Welcome to Independence Blue Cross

We are happy to have you as an Independence Blue Cross (Independence) member! Our goal is to make it easier for you to get the care you need and manage your benefits.

This Benefit Booklet will help you understand your coverage so you can take full advantage of your health plan and become familiar with the benefits, services, and resources available to you.

You will find valuable information about:

- What services are and are not covered by your health insurance
- How decisions are made about what is covered
- How to use our member website, [ibx.com](https://www.ibx.com)
- How to get in touch with us if you have a problem

If you have any questions, call Customer Service at the number on the back of your member ID card and we will be happy to help.

Thank you for being a member of Independence. We look forward to providing you with quality healthcare coverage.

QUESTIONS?

Log in at [ibx.com](https://www.ibx.com). You can also call the number on the back of your member ID card or **800-ASK-BLUE (800-275-2583) (TTY: 711)** to speak to a customer service representative.

Introduction to your health plan

You have a Personal Choice[®] PPO health plan, which means you have the freedom to see any in- or out-of-network doctor or specialist without a referral. You will receive the highest level of benefits when you receive care through our provider network.

A primary care physician (PCP) is the doctor you visit for check-ups and routine care, but you don't need to tell us who your PCP is.

All network providers are required to provide coverage 24 hours a day, 7 days a week, either in the office or by on-call/answering services. However, you may also choose to use an alternative, such as virtual care, urgent care, or retail clinic.

Using your member ID card

You and your covered dependents will each receive an Independence identification (ID) card. We recommend keeping your ID card with you, as you will need to present it when you receive care. Your ID card contains information such as what you will pay when visiting your doctor, specialist, or the emergency room (ER).

You can also log in at ibx.com or using the IBX mobile app to view a digital version of your ID card or print a copy.

When you receive your ID card, call the toll-free number on the removable sticker to confirm you received it.

Get connected

When you confirm receipt of your member ID card, you will also be given the option to sign up for texts and emails from Independence. If you opt in, you will receive messages about health plan notifications, maximizing your benefits, and member-exclusive discounts and savings. Visit ibx.com/getconnected to learn more.

Locating an in-network doctor or hospital

You have access to our expansive network of doctors, specialists, hospitals, and other health care providers. Search for an in-network provider by logging in at ibx.com and using the Find a Doctor tool.

Profiles in our provider look-up tool include valuable information, such as board certifications, medical school attended, residency completion, location maps, provider specialties, languages spoken, whether the provider is accepting new patients, and more.

You can also call the number on the back of your member ID card and a Customer Service representative will help you locate a provider.

Rights and responsibilities

A list of your rights and responsibilities is available at ibx.com/quality-management#member, or call Customer Service at the number on the back of your member ID card to request a paper copy.

Stay in the know

Using your benefits to receive care

Scheduling an appointment

Call your doctor's office or use your doctor's online scheduling tool, if available, to make an appointment. If you need to cancel an appointment, be sure to notify the office at least 24 hours in advance when possible.

Access after normal business hours

Your doctor's office should offer urgent medical advice 24 hours a day, 7 days a week. If an urgent issue arises after normal business hours, call your doctor's office for instructions on how to reach your doctor or the on-call doctor. You should receive a call back within 30 minutes.

Services that require precertification

Precertification is an approval that your doctor must receive from us before you get coverage for certain services, genetic tests, and specialty drugs. A complete list of what requires precertification is available at ibx.com/precert.

Preventive care

Preventive care is an important part of getting and staying as healthy as possible. Our preventive care services can help you and your family avoid developing health problems and prevent minor issues from becoming major health concerns, such as diabetes and colon cancer.

Examples of preventive care services include yearly check-ups, screenings, and immunizations.

Most Independence health plans include coverage for certain designated preventive care services at no cost to you.*

This means you do not have to pay copays, coinsurance, or deductibles. If a service is not considered preventive (e.g., diagnostic procedure, ongoing treatment for an existing condition) or you don't fall within the coverage guidelines, charges may apply.

For a complete list of preventive services, visit ibx.com/preventive and click on the *View all preventive services* link.

Receiving care for mental health or substance use disorder

If you require outpatient or inpatient mental health or substance use disorder services, you do not need a referral. Magellan Healthcare, Inc. administers these benefits and can be reached by calling the Mental Health/Substance Abuse phone number on the back of your member ID card.

Check your health plan benefits in this book to see if you have mental health and substance use disorder benefits.

* Individual benefits must be verified.

Where to go for care

Emergency care

In the event of an emergency, go immediately to the emergency room of the nearest hospital. If you believe your situation is particularly severe, call 911 for assistance.

A medical emergency is typically thought of as a medical or psychiatric condition in which symptoms are so severe that the absence of immediate medical attention could place one's health in serious jeopardy. Most times, a hospital emergency room is not the most appropriate place for you to be treated.

Hospital emergency rooms provide emergency care and must prioritize patients' needs. The most seriously hurt or ill patients are treated first. If you are not in that category, you could wait a long time.

Urgent care

Urgent care is necessary treatment for a non-life-threatening, unexpected illness or accidental injury that requires prompt medical attention when your doctor is unavailable. Examples include sore throat, fever, sinus infection, earache, cuts, rashes, sprains, and broken bones.

Visit an urgent care center for a convenient, safe, and affordable treatment alternative to emergency room care or when you can't get an appointment with your own doctor.

Retail clinic

Retail clinics are another alternative when you can't get an appointment with your own doctor for non-emergency care. Retail clinics use certified nurse practitioners, who can treat minor, uncomplicated illness or injury. Some retail health clinics may also offer flu shots and other vaccinations.

