospital-Based Provider can bill you directly for their services, for either the Provider’s charges or amounts in excess of the HMO’s payment to the Hospital-Based Providers (i.e., “balance billing”). You are not liable for any balance billing charges for Covered Services provided by a Hospital-Based Provider. Your out-of-pocket costs are limited to applicable Copayments, Deductibles and/or Coinsurance. If you receive any bills from the Provider, you need to contact Customer Service at the telephone number on the back of your ID Card. When you notify the HMO about these bills, the HMO will resolve the balance billing.

Physician Group Practices and Physician Associations: Certain Physician group practices and independent Physician associations (IPAs) employ or contract with individual Physicians to provide medical Covered Services. These groups are paid as outlined above. These groups may pay their affiliated Physicians a salary and/or provide incentives based on production, quality, service, or other performance standards. In Pennsylvania, we have entered into a joint venture with an IPA. This IPA is paid a global fee to cover the cost of all Covered Services, including Hospital, professional and ancillary Covered Services provided to Members who choose a PCP in this IPA. This IPA is therefore “at risk” for the cost of these Covered Services. This IPA provides incentives to its affiliated Physicians for meeting certain quality, service and performance standards.

Ancillary Service Providers: Some Ancillary Service Providers, such as Durable Medical Equipment

and Home Health Care Providers, are paid fee-for-service payments according to our HMO fee schedule for the specific medical services performed. Other Ancillary Service Providers, such as those providing laboratory, dental and vision Covered Services, are paid a per Member per month amount for each Member. Capitated ancillary service vendors are responsible for paying their contracted Providers and do so on a fee-for-service basis.

Pharmacies: A pharmacy benefits management company (PBM), which is affiliated with the HMO, administers our Prescription Drug benefits, and is responsible for providing a network of Participating Pharmacies and processing pharmacy claims. The PBM also negotiates price discounts with pharmaceutical manufacturers and provides drug utilization and quality reviews. Price discounts may include rebates from a drug manufacturer based on the volume purchased. The HMO anticipates that it will pass on a high percentage of the expected rebates it receives from its PBM through reductions in the overall cost of Prescription Drug benefits. Under most benefit plans, Prescription Drugs are subject to Member cost-sharing.

Radiology Services (New Jersey Only): We contract with a radiology service company which provides a network of participating radiology Providers in New Jersey and is paid a per Member per month amount (capitation) for each Member. The radiology service company pays its affiliated Providers on a fee-for-service and/or capitated basis.

Participating Dentist: When treatments are performed by a Participating Dentist, in accordance with the Participating Dentist's contract covered benefits will be paid directly to the Participating Dentist. Both the Member and the Dentist will be notified of benefits covered, the payment the Participating Dentist received and any out-of-pocket expenses. Payment will be based on the Maximum Allowable Charge the treating Participating Dentist has contracted to accept. Maximum Allowable Charges may vary depending on the geographical area of the dental office and in accordance with the Participating Dentist's contract and the particular Participating Dentist rendering the service. Participating Dentists agree by contract to accept Maximum Allowable Charges as payment in full for Covered Services rendered to Members. The Member shall be held harmless if, after receiving services from a Participating Dentist, such services are determined not Dentally Necessary.

Benefits for any services started prior to a Member's Effective Date of Coverage are not covered. Multi-visit procedures are considered "started" when the teeth are irrevocably altered. For example, for crowns or fixed partial dentures, the procedure is started when the teeth are prepared and impressions are taken. Procedures started prior to the Member's Effective Date are the liability of the Member.

When an overpayment for benefits is made, the HMO has the right to recover the overpayment either from the Member or from the person or Dentist to whom it was paid. The overpayment will be recovered either by requesting a refund or offsetting the amount overpaid from future claim payments. This recovery will follow any applicable state laws or regulations. The Member must provide any assistance necessary, including furnishing information and signing necessary documents, for the HMO to be reimbursed.

This Agreement does not coordinate benefits with other dental plans.

SECTION CL – CLAIM PROCEDURES

If claim submission by a Member is required in order to receive payment for benefits under this Subscriber Agreement, the following provisions will apply.

NOTICE OF CLAIM

The HMO will not be liable for any claims under this Agreement unless proper notice is furnished to the HMO that Covered Services in this Agreement have been rendered to a Member. Written notice of a claim must be given to the HMO within twenty (20) days, or as soon as reasonably possible after Covered Services have been rendered to the Member. Notice given by or on behalf of the Member to the HMO that includes information sufficient to identify the Member that received the Covered Services, shall constitute sufficient notice of a claim to the HMO.

The Member can give notice to the HMO by calling or writing to Customer Service. The telephone number and address of Customer Service can be found on the Member's ID Card. A charge shall be considered incurred on the date a Member receives the Covered Service for which the charge is made.