Virtual care

Most health plans include the ability to see a doctor virtually for telemedicine, telebehavioral health, and teledermatology services. Virtual care increases access to care, provides an alternative option to ER and urgent care visits, and can reduce costs. In addition, many in-network doctors and specialists also offer their own virtual care services. Check your health plan benefits in this book to see how virtual care is covered.

You're covered while traveling with BlueCard® PPO

You can travel with peace of mind, knowing that Blue goes with you wherever you go. With BlueCard PPO, you can present your ID card to any provider in the Blue Cross® and/or Blue Shield® PPO network across the country, and your costs are the same as if you were being treated by an in-network, local provider.

If you have a medical emergency when you are far away from home, you have two options:

- In a true emergency, go to the nearest ER.
- In an urgent care situation, find a BlueCard provider in the area.

Call **800-810-BLUE (TTY: 711)** or visit bcbs.com to find a BlueCard provider in your area.

You can also visit an urgent care center for medical issues if an in-network provider is unavailable and if you do not require the medical services of the ER.

Out of town and need care?

Call 800-810-BLUE (TTY: 711) or visit bcbs.com to find an in-network provider in your area.

Manage your benefits online

Using your prescription drug benefits

Your prescription drug benefit program, administered by FutureScripts[®], an independent company, provides many advantages to help you easily and safely obtain the prescription drugs you need at an affordable cost.

Take a look at the advantages:

- **Easy to use.** A national network of retail pharmacies will recognize and accept your member identification (ID) card.
- **Low out-of-pocket expenses.** When you use a participating pharmacy, your out-of-pocket costs are based on a discounted price, fixed copayments, or coinsurance.
- **No paperwork.** You don't have to file a claim form or wait for reimbursement when you use a participating pharmacy.
- **High level of safety.** When you fill a prescription at a participating pharmacy, your pharmacy can identify harmful drug interactions and other dangers by viewing your drug history.
- **Mail order and 90-day retail pharmacy options.** Free mail order/home delivery may be available for medications you take regularly. You may also get a 90-day supply of maintenance medications at Rite Aid retail pharmacies for the same cost-share as mail order to help make medication adherence easier and more affordable. Check your prescription drug benefits for details.

How to fill your prescription at a retail pharmacy

Present your ID card and your prescription at a participating pharmacy for your plan. The pharmacist will confirm your eligibility for benefits and determine your share of the cost of your prescription. Your doctor may also electronically submit your prescription to your pharmacy.

Participating pharmacies

A pharmacy is considered participating if it is in the FutureScripts pharmacy network for your plan. If your plan includes the FutureScripts Preferred Pharmacy network, a smaller version of the full FutureScripts pharmacy network, Walgreens is not a participating pharmacy.

When you're traveling, you will find that most of the pharmacies in all 50 states accept your ID card and can fill your prescription for the same cost you pay at home, if you use a participating pharmacy.

There is no need to select just one pharmacy to fill your prescription needs.

To locate a participating pharmacy, visit [ibx.com](https://www.ibx.com) or call the number on your ID card.

Non-participating pharmacies

If your prescription is filled at a pharmacy that does not participate in the network for your plan, you will have to pay the pharmacy's regular charge right at the counter. Then, depending on your plan design, you may submit a prescription reimbursement claim form for partial reimbursement to the address noted on the form. Your reimbursement check should arrive within 14 days from the day your claim form is received.

Keep in mind that your plan sponsor selected Independence Blue Cross (Independence) and/or its subsidiaries based in part on the discounted drug prices that FutureScripts has negotiated. When you use a non-participating pharmacy that has not agreed to charge a discounted price, it costs your plan more money; part of that cost is passed on to you.

Understanding your prescription

We provide our members with comprehensive prescription drug coverage. The drug formulary includes generic drugs and a defined list of brand drugs that have been evaluated for their medical effectiveness, positive results, and value. The formulary is reviewed regularly to ensure its continued effectiveness.

A brand drug is manufactured by only one company, which advertises and sells its product under a special trade name. In many cases, brand drugs are quite expensive, which is why your share of the cost is higher. Generic drugs are typically manufactured by several companies and are almost always less expensive than the brand drug. Generic drugs are approved by the U.S. Food and Drug Administration (FDA) to ensure they are as safe and effective as their brand counterparts. However, not every brand drug has a generic version.

To check the formulary status of drugs, simply log in at ibx.com.

In addition to the drug formulary, you will also find helpful information on these related topics:

- Prior authorization process
- Formulary exception process
- Age and quantity limits
- Drug pricing and drug alternatives

If you're not sure if brand or generic drugs are right for you, talk to your doctor. The pharmacist may, on occasion, discuss with your doctor whether an alternative drug might be appropriate for you. Let your doctor know if you have a question about a change in prescription or if you prefer the original prescription. Your doctor makes the final decision on the necessity of you getting a brand drug.

Certain controlled substances and other prescribed medications may be subject to dispensing limitations. If you have any questions regarding your medication, please call the Pharmacy Benefits number on the back of your member ID card.

Brand vs. generic

Generic drugs are as effective as brand drugs and could save you money. Consult your doctor to find out which drug is best for you.

Preventive drugs for adults and children

Your prescription drug plan includes 100 percent coverage for some preventive medications when received from a participating pharmacy. This means that you won't have to pay copays, coinsurance, or deductibles for certain preventive medications with a prescription from your doctor. Receiving preventive care helps you stay healthy and may improve your overall health.