PROOF OF LOSS

Claims cannot be paid until a written proof of loss is submitted to the HMO. Written proof of loss must be provided to the HMO within **ninety (90) days** after the charge for Covered Services is incurred. Proof of loss must include all data necessary for the HMO to determine benefits. Failure to submit a proof of loss to the HMO within the time specified will not invalidate or reduce any claim if it is shown that the proof of loss was submitted as soon as reasonably possible, but in no event, except in the absence of legal capacity, will the HMO be required to accept a proof of loss later than **twelve (12) months** after the charge for Covered Services is incurred.

CLAIM FORMS

If a Member (or if deceased, by his/her personal representative) is required to submit a proof of loss for benefits under this Agreement, it must be submitted to the HMO on the appropriate claim form. The HMO, upon receipt of a notice of claim will, within **fifteen (15) days** following the date notice of claim is received, furnish to the Member claim forms for filing proofs of loss. If claim forms are not furnished within **fifteen (15) days** after the giving of such notice, the Member shall be deemed to have complied with the requirements of this Subsection as to filing a proof of loss upon submitting, within the time fixed in this Subsection for filing proofs of loss, itemized bills for Covered Services as described below. Itemized bills may be submitted to the HMO at the address appearing on the Member's ID Card. Itemized bills cannot be returned.

SUBMISSION OF CLAIM FORMS

For Member-submitted claims, the completed claim form, with all itemized bills attached, must be forwarded to the HMO at the address appearing on the claim form in order to satisfy the requirement of submitting a written proof of loss and to receive payment for benefits provided under this Agreement.

To avoid delay in handling Member-submitted claims, answers to all questions on the claim form must be complete and correct. Each claim form must be accompanied by itemized bills showing all of the following information:

- A. Person or organization providing the service or supply
- B. Type of service or supply
- C. Date of service or supply

- D. Amount charged
- E. Name of patient

A request for payment of a claim will not be reviewed and no payment will be made unless all the information and evidence of payment required on the claim form has been submitted in the manner described above. The HMO reserves the right to require additional information and documents as needed to support a claim that a Covered Service has been rendered.

TIMELY PAYMENT OF CLAIMS

Claims payment for benefits payable under this Agreement will be processed immediately upon receipt of proper proof of loss.

PHYSICAL EXAMINATIONS AND AUTOPSY

The HMO at its own expense shall have the right and opportunity to examine the Member when and so often as it may reasonably require during the pendency of claim under this Agreement; and the HMO shall also have the right and opportunity to make an autopsy in case of death, where it is not prohibited by law.

PAYMENT OF CLAIMS

If any indemnity of this Agreement shall be payable to the estate of the Member, or to a Member or beneficiary who is a minor or otherwise not competent to give a valid release, the HMO may pay such indemnity, up to an amount not exceeding \$1,000, to any relative by blood or connection by marriage of the Member or beneficiary who is deemed by the HMO to be equitably entitled thereto. Any payment made by the HMO in good faith pursuant to this provision shall fully discharge the HMO to the extent of such payment.

SECTION EL – ELIGIBILITY, CHANGE AND TERMINATION RULES UNDER THE PLAN

A. **Eligible Subscriber**

An eligible Subscriber is an individual:

1. who is listed on the completed Application/Change Form and has been accepted for coverage by the HMO;
2. who resides in the Service Area; and
3. for whom Medicare is not primary pursuant to any federal or state regulation, law, or ruling.

B. **Eligible Dependents**

An eligible Dependent is an individual who is listed on the Application/Change Form completed by the Subscriber and has been accepted for coverage by the HMO; who resides in the Service Area, unless otherwise provided in this section; for whom Medicare is not primary pursuant to any federal or state regulation, law, or ruling; and who is:

1. The Subscriber's legal spouse (common-law marriages must be documented to the satisfaction of the HMO) or Domestic Partner; or
2. A child, including stepchild, legally adopted child, child placed for adoption, or natural child, of either the Subscriber, or the Subscriber's spouse or Domestic Partner, who is within the Limiting Age for Dependents as set forth in this Agreement, or a child for whom the Subscriber is legally required to provide health care coverage; or
3. A child who is within the Limiting Age for Dependents as set forth in this Agreement for whom the Subscriber, or the Subscriber's spouse or Domestic Partner, is a court appointed legal guardian; or
4. An unmarried child who is past the Limiting Age for Dependents will be eligible when they: (1) are a full-time student; (2) are eligible for coverage under this Agreement; and (3) prior to attaining the Limiting Age for Dependents and while a full-time student, were (a) a member of the Pennsylvania National Guard or any reserve component of the U.S. armed forces and were called or ordered to active duty, other than active duty for training for a period of 30 or more consecutive days; or (b) a member of the Pennsylvania National Guard who is ordered to active state duty, including duty under Pa. C.S. Ch. 76 (relates to Emergency Management Assistance Compact), for a period of 30 or more consecutive days.

Eligibility for these Dependents will be extended for a period equal to the duration of the Dependent's service on duty or active state duty or until the individual is no longer a full-time student regardless of the age of the Dependent when the educational program at the Accredited Educational Institution was interrupted due to military duty.

As proof of eligibility, the Subscriber must submit a form to the HMO approved by the Department of Military & Veterans Affairs (DMVA): (1) notifying the HMO that the Dependent has been placed on active duty; (2) notifying the HMO that the Dependent is no longer on active duty; and (3) showing that the Dependent has re-enrolled as a full-time student in an Accredited Educational Institution for the first term or semester starting 60 or more days after his release from active duty.

5. An unmarried child of either the Subscriber or the Subscriber's spouse, regardless of age, who, in the judgment of the HMO, is incapable of self-support due to a mental or physical handicap which commenced prior to the child's reaching the Limiting Age for Dependents under this Agreement and for which continuing justification may be required by the HMO; or

When used throughout this Agreement, the following terms, when applied to Dependents,

will have these meanings:

The term "placement" will refer to a Dependent adopted child and the process or act of being placed for adoption.

RECORDS AND CHANGES OF MEMBER ELIGIBILITY

Certain changes in your life may affect your HMO coverage. Please notify us of any changes by contacting Customer Service at the telephone number on the back of your ID Card.

A. Adding A Dependent Spouse

A Dependent spouse shall be eligible for coverage under this Agreement provided that the Subscriber makes application to the HMO for addition of the Dependent spouse. The Effective Date of Coverage for such Dependent will be the first of the month following approval of the Application/Change Form by the HMO and timely payment of the appropriate rate.

If the newly acquired Dependent spouse is older than the Subscriber, the premium rate is based on the attained age of the Dependent spouse. Accordingly, the Dependent spouse may apply for another Agreement as an individual.

B. Adding A Dependent Child

A newborn child of a Member shall be entitled to benefits provided by this Agreement from the date of birth up to a maximum of thirty-one (31) days. To be eligible for Dependent coverage beyond the thirty-one (31) day period, the Applicant must enroll the newborn child as a Dependent within such thirty-one (31) days and make timely payment of the appropriate rate.

An adopted child of the Member shall be entitled to benefits provided by this Agreement from the date of placement for adoption up to a maximum of thirty-one (31) days. This coverage will be effective from the date of placement for the purpose of adoption and continues unless the placement is disrupted prior to legal adoption and the child is removed from placement. To be eligible for Dependent coverage beyond the thirty-one (31) day period, the Applicant must enroll the adopted child as a Dependent within such thirty-one (31) days and make timely payment of the appropriate rate.

Except for a newborn child or adopted child, a newly acquired Dependent child shall be eligible for coverage under this Agreement provided that the Applicant makes Application to the HMO for addition of the Dependent. The coverage for such child will terminate at the end of the last period for which premium was accepted by the HMO. No premium shall be accepted under this Agreement on behalf of a child for any period for which such child is not an eligible Dependent. However, in the event the HMO accepts premium for coverage beyond the date eligibility ends for such child, coverage for the child will be extended until the end of the then current paid date. Such child shall be entitled to direct pay coverage of the same or similar type for which he is then qualified by applying within sixty (60) days of such termination.

SECTION CS – DESCRIPTION OF COVERED SERVICES

Subject to the Exclusions, conditions and limitations specified in this Agreement, a Member shall be entitled to receive the Covered Services listed below. A Member may be required to make a Copayment, Coinsurance or Deductible, or there may be limits on services and other cost sharing requirements as specified in Section SC - Schedule Of Cost Sharing & Limitations of this Agreement.

Most Covered Services are provided or arranged by your Primary Care Physician. In the event there is no Participating Provider to provide the specialty or subspecialty services that you need, a Referral to a Non-Participating Provider will be arranged by your Primary Care Physician, with approval by the HMO. See Section ACC - Access to Primary, Specialist and Hospital Care for procedures for obtaining Preapproval for use of a Non-Participating Provider.

This plan has a Tiered Network. Your cost share may be different based on the tier of the Provider you receive services from. Participating Providers under this plan may be part of a selected subset, or tier, of the HMO's entire network of Participating Providers. Providers may be classified as Tier 1, Tier 2, or Tier 3. This plan offers three different levels of In-network benefits based on the tier designation of the Participating Provider you receive services from. Your cost sharing (Copayment, Deductible and/or Coinsurance) will be lower for use of Tier 1 Providers, than for Tier 2 and Tier 3. In order to take advantage of the lower cost sharing for use of a Tier 1 Hospital it will be important to select a PCP and Specialist who have admitting privileges at the Tier 1 Hospital when Hospitalization becomes necessary. Section MC – Using the HMO System provides more detail regarding Provider Tiers.