For a list of preventive drugs eligible for 100 percent coverage, visit ibx.com or call the phone number on the back of your member ID card.

If you have any questions about your prescription drug plan, call the Pharmacy Benefits number on the back of your member ID card.

Mail order/home delivery

If your doctor has prescribed a medication that you need to take regularly over a long period of time, mail order/home delivery is an excellent way to get a long-lasting supply and, depending on your plan, reduce your out-of-pocket costs.

Mail order is convenient and safe to use

If you choose mail order, your doctor can prescribe a supply that will last up to 90 days. This means that you can get three times as many doses of your maintenance medication at one time through mail order.

Mail order prescriptions have been safely handled through the mail for many years. When your order is received, a team of registered, licensed pharmacists checks your prescription against the record of all drugs dispensed to you by a FutureScripts-participating pharmacy. This process ensures that every prescription is reviewed for safety and accuracy before it is mailed to you.

If there are questions about your prescription, a pharmacist will contact your doctor before your medication is dispensed. Your medication will be sent to your home within 14 days from the date your legible and complete order is received.

There may be times when you need a prescription right away. On these occasions, you should have your prescription filled at a local participating pharmacy. If you need medication immediately, but you will be taking it on an ongoing basis, ask your doctor to write two separate prescriptions: you can have the first prescription filled locally for an initial 30-day supply of your medication, and you can send the second prescription to FutureScripts for a 90-day supply provided through the mail.

How to request mail order/home delivery

1. When you are prescribed a chronic or maintenance drug therapy, ask your doctor to write the prescription for a 90-day supply, plus refills. Make sure your doctor knows that you have a mail-order service so that you get one 90-day prescription and not three 30-day prescriptions (the cost of the three 30-day prescriptions may be more than the cost for one 90-day prescription). If you're taking medication now, ask your doctor for a new prescription.
2. Complete the FutureScripts Mail Service Order Form with your first order only. Forms and envelopes are available by calling the number on your member ID card, or you can download the form when you log in at [ibx.com](https://www.ibx.com).
3. Be sure to answer all the questions, and include your member ID number. An incomplete form can cause a delay in processing. Send the completed Mail Service Order Form, your original 90-day prescription, and your payment instructions to FutureScripts.
4. Your mail order request will be processed, and your medication sent to you within 14 days from the day FutureScripts receives your order, along with instructions for future refills. Standard shipping is via U.S. Mail and is free of charge. Narcotic substances and refrigerated medicines will be shipped by FedEx[®] at no additional charge. Your order will be shipped to the address you provide on the form.
5. Mail order/home delivery requests may also be initiated when you log in at [ibx.com](https://www.ibx.com) and select *Pharmacy Mail Order/Home Delivery* from the My Care menu at the top.

How can my doctor order a prescription for me?

Doctors may call our toll-free number to prescribe your medication(s). Doctors may submit prescriptions via fax or electronically using ePrescribing. In addition to the prescription information, your doctor must provide your member ID number, patient name, and patient date of birth. Note: To be legally valid, the fax must originate from the doctor's office. All state laws apply.

You will be dispensed the lower-priced generic drug (if manufactured) unless your doctor writes "brand medically necessary" or "dispense as written" on your prescription, or you indicate that you do not want the generic version of your brand drug on the Mail Service Order Form. A Mail Service Order Form will be included with each mail order delivery.

Paying for mail order services

Your payment can be a check or money order (made payable to FutureScripts), or you can complete the credit card portion of the Mail Service Order Form. FutureScripts accepts Visa, MasterCard®, Discover®, and Amex®.

Please do not send cash. If you are uncertain of your payment, call the number on your ID card. If the payment you enclose is incorrect, you will be sent either a reimbursement check or an invoice, as appropriate.

Mail order refills

You can manage your prescriptions, order refills, and pay for your refills online when you log in at ibx.com. You may also review the formulary status of a drug and search for a participating pharmacy online.

When you receive a medication through the mail order service, you will also receive a notice showing the number of refills allowed by your doctor. To avoid the risk of being without your medication, mail the refill notice and your payment two weeks before you expect your present supply to run out. You can

also manage and order your refills over the phone using the Pharmacy Benefits number on the back of your ID card.

The refill notice will include the date when you should reorder and the number of refills you have left. Remember, most prescriptions are valid for a maximum of one year. Please note: PRN (take as needed) refills in the Commonwealth of Pennsylvania are limited to five times or six months, whichever is less.

If you have any questions concerning this program, please contact FutureScripts using the number on the back of your ID card.

Self-administered specialty drug coverage

Self-injectables and other oral specialty drugs that can be administered by you, the patient, or by a caregiver outside of the doctor's office are generally covered under your prescription drug benefits. Filling your prescription for a specialty drug via the FutureScripts specialty pharmacy can save you money and provide you with support by a pharmacist very experienced with specialty medications and their side effects.

The administration of a self-injectable drug by a medical professional is covered under your Independence medical benefit, even if you obtained the self-injectable through the FutureScripts specialty pharmacy. However, the drug itself will be covered under your prescription drug benefit.

The self-injectable drugs covered under your medical plan include drugs that:

- Are required by law to be covered under both medical benefits and prescription drug benefits (for example, insulin)
- Are required for emergency treatment, such as self-injectables that counteract allergic reactions

The clear solution to your vision care needs

Use your vision benefits

Vision problems are among the most prevalent health issues in the United States. Three out of four adults use some form of vision correction.* An eye exam can help correct vision problems, but it can also help detect more serious chronic health conditions, such as diabetes, hypertension, and heart disease.