To find a list of Participating Providers with their tier designation, log onto the HMO website at www.ibx.com/Find a Doctor, or you can call Customer Service at the phone number listed on your ID Card to have a Provider Directory mailed to you. If you should have questions about any information in this Agreement or need assistance at any time, contact Customer Service by calling the telephone number shown on your ID Card.

Some Covered Services must be Preapproved before you receive the services. The Primary Care Physician or Participating Specialist must seek the HMO's approval and confirm that coverage is provided for certain services. Preapproval of services is a vital program feature that reviews Medical Necessity of certain procedures and/or admissions. In certain cases, Preapproval helps determine whether a different treatment may be available that is equally effective yet less traumatic. Preapproval also helps determine the most appropriate setting for certain services. If a Primary Care Physician or Participating Specialist provides Covered Services or Referrals without obtaining such Preapproval, you will not be responsible for payment. More information on Preapproval is found in Section MC – Using the HMO System of this Agreement. To access a complete list of services that require Preapproval, log onto the HMO website at www.ibx.com/preapproval or you can call Customer Service at the phone number listed on your ID Card to have the list mailed to you.

PRIMARY AND PREVENTIVE CARE

You are entitled to benefits for Primary and Preventive Care Covered Services. These Covered Services are provided or arranged by your Primary Care Physician, as noted. The Primary Care Physician will provide a Referral, when one is required, to a Participating Professional Provider when your condition requires a Specialist's Services.

The Referral is valid for ninety (90) days from date of issue so long as you are still enrolled in this plan. Self-Referrals are excluded, except for Emergency care or if covered by a Rider. Additional Covered Services recommended by the Referred Specialist will require another Referral from your Primary Care Physician. If you receive any

bills from the Provider, you need to contact Customer Service at the telephone number on the back of your ID Card. When you notify the HMO about these bills, the HMO will resolve the balance billing.

OUT-OF-AREA BENEFITS – BLUECARD AND GUEST MEMBERSHIP PROGRAMS

Keystone Health Plan East (“Keystone”) has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” Whenever Members access healthcare services outside the geographic area Keystone serves, the claim for those services may be processed through one of these Inter-Plan Programs and presented to us for payment in accordance with the rules of the Inter-Plan Programs policies then in effect. The Inter-Plan Programs available to Members under this Agreement are described generally below.

Typically, Members, when accessing care outside the geographic area Keystone serves, obtain care from healthcare providers that have a contractual agreement (i.e., are “Participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, Members may obtain care from non-participating healthcare providers. Keystone payment practices in both instances are described below.

Keystone covers only limited healthcare services received outside of our Service Area. As used in this section, “Out-of-Area Covered Healthcare Services” include Emergency care, Urgent Care, and Follow-up Care obtained outside the geographic area Keystone serves. Any other services will not be covered when processed through any Inter-Plan Programs arrangements. These “other services” must be provided or authorized by the Member’s Primary Care Physician (“PCP”). See the BlueCard Program’s Urgent And Follow-Up Care Benefits provision under Section ER - Emergency, Urgent Care, Follow-Up Care for additional information.

A. BlueCard® Program

Under the BlueCard® Program, when Members access covered healthcare services within the geographic area served by a Host Blue, Keystone will remain responsible to you for fulfilling our contractual obligations. However, in accordance with applicable Inter-Plan Programs policies then in effect, the Host Blue will be responsible for providing such services as contracting and handling substantially all interactions with its participating healthcare providers.

The financial terms of the BlueCard Program are described generally below. Individual circumstances may arise that are not directly covered by this description; however, in those instances, our action will be consistent with the spirit of this description.

1. Liability Calculation Method Per Claim

The calculation of the Member liability on claims for covered healthcare services processed through the BlueCard Program, if not a flat dollar copayment, will be based on the lower of the healthcare provider’s billed covered charges or the negotiated price made available to Keystone by the Host Blue.

Host Blues may use various methods to determine a negotiated price, depending on the terms of each Host Blue’s healthcare provider contracts. The negotiated price made available to Keystone by the Host Blue may represent a payment negotiated by a Host Blue with a healthcare provider that is one of the following:

- (i) an actual price. An actual price is a negotiated payment without any other increases or decreases, or
- (ii) an estimated price. An estimated price is a negotiated payment reduced or increased by a percentage to take into account certain payments negotiated with the provider and

- other claim- and non-claim-related transactions. Such transactions may include, but are not limited to, anti-fraud and abuse recoveries, provider refunds not applied on a claim-specific basis, retrospective settlements, and performance-related bonuses or incentives; or
- (iii) an average price. An average price is a percentage of billed covered charges representing the aggregate payments negotiated by the Host Blue with all of its healthcare providers or a similar classification of its providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

Host Blues using either an estimated price or an average price may, in accordance with Inter-Plan Programs policies, prospectively increase or reduce such prices to correct for over- or underestimation of past prices (i.e., prospective adjustments may mean that a current price reflects additional amounts or credits for claims already paid to providers or anticipated to be paid to or received from providers). However, the amount paid by the Member is a final price; no future price adjustment will result in increases or decreases to the pricing of past claims. The BlueCard Program requires that the price submitted by a Host Blue to Keystone is a final price irrespective of any future adjustments based on the use of estimated or average pricing.

A small number of states require a Host Blue either (i) to use a basis for determining Member liability for covered healthcare services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or (ii) to add a surcharge. Should the state in which healthcare services are accessed mandate liability calculation methods that differ from the negotiated price methodology or require a surcharge, Keystone would then calculate Member liability in accordance with applicable law.

2. **Return of Overpayments**

Under the BlueCard Program, recoveries from a Host Blue or its participating healthcare providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, healthcare provider/hospital audits, credit balance audits, utilization review refunds, and unsolicited refunds. In some cases, the Host Blue will engage a third party to assist in identification or collection of recovery amounts. The fees of such a third party may be netted against the recovery. Recovery amounts determined in this way will be applied in accordance with applicable Inter-Plan Programs policies, which generally require correction on a claim-by-claim or prospective basis.

3. **Non-Participating Healthcare Providers Outside Keystone's Service Area**

See sub-section Preapproval For Non-Participating Providers of this Subscriber Agreement for information regarding services provided by Non-Participating Providers.

B. **Areas Served by the BlueCard or Guest Membership Programs**

The BlueCard Program's Urgent and Follow-Up Care benefits are available from providers contracting with the Blue Cross and Blue Shield Association as part of its traditional network ("BlueCard Providers"). Covered Services under the Guest Membership Program are only available from providers contracting with the Blue Cross and Blue Shield Association as part of its HMO Networks. All BlueCard and Guest Membership Covered Services must be provided by a contracting provider, in the respective networks of providers, unless Preapproved by the HMO or, in the case of Guest Membership services, the Host HMO. Even when the Member is traveling in a geographic area not served by a contracting BlueCard Provider, coverage will be provided anywhere in the fifty (50) states for Emergency and Urgent Care. Urgent Care and Follow-Up Care are available in selected geographic locations in all states and the District of Columbia. Guest Membership registration is available in selected geographic areas. To find out if Urgent Care or Follow-Up Care is available in a specific travel destination, the Member should call 1-800-810-

BLUE (TTY: 711). For availability of Guest Membership, the Member should call the Guest Membership Coordinator.

C. Grievances And Appeals For BlueCard And Guest Membership Services

If the Member has a problem or concern about the services or Benefits received through the BlueCard or Guest Membership Programs the Member has the same right to file a Grievance or to appeal a coverage decision as when in the HMO Service Area and receiving care from the HMO Providers. The HMO will retain responsibility for Benefits provided through the BlueCard and Guest Membership Programs. Refer to the Grievance and Appeals section for a complete explanation of the process and procedure for filing a Grievance or an appeal. When filing a Grievance or appeal involving BlueCard or Guest Membership Services, the Member should identify that the BlueCard or Guest Membership Program was being used and indicate which of its specific services (Urgent Care, Follow-Up Care, or the Guest Membership) are at issue.

D. Transfer Of Medical Information

The "Transfer of Medical Information" form must be completed prior to accessing Guest Membership Benefits. This form is the primary means by which the Member's medical information is communicated between the HMO and the Host HMO. This form will assist Providers in coordinating the Member's care during the time away from home and upon return. After the Member has completed and signed the "Transfer of Medical Information" form, the form will be completed by the HMO or the Host Primary Care Physician, as appropriate. The form will be processed through the Guest Membership Program. A Guest Membership Coordinator is responsible for forwarding the form between the HMO and Host HMO. Failure to sign and date the "Transfer of Medical Information" form will result in a denial of Guest Membership Benefits.

POLICIES AND PROCEDURES

The HMO may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of this Agreement, with which the Members shall comply.

PREMIUM RATE AND BENEFIT PROVISIONS

The premium rates for this Agreement shall be in accordance with the rating methodology filed with and approved by the Insurance Department of the Commonwealth of Pennsylvania. Premium rates for this Agreement are based on a member-level buildup using a per member per month base rate adjusted for the customer's member-specific characteristics of age, geographic area and tobacco use.