Administered by Davis Vision, your vision plan features a robust network, low out-of-pocket costs, and a variety of value-added services.

Freedom of provider choice

You have access to the national Davis Vision network, which includes more than 100,000 access points for independent eye care professionals, as well as large retail and online providers like Visionworks, befitting.com, Glasses.com, and 1800Contacts.com.

Low-cost frames and lens options

You have several options to choose from for your eyewear needs:

- Select frames from the Davis Vision Exclusive Collection, which are covered in full or with a minimal copay.
- Use your plan's frame allowance at any in-network provider, including online at Glasses.com and befitting.com, which feature a large selection of designer and name-brand frames. You can also choose to use an enhanced frame allowance towards the purchase of frames at Visionworks locations.

With fixed pricing on all lens styles and coatings, including blue light coatings, it's easy to predict your out-of-pocket costs. All frames and lenses provided by Davis Vision providers are warranted against breakage for one year from the original date of dispensing.

Coverage for contacts and laser vision correction

You have the option to choose contact lenses instead of eyeglasses. You can use your contact lens benefit allowance at 1800Contacts.com, which features an extensive collection, free mail order, and discounted pricing.

If you're eligible and interested in LASIK laser vision correction services, you can receive exclusive, discounted pricing and financing options from a national network of credentialed physicians.

Additional value-added services

Through your Davis Vision benefits, you have access to a free hearing exam and exclusive discounts on hearing aids, supplies, and more from Your Hearing Network.

INTRODUCTION

Thank you for joining QCC Insurance Company (the Health Benefit Plan). Our goal is to provide Members with access to quality health care coverage. This Benefit Booklet is a summary of the Members benefits and the procedures required in order to receive the benefits and services to which Members are entitled. Members' specific benefits covered by the Health Benefit Plan are described in the **Description of Covered Services** section of this Benefit Booklet. Benefits, exclusions and limitations appear in the **Exclusions – What Is Not Covered** and the **Schedule of Covered Services** sections of this Benefit Booklet.

Please remember that this Benefit Booklet is a summary of the provisions and benefits provided in the Program selected by the Member's Group. Additional information is contained in the Group Contract available through the Member's Group benefits administrator. The information in this Benefit Booklet is subject to the provisions of the Group Contract. If changes are made to the Members Group's Program, the Member will be notified by the Members Group benefits administrator. Group Contract changes will apply to benefits for services received after the effective date of change.

If changes are made to this Program, the Member will be notified. Changes will apply to benefits for services received on or after the effective date unless otherwise required by applicable law. The effective date is the *later* of:

- The effective date of the change;
- The Members Effective Date of coverage; or
- The Group Contract anniversary date coinciding with or next following that service's effective date.

Please read the Benefit Booklet thoroughly and keep it handy. It will answer most questions regarding the Health Benefit Plan's procedures and services. **If Members have any other questions, they should call the Health Benefit Plan's Customer Service Department ("Customer Service") at the telephone number shown on the Members Identification Card ("ID Card").**

Any rights of a Member to receive benefits under the Group Contract and Benefit Booklet are personal to the Member and may not be assigned in whole or in part to any person, Provider or entity, nor may benefits be transferred, either before or after Covered Services are rendered. However, a Member can assign benefit payments to the custodial parent of a Dependent covered under the Group Contract and Benefit Booklet, as required by law.

See **Important Notices** section for updated language and coverage changes that may affect this Benefit Booklet.

Your Costs		
Benefit Period	Contract Year (12 month period beginning on Group's Anniversary Date)	
Vision Care (Adult) Benefit Period	Once every Calendar Year (1/1 - 12/31)	
Vision Care (Pediatric) Benefit Period	Once every Calendar Year (1/1 - 12/31)	
	IN-NETWORK	OUT-OF-NETWORK
Program Deductible⁽¹⁾		
Individual	None	\$3,000
Family	None	\$6,000*
<p>* In each Benefit Period, it will be applied to all family members covered under a Family Coverage. A Deductible will not be applied to any covered family member once that covered family member has satisfied the individual Deductible, or the family Deductible has been satisfied for all covered family members combined.</p>		
Pediatric Dental Services Deductible (Participating)	\$50 of Covered Expense Incurred by an eligible Member per Benefit Period for Pediatric Dental Services received from a Participating Dentist. The Pediatric Dental Services Deductible must be satisfied before the applicable Coinsurance amounts are applied.	Not Applicable
Coinsurance⁽¹⁾	0% for Covered Services, except as otherwise specified in the Schedule of Covered Services .	50% for Covered Services, except as otherwise specified in the Schedule of Covered Services .

Out-of-Pocket Limit		
Individual	\$5,000	\$9,000
Family	\$10,000	\$18,000
<p><i>Note for Out-Of-Pocket Limit shown above: When a Member Incurs the level of In-Network and/or Out-of-Network Out-of-Pocket expenses listed above of Copayments, Deductible and Coinsurance expense in one Benefit Period for In-Network and/or Out-of-Network Covered Services, the Coinsurance percentage will be reduced to 0% and no additional Copayment(s) and Deductible(s) will be required for the balance of that Benefit Period. After the Family In-Network and/or Out-of-Network Out-of-Pocket Limit amount has been met for Covered Services by Members under the same Family Coverage in a Benefit Period, the Coinsurance percentage will be reduced to 0% and no additional Copayment(s) and Deductible(s) will be required for the balance of that Benefit Period. The amount of the In-Network Care Individual Out-of-Pocket Limit and In-Network Care Family Out-of-Pocket Limit will only include expenses for Essential Health Benefits. However, no family member will contribute more than the individual In-Network and/or Out-of-Network Out-of-Pocket amount. The dollar amounts specified shall not include any expense Incurred for any Penalty amount.</i></p>		
Lifetime Maximum	Unlimited	Unlimited

- (l) The Program Deductible(s) and Coinsurance amount(s) reflected above do not apply to Prescription Drugs, Vision Care (Adult & Pediatric) and Pediatric Dental Services.

SCHEDULE OF COVERED SERVICES

This **Schedule of Covered Services** is an overview of the benefits you are entitled to. More details can be found in the **Description of Covered Services** section.

Subject to the exclusions, conditions and limitations of this Program, a Member is entitled to benefits for the Covered Services described in this **Schedule of Covered Services** during a Benefit Period, subject to any Copayment, Deductible, Coinsurance, Out-of-Pocket Limit or Lifetime Maximum. The percentages for Coinsurance and Covered Services shown in this **Schedule of Covered Services** are not always calculated on actual charges. For an explanation on how Coinsurance is calculated, see the "Covered Expense" definition in the **Important Definitions** section.

Some Covered Services must be Precertified before the Member receives the services. Failure to obtain a required Precertification for a Covered Service could result in a reduction of benefits. More information on Precertification is found in the **General Information** section.

DESCRIPTION OF COVERED SERVICES

Subject to the exclusions, conditions and limitations of this Program, a Member is entitled to benefits for the Covered Services described in this **Description of Covered Services** section during a Benefit Period, subject to any Copayment, Deductible, Coinsurance, Out-of-Pocket Limit or Lifetime Maximum. These amounts and percentages, and other cost-sharing requirements are specified in the **Schedule of Covered Services**.

Covered Services may be provided by either an In-Network or Out-of-Network Provider. However, the Member will maximize the benefits available when Covered Services are provided by a Provider that belongs to the Personal Choice Network (an In-Network Provider) and has a contract with the Health Benefit Plan to provide services and supplies to the Member. The Member will be held harmless for Out-of-Network differentials if: an In-Network Provider fails to provide written notice to the Member of the Provider's Out-of-Network status for certain services; or, an In-Network Provider provides a written order for certain services to be performed by an In-Network Provider that has Out-of-Network status for those services and that Provider performs such service. The **General Information** section provides more detail regarding In-Network and Out-of-Network Providers, the Personal Choice Network, and the reimbursement of Covered Services provided by Facility Providers and Professional Providers.

Some Covered Services must be Precertified before the Member receives the services. Precertification of services is a vital program feature that reviews Medical Necessity of certain procedures and/or admissions. In certain cases, Precertification helps determine whether a different treatment may be available that is equally effective yet less traumatic. Precertification also helps determine the most appropriate setting for certain services. Failure to obtain a required Precertification for a Covered Service could result in a reduction of benefits. More information on Precertification is found in the **General Information** section.

PRIMARY AND PREVENTIVE CARE

A Member is entitled to benefits for Primary Care and Preventive Care Covered Services when deemed Medically Necessary and billed for by a Provider. Cost-sharing requirements are specified in the **Schedule of Covered Services**.

"Preventive Care" services generally describe health care services performed to catch the early warning signs of health problems. These services are performed when the Member has no symptoms of disease. "Primary Care" services generally describe health care services performed to treat an illness or injury.

The Health Benefit Plan reviews the schedule of Covered Services, at certain times. Reviews are based on recommendations from organizations such as:

- The American Academy of Pediatrics;
- The American College of Physicians;
- The U.S. Preventive Services Task Force; and
- The American Cancer Society.

Accordingly, the frequency and eligibility of Covered Services are subject to change. A list of Preventive Care Covered Services can be found in the Preventive Schedule document. A complete listing of recommendations and guidelines can be found at <https://www.healthcare.gov/preventive-care-benefits/>.

The Health Benefit Plan reserves the right to modify the Preventive Schedule document at any time. However, the Member has to be given a written notice of the change, before the change takes effect.

Immunizations

The Health Benefit Plan will provide coverage for the following:

- Pediatric immunizations;
- Adult immunizations; and
- The agents used for the immunizations.

All immunizations, and the agents used for them, must conform to the standards set by the *Advisory Committee on Immunization Practices (ACIP) of the Center for Disease Control, U.S. Department of Health and Human Services.*

Pediatric and adult immunization schedules can be found in the Preventive Schedule document.

The benefits for these pediatric immunizations are limited to Members under 21 years of age.

Nutrition Counseling for Weight Management

The Health Benefit Plan will provide coverage for nutrition counseling visits or sessions for the purpose of weight management. However, they need to be performed and billed by any of the following Providers, in an office setting:

- By the Member's Physician;
- By a Specialist; or
- By a Registered Dietitian (RD).

This benefit is in addition to any other nutrition counseling Covered Services described in this Benefit Booklet.

Osteoporosis Screening (Bone Mineral Density Testing or BMDT)

The Health Benefit Plan will provide coverage for Bone Mineral Density Testing (BMDT), in accordance with the Preventive Schedule document. The method used needs to be one that is approved by U.S. the Food and Drug Administration. This test determines the amount of mineral in a specific area of the bone. It is used to measure bone strength, which depends on both bone density and bone quality. Bone quality refers to how the bone is built, architecture, turnover and mineralization of bone.

A BMDT must be prescribed by a Professional Provider legally authorized to prescribe such items under law.

Preventive Care - Adult

The Health Benefit Plan will provide coverage for routine physical examinations, including a complete medical history, and other Covered Services, in accordance with the Preventive Schedule document.