In consideration of these payments to the HMO, the HMO agrees to provide access to medical and Hospital Covered Services and other benefits as specified in this Subscriber Agreement for eligible persons who enroll hereunder, in accordance with the terms, conditions, Limitations and exclusions of this Subscriber Agreement.

PREMIUM RATE CHANGES

Premium rates may be changed prospectively with the prior approval of the Pennsylvania Insurance Department during any consecutive 12-month period in which this Agreement remains in effect, provided that prior written notice of such proposed change shall be given to the Subscriber by the HMO.

Payment of the new premium by the Subscriber shall be considered receipt of notice and acceptance of the changed premium rate.

PRESCRIPTION DRUG REBATE DISCLOSURE

The HMO anticipates that it will pass on a high percentage of the average expected Prescription Drug rebates it receives from its pharmacy benefits manager (PBM), which is an affiliate of the HMO, through reductions in future premium costs to the Subscriber. Expected Prescription Drug rebates are based on historical drug rebates received by the HMO from its PBM, adjusted for known and anticipated changes in future rebate amounts. This includes, without limitation, adjustments for drugs for which the patent is expiring or changes in the HMO's PBM. While the HMO anticipates that it will be able to pass on a high percentage of the average expected Prescription Drug rebates, there may be instances when this amount could vary based on actual rebates that are either higher or lower than expected (e.g., the introduction of new drugs may result in a higher rebate) or other market conditions that are beyond the HMO's control. The Subscriber acknowledges that any rebate amounts beyond amounts that are passed on to the Subscriber are for the sole benefit of the HMO, and that neither the Subscriber covered under the benefit program, nor anyone else, is entitled to receive any portion of such savings whether as part of any claims settlement or otherwise.

REINSTATEMENT

Any Member whose membership shall have been terminated may be reinstated up to thirty (30) days after the last date of the grace period if the Subscriber applies for reinstatement, and the HMO receives payment of the premium required for reinstatement. The HMO and Members have the same rights under the reinstated Agreement as they had under the Agreement immediately before the due date of the defaulted premium. The right of the Applicant to have this Agreement reinstated is limited to one (1) reinstatement within a 12-month period, and two reinstatements per lifetime.

After thirty (30) days, the Applicant must re-apply for coverage under this plan by completing a new Application/Change Form. The Effective Date of Coverage for an Applicant will be the first of the month following approval of the Application/Change Form by the HMO and timely payment of the appropriate rate. Upon acceptance of the Application/Change Form by the HMO, the Applicant and eligible Dependents shall be subject to all the terms of the new Agreement.

RELATIONSHIP TO BLUE CROSS AND BLUE SHIELD PLANS

Keystone is an independent corporation operating under a license from Blue Cross and Blue Shield Association, a national association of independent Blue Cross and Blue Shield Plans (the "Association"). Although all of these independent Blue Cross and Blue Shield Plans operate from a license with the Association, each of them is a separate and distinct corporation. The Association allows Keystone to use the Blue Cross and Blue Shield words and symbols. Keystone, which is entering into this Agreement, is not contracting as an agent of the Association. Only Keystone shall be liable for any of the obligations under this Agreement. This paragraph shall not create any additional obligations whatsoever on the part of Keystone other than those obligations created under other provisions of this Agreement.

STATUS CHANGE

Applications for changes in contract type or additions or deletions of eligible Dependents shall be filed on Application/Change Forms supplied by the HMO and shall become effective and a part of this Subscriber Agreement upon acceptance by the HMO. See Section EL – Eligibility, Change And Termination Rules Under The Plan.

TIME LIMIT ON CERTAIN DEFENSES

After three (3) years from the date of issue of this Agreement, no misstatements, except fraudulent misstatements made by the Applicant in the Application for such Agreement, shall be used to void said Agreement or to deny benefits for a loss incurred commencing after the expiration of such three (3) year period. A new three (3) year contestable period applies to each new Dependent added to the coverage provided under this Agreement as of the Dependent's Effective Date of Coverage. No claim for loss Incurred shall be reduced or denied on the grounds that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the Effective Date of Coverage under this Agreement.

SECTION SC - SCHEDULE OF COST SHARING & LIMITATIONS

You are entitled to benefits for the Covered Services described in your Agreement, subject to any Deductible, Coinsurance, and Copayment or Limitations described below.

If the Participating Provider’s usual fee for a Covered Service is less than the Deductible, Coinsurance, and Copayment shown in this Schedule, you are only responsible to pay the Participating Provider’s usual fee. The Participating Provider is required to remit any Deductible, Coinsurance, and Copayment overpayment directly to you. If you have any questions, contact Customer Service at the phone number on your ID Card.