Preventive Care - Pediatric

The Health Benefit Plan will provide coverage for routine physical examinations, including a complete medical history, and other Covered Services, in accordance with the Preventive Schedule document.

Primary Care Physician Office Visits/Retail Clinics/Telemedicine Visits

The Health Benefit Plan will provide coverage for Medical Care visits, by a Primary Care Provider, for any of the following services:

- The examination of an illness or injury;
- The diagnosis of an illness or injury; and
- The treatment of an illness or injury.

For the purpose of this benefit, "Office Visits" include:

- Medical Care visits to a Provider's office;
- Medical Care visits by a Provider to a Member's residence; or
- Medical Care consultations by a Provider on an Outpatient basis.

In addition to Office Visits a Member may receive Medical Care at a Retail Clinic. Retail Clinics are staffed by certified family nurse practitioners, who are trained to diagnose, treat, and write prescriptions when clinically appropriate. Nurse practitioners are supported by a local Physician who is on-call during clinic hours to provide guidance and direction when necessary.

Examples of treatment and services that are provided at a Retail Clinic include, but are not limited to:

- Sore throat;
- Ear, eye, or sinus infection;
- Allergies;
- Minor burns;
- Skin infections or rashes; and
- Pregnancy testing.

For the purpose of this benefit, "Telemedicine Visits" include Medical Care visits when the encounter takes place via a secure Health Insurance Portability and Accountability Act (HIPAA) - compliant interactive audio and video telecommunications system as specified in the Health Benefit Plan's policies.

Smoking Cessation

Smoking cessation includes clinical preventive services rated "A" or "B" in the current recommendations of the United States Preventive Services Task Force (USPSTF) as described under the Preventive Services provision of the Patient Protection and Affordable Care Act.

Women's Preventive Care

The Health Benefit Plan will provide coverage for an initial physical examination for pregnant women to confirm pregnancy, screening for gestational diabetes, and other Covered Services, in accordance with the Preventive Schedule document. Covered Services include, but are not limited to, the following:

- Routine Gynecological Exam, Pap Smear: Members are covered for one routine gynecological exam each Benefit Period. This includes the following:
 - A pelvic exam and clinical breast exam; and
 - Routine Pap smears.These must be done in accordance with the recommendations of the *American College of Obstetricians and Gynecologists*.
- Mammograms: Coverage will be provided for screening mammograms. The Health Benefit Plan will only provide coverage for benefits for mammography if the following applies:
 - It is performed by a qualified mammography service provider.
 - That service provider is properly certified by the appropriate state or federal agency.
 - That certification is done in accordance with the Mammography Quality Assurance Act of

1992.

- Breastfeeding comprehensive support and counseling from trained providers; access to breastfeeding supplies, including coverage for rental of hospital-grade breastfeeding pumps under Durable Medical Equipment supplier with Medical Necessity review; and coverage for lactation support and counseling provided during postpartum hospitalization, Mother's Option visits, and obstetrician or pediatrician visits for pregnant and nursing women at no cost share to the Member when provided by an In-Network Provider.
- Contraception: The Women's Preventive Services Initiative recommends that adolescent and adult women have access to the full range of female-controlled contraceptives to prevent unintended pregnancy and improve birth outcomes. Contraceptive care should include contraceptive counseling, initiation of contraceptive use, and follow-up care. The full range of contraceptive methods for women currently identified by the U.S. Food and Drug Administration (FDA) include:
 - Sterilization surgery for women;
 - Surgical sterilization implant for women;
 - Implantable rod;
 - IUD copper;
 - IUD with progestin;
 - The shot or injection;
 - Oral contraceptives (combined pill);
 - Oral contraceptives (progestin only, and);
 - Oral contraceptives (extended or continuous use);
 - The contraceptive patch;
 - Vaginal contraceptive rings;
 - Diaphragm;
 - Contraceptive sponges;
 - Cervical caps;
 - Female condoms;
 - Spermicides;
 - Emergency contraception (levonorgestrel); and
 - Emergency contraception (ulipristal acetate).
- Although all FDA approved contraceptive methods and patient education and counseling, not including abortifacient drugs, are covered, only certain contraceptive drug options in each category are covered at no cost share to the Member when provided by an In-Network Provider. Contraception drugs and devices are covered under this section of the Benefit Booklet unless otherwise covered under the "Prescription Drugs" subsection of the ***Description of Covered Services***.

If a Member's Physician determines that they require more than one well-women visit annually to obtain all recommended preventive services (based on the women's health status, health needs and other risk factors), the additional visit(s) will be provided without cost-sharing.

INPATIENT SERVICES

Unless otherwise specified in this Benefit Booklet, services for Inpatient Care are Covered Services when they are:

- Deemed Medically Necessary;
- Provided by a Facility Provider and billed by a Provider; and
- Preapproved by the Health Benefit Plan.

Look in the **Schedule of Covered Services** section to find how much of those or other costs the Member is required to share (pay).

Hospital Services

- Ancillary Services

The Health Benefit Plan will provide coverage for all ancillary services usually provided and billed for by Hospitals, except for personal convenience items. This includes, but is not limited to:

- Meals, including special meals or dietary services, as required by the Member's condition;
- Use of operating room, delivery room, recovery room, or other specialty service rooms and any equipment or supplies in those rooms;
- Casts, surgical dressings, and supplies, devices or appliances surgically inserted within the body;
- Oxygen and oxygen therapy;
- Anesthesia when administered by a Hospital employee, and the supplies and use of anesthetic equipment;
- Habilitative Therapy Services, Rehabilitative Therapy Services and Therapy Services when administered by a person who is appropriately licensed and authorized to perform such services;
- All drugs and medications (including intravenous injections and solutions);
 - For use while in the Hospital;
 - Which are released for general use; and
 - Which are commercially available to Hospitals.
- Use of special care units, including, but not limited to intensive care units or coronary care units; and
- Pre-admission testing.