Your Primary Care Physician or Referred Specialist must obtain Preapproval from the HMO to confirm the HMO’s coverage for certain Covered Services. If your Primary Care Physician or Referred Specialist provides a Covered Service or Referral without obtaining the HMO’s Preapproval, you are not responsible for payment for that Covered Service. To access a complete list of services that require Preapproval, log onto the HMO website, at www.ibx.com/preapproval or you can call Customer Service at the phone number listed on your ID Card to have the list mailed to you.

This plan has a Tiered Network. For the purpose of this Program, each benefit tier (shown in the columns below) refers to your cost share based on the tier level of the Participating Provider you have chosen to receive services from. Providers included in each tier (Preferred, Enhanced, or Standard) are part of a selected subset of the HMO’s entire network of Participating Providers. **Section MC – Using the HMO System** provides more detail regarding Provider Tiers. Non-Participating Providers for Emergency and Out-of-Area Urgent Care Services will be covered at the Tier 3 level of benefits.

To find a list of Participating Providers with their designations, log onto the HMO website at www.ibx.com/Find a Doctor, or you can call Customer Service at the phone number listed on your ID Card to have a Provider Directory mailed to you.

Benefit Period: Your Benefit Period is a Calendar Year (1/1 – 12/31).

ANNUAL DEDUCTIBLE		
Per Member	\$1,500	\$5,000 applicable to Tiers 2 and 3
Per Family	\$3,000	\$10,000 applicable to Tiers 2 and 3

The Family Deductible will be applied for all family members covered under a Family coverage. It will not be applied to any covered individual family Member once that covered individual has satisfied the Deductible for that Benefit Period, or the Family Deductible has been satisfied for all covered family Members combined.

The Deductible under this tiered plan is an aggregate of any Deductibles paid under all Tiers for which a Deductible applies. For example, any Deductibles paid when the Member receives services from Tier 2 and Tier 3 Providers are combined to apply toward the Annual Deductible listed above.

OUT-OF-POCKET MAXIMUM			
<i>Per Member</i>	\$6,850		
Per Family	\$13,700		
<p>The Out-of-Pocket Maximum is the maximum dollar amount that a Member pays for Covered Services within a Benefit Period. The Out-of-Pocket Maximum includes Deductible, Coinsurance, and Copayment amounts for Essential Health Benefits; it does not include any amounts above the Allowed Amount for a specific Provider, or the amount for any services not covered under this Subscriber Agreement.</p> <p>Amounts paid for Covered Services received under Tiers 1, 2 and 3 will be applied and accumulate concurrently towards the Out-of-Pocket maximum.</p>			
COINSURANCE PERCENTAGE	0%; 5%; 10% of the Allowed Amount		
<p>Coinsurance is applied to some of the Covered Services listed below, but not to Covered Services that require the Member to pay a Copayment amount. Coinsurance is a percentage of the Covered Service that must be paid by the Member; it is applied after the Deductible is met in each Benefit Period. A Deductible may also apply to certain services that are subject to a Copayment. Those services that are subject to a Deductible with a Copayment are identified below.</p> <p>The Member will also be responsible to pay costs for services that are not covered by the HMO plan.</p>

PRESCRIPTION DRUG LIMITATIONS

A description of limitations for your Covered Drugs Or Supplies is described below:

2. The quantity of a Covered Drug or Supply dispensed pursuant to a Prescription Order or Refill is limited to thirty (30) consecutive days or the maximum allowed dosage as Prescribed by law, whichever is less.

Up to a ninety (90) day supply of a Maintenance Prescription Drug may be obtained through a Participating Mail Service Pharmacy.

In a predetermination review, the HMO looks at patient eligibility, Dental Necessity and the Agreement's coverage for the treatment. Predetermination is not required for any benefits under the Agreement. Payment of benefits for a predetermined service is subject to the Member's continued eligibility in the Agreement. At the time the claim is paid, the HMO may also correct mathematical errors, apply coordination of benefits, and make adjustments to comply with the Member's current Agreement and Out-of-Pocket Maximums on the date of service.

YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET
ACCESS TO THIS INFORMATION¹**

PLEASE REVIEW IT CAREFULLY.

Independence Blue Cross² values you as a customer, and protection of your privacy is very important to us. In conducting our business, we will create and maintain records that contain protected health information about you and the health care provided to you as a member of our health plans.

Note: "Protected health information" or "PHI" is information about you, including information that can reasonably be used to identify you and that relates to your past, present or future physical or mental health or condition, the provision of health care to you or the payment for that care.

We protect your privacy by:

- limiting who may see your PHI;
- limiting how we may use or disclose your PHI;
- informing you of our legal duties with respect to your PHI;
- explaining our privacy policies; and
- adhering to the policies currently in effect.