- Room and Board

The Health Benefit Plan will provide coverage for general nursing care and such other services as are covered by the Hospital's regular charges for accommodations in the following:

- An average semi-private room, as designated by the Hospital; or a private room, when designated by the Health Benefit Plan as semi-private for the purposes of this Program in Hospitals having primarily private rooms;
- A private room, when Medically Necessary;
- A special care unit, such as intensive or coronary care, when such a designated unit with concentrated facilities, equipment and supportive services is required to provide an intensive level of care for a critically ill patient;
- A bed in a general ward; and
- Nursery facilities.

Benefits are provided up to the number of days specified in the **Schedule of Covered Services**.

A Copayment may apply to an In-Network Inpatient Admission, if specified in the **Schedule of Covered Services**. For purposes of calculating the total Copayment due, an admission occurring within ten calendar days of discharge date from a previous admission shall be treated as part of the previous admission.

In computing the number of days of benefits:

- The Health Benefit Plan will count the day of the Member's admission; but not the day of the Member's discharge.
- If the Member is admitted and discharged on the same day, it will be counted as one day.

The Health Benefit Plan will only provide coverage for days spent during an uninterrupted stay in a Hospital.

It will not provide coverage for:

- Time spent outside of the Hospital, if the Member interrupts the stay and then stay past midnight on the day the interruption occurs; or
- Time spent in the Hospital after the discharge hour that the Member's attending Physician has recommended that further Inpatient care is not required.

Medical Care

The Health Benefit Plan will provide coverage for Medical Care rendered to the Member, in the following way, except as specifically provided.

It is Medical Care that is rendered:

- By a Professional Provider who is in charge of the case;
- While the Member is an Inpatient in a Hospital, Rehabilitation Hospital or Skilled Nursing Facility; and
- For a condition not related to Surgery, pregnancy, radiation therapy or Mental Illness.

Such care includes Inpatient intensive Medical Care rendered to the Member:

- While the Member's condition requires a Professional Provider's constant attendance and treatment; and
- For a prolonged period of time.

- Concurrent Care

The Health Benefit Plan will provide coverage for the following services, while the Member is an Inpatient, when they occur together:

- Services rendered to the Member by a Professional Provider:
 - Who is not in charge of the case; but
 - Whose particular skills are required for the treatment of complicated conditions.
- Services rendered to the Member as an Inpatient in a:
 - Hospital;
 - Rehabilitation Hospital; or
 - Skilled Nursing Facility.

This does not include:

- Observation or reassurance of the Member;
- Standby services;
- Routine preoperative physical examinations;
- Medical Care routinely performed in the pre- or post-operative or pre- or post-natal periods; or
- Medical Care required by a Facility Provider's rules and regulations.

- **Consultations**

The Health Benefit Plan will provide coverage for Consultation services when rendered in both of the following ways:

- By a Professional Provider, at the request of the attending Professional Provider; and
- While the Member is an Inpatient in a:
 - Hospital;
 - Rehabilitation Hospital; or
 - Skilled Nursing Facility.

Benefits are limited to one consultation per consultant during any Inpatient confinement.

Consultations do not include staff consultations which are required by the Facility Provider's rules and regulations.

Skilled Nursing Facility Services

The Health Benefit Plan will provide coverage for a Skilled Nursing Facility:

- When Medically Necessary as determined by the Health Benefit Plan.
- Up to the Maximum days specified in the ***Schedule of Covered Services***.

The Member must require treatment:

- By skilled nursing personnel;
- Which can be provided only on an Inpatient basis in a Skilled Nursing Facility.

A Copayment may apply to an In-Network Inpatient Admission, if specified in the ***Schedule of Covered Services***. For purposes of calculating the total Copayment due, an admission occurring within ten calendar days of discharge date from any previous admission shall be treated as part of the previous admission.

In computing the number of days of benefits:

- The Health Benefit Plan will count the day of the Member's admission; but not the day of the Member's discharge.
- If the Member is admitted and discharged on the same day, it will be counted as one day.

The Health Benefit Plan will only provide coverage for days spent during an uninterrupted stay in a Skilled Nursing Facility.

It will not provide coverage for:

- Time spent outside of the Skilled Nursing Facility, if the Member interrupts their stay and then stays past midnight on the day the interruption occurs;
- Time spent if the Member remains past midnight of the day on which the interruption occurred; or
- Time spent in the Skilled Nursing Facility after the discharge hour that the Member's attending Physician has recommended that further Inpatient care is not required.

INPATIENT/OUTPATIENT SERVICES

The Member is entitled to benefits for Covered Services while the Member is an Inpatient in a Facility Provider or on an Outpatient basis when both of the following happen:

- Deemed Medically Necessary; and
- Billed for by a Provider.

Look in the **Schedule of Covered Services** section to find how much of those or other costs the Member is required to share (pay).

Blood

The Health Benefit Plan will provide coverage for the administration of blood and blood processing from donors. In addition, benefits are also provided for:

- Autologous blood drawing, storage or transfusion.
 - This refers to a process that allows the Member to have their own blood drawn and stored for personal use.
 - One example would be self-donation, in advance of planned Surgery.
- Whole blood, blood plasma and blood derivatives:
 - Which are not classified as drugs in the official formularies; and
 - Which have not been replaced by a donor.