This Notice describes our privacy practices, which include how we may use, disclose, collect, handle, and protect our members' protected health information. We are required by certain federal and state laws to maintain the privacy of your protected health information. We also are required by the federal Health Insurance Portability and Accountability Act (or "HIPAA") Privacy Rule to give you this Notice about our privacy practices, our legal duties, and your rights concerning your protected health information.

¹ If you are enrolled in a self-insured group benefit program, this Notice is not applicable. If you are enrolled in such a program, you should contact your Group Benefit Manager for information about your group's privacy practices. If you are enrolled in the Federal Employee Service Benefit Plan, you will receive a separate Notice.

Changes to this Notice

The terms of this Notice apply to all records that are created or retained by us which contain your PHI. We reserve the right to revise or amend the terms of this Notice. A revised or amended Notice will be effective for all of the PHI that we already have about you, as well as for any PHI we may create or receive in the future. We are required by law to comply with whatever Privacy Notice is currently in effect. You will be notified of any material change to our Privacy Notice before the change becomes effective. When necessary, a revised Notice will be mailed to the address that we have on record for the contract holder of your member contract, and will also be posted on our web site at www.ibx.com.

Potential Impact of State Law

The HIPAA Privacy Rule generally does not “preempt” (or take precedence over) state privacy or other applicable laws that provide individuals greater privacy protections. As a result, to the extent state law applies, the privacy laws of a particular state, or other federal laws, rather than the HIPAA Privacy Rule, might impose a privacy standard under which we will be required to operate. For example, where such laws have been enacted, we will follow more stringent state privacy laws that relate to uses and disclosures of the protected health information concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, reproductive rights, etc.

How We May Use and Disclose Your Protected Health Information (PHI)

In order to administer our health benefit programs effectively, we will collect, use and disclose PHI for certain of our activities, including payment of covered services and health care operations.

The following categories describe the different ways in which we may use and disclose your PHI. Please note that every permitted use or disclosure of your PHI is not listed below. Payment: We may use and disclose your PHI for all payment activities including, but not limited to, collecting premiums or to determine or fulfill our responsibility to provide health care coverage under our health plans. This may include coordinating benefits with other health care programs or insurance carriers, such as Medicare or Medicaid. We may also use and disclose your PHI to conduct business with other Independence Blue Cross affiliate companies.

- We may disclose “summary health information” to your plan sponsor to use to obtain premium bids for providing health insurance coverage or to modify, amend or terminate its group health plan. “Summary health information” is information that summarizes claims history, claims expenses, or types of claims experience for the individuals who participate in the plan sponsor’s group health plan;

Sometimes the plan sponsor of a group health plan is the employer. In those circumstances, we may disclose PHI to your employer. You should talk to your employer to find out how this information will be used.

Research: We may use or disclose your PHI for research purposes if certain conditions are met. Before we disclose your PHI for research purposes without your written permission, an Institutional Review Board (a board responsible under federal law for reviewing and approving research involving human subjects) or Privacy Board reviews the research proposal to ensure that the privacy of your PHI is protected, and to approve the research.

Required by Law: We may disclose your PHI when required to do so by applicable law. For example, the law requires us to disclose your PHI:

- When required by the Secretary of the U.S. Department of Health and Human Services to investigate our compliance efforts; and

- to permit identification and location of witnesses, victims, and fugitives;
- in response to a search warrant or court order;
- as necessary to report a crime on our premises;
- to report a death that we believe may be the result of criminal conduct; or
- in an emergency, to report a crime.

This may be necessary, for example, to identify a deceased person or to determine the cause of death. We also may disclose, as authorized by law, information to funeral directors so that they may carry out their duties.

You can request the PHI from your designated record set as described in the section below called "Your Privacy Rights Concerning Your Protected Health Information."

To Your Personal Representative: If you tell us to, we will disclose your PHI to someone who is qualified to act as your personal representative according to any relevant state laws. In order for us to disclose your PHI to your personal representative, you must send us a completed Independence Blue Cross Personal Representative Designation Form or documentation that supports the person's qualification according to state law (such as a power of attorney or guardianship). To request the Independence Blue Cross Personal Representative Designation Form, please contact Member Services at the telephone number listed on the back of your Member Identification card, print the form from our web site at www.ibx.com, or write us at the address at the end of this Notice. An Important Message about a Policy Change to Protect Your Privacy

In compliance with the Health Insurance Portability and Accountability Act (HIPAA), Independence Blue Cross allows its members the right to authorize a third party to receive their protected health information by completing a HIPAA authorization form.

Previously, the IBC HIPAA authorization form explained that your authorization would automatically expire six months after your coverage with IBC ends. We have made a change to this policy and your authorization will no longer expire unless you revoke it in writing.

If you have any questions regarding this new policy, please contact our Customer Service Department by calling the telephone number on the back of your health insurance identification card.