Hospice Services

The Health Benefit Plan will provide coverage for palliative and supportive services provided to a terminally ill Member through a Hospice program by a Hospice Provider. This also includes Respite Care.

- Who is eligible: The Member will be eligible for Hospice benefits if both of the following occur:
 - The Member's attending Physician certifies that the Member has a terminal illness, with a medical prognosis of six months or less; and
 - The Member elects to receive care primarily to relieve pain.
- The goal of care and what is included: Hospice Care provides services to make the Member as comfortable and pain-free as possible. This is primarily comfort care, and it includes:
 - Pain relief;
 - Physical care;
 - Counseling; and
 - Other services, that would help the Member cope with a terminal illness, rather than cure it.
- What happens to the treatment of the Member's illness: When the Member elects to receive Hospice Care:
 - Benefits for treatment provided to cure the terminal illness are no longer provided.
 - The Member can also change their mind and elect to *not* receive Hospice Care anymore.
- How long Hospice care continues: Benefits for Covered Hospice Services shall be provided until whichever occurs first:
 - The Member's discharge from Hospice Care; or
 - The Member's death.
- Respite Care for the Caregiver: If the Member were to receive Hospice Care primarily in the home, the Member's primary caregiver may need to be relieved, for a short period. In such a case, the Health Benefit Plan will provide coverage for the Member to receive the same kind of care in the following way:
 - On a short-term basis;
 - As an Inpatient; and
 - In a Medicare certified Skilled Nursing Facility.

This can only be arranged when the Hospice considers such care necessary to relieve primary caregivers in the Member's home.

Maternity/OB-GYN/Family Services

- Artificial Insemination
Services performed by a Professional Provider for the promotion of fertilization of a female recipient's own ova (eggs):
 - By the introduction of mature sperm from partner or donor into the recipient's vagina or uterus, with accompanying:
 - Simple sperm preparation;
 - Sperm washing; and/or
 - Thawing.

- Elective Abortions
The Health Benefit Plan will provide coverage for services provided in a Facility Provider that is a Hospital or Birth Center. It also includes services performed by a Professional Provider for the voluntary termination of a pregnancy by a Member, which is a Covered Expense under this Program.

- Maternity/Obstetrical Care
The Health Benefit Plan will provide coverage for Covered Services rendered in the care and management of a pregnancy for a Member.
 - Pre-notification - The Health Benefit Plan should be notified of the need for maternity care within one month of the first prenatal visit to the Physician or midwife.
 - Facility and Professional Services - The Health Benefit Plan will provide coverage for:
 - Facility services: Provided by a Facility Provider that is a Hospital or Birth Center; and
 - Professional services: Performed by a Professional Provider or certified midwife.
 - Scope of Care - The Health Benefit Plan will provide coverage for:
 - Prenatal care; and
 - Postnatal care.
 - Type of delivery - Maternity care Inpatient benefits will be provided for:
 - 48 hours for vaginal deliveries; and
 - 96 hours for cesarean deliveries.

Except as otherwise approved by the Health Benefit Plan.

 - Home Health Care for Early Discharge: In the event of early post-partum discharge from an Inpatient Admission:
 - Benefits are provided for Home Health Care, as provided for in the Home Health Care benefit.

- Newborn Care
 - A Member's newborn child will be entitled to benefits provided by this Program:
 - From the date of birth up to a maximum of 31 days.
 - Such coverage within the 31 days will include care which is necessary for the treatment of:
 - Medically diagnosed congenital defects;
 - Medically diagnosed birth abnormalities;
 - Medically diagnosed prematurity; and
 - Routine nursery care.
 - Coverage for a newborn may be continued beyond 31 days under conditions specified in the **General Information** section of this Benefit Booklet.

Mental Health/Psychiatric Care

The Health Benefit Plan will provide coverage for the treatment of Mental Illness and Serious Mental Illness based on the services provided and reported by the Provider. Upon request, the

Health Benefit Plan will make available the criteria for Medical Necessity determinations made under the Program for Mental Health/Psychiatric Care to any current or potential Member, Dependent or In-Network Provider.

- Regarding the provision of care other than Mental Health/Psychiatric Care: When a Provider renders Medical Care, other than Mental Health/Psychiatric Care, for a Member with Mental Illness and Serious Mental Illness, payment for such Medical Care:
 - Will be based on the Medical Benefits available; and
 - Will not be subject to the Mental Health/Psychiatric Care limitations. Emergency Care will be considered In-Network Care.
- Inpatient Treatment
The Health Benefit Plan will provide coverage, subject to the Benefit Period limitation(s) stated in the **Schedule of Covered Services**, during an Inpatient Admission for treatment of Mental Illness and Serious Mental Illness. For maximum benefits, treatment must be received from an In-Network Facility Provider and Inpatient visits for the treatment of Mental Illness and Serious Mental Illness must be performed by an In-Network Professional Provider.

Covered Services include treatments such as:

- Psychiatric visits;
- Psychiatric consultations;
- Individual and group psychotherapy;
- Electroconvulsive therapy;
- Psychological testing; and
- Psychopharmacologic management.

A Copayment may apply to an In-Network Inpatient Admission, if specified in the **Schedule of Covered Services**. For purposes of calculating the total Copayment due, an admission occurring within ten calendar days of discharge date from a previous admission shall be treated as part of the previous admission.

- Outpatient Treatment
The Health Benefit Plan will provide coverage for Outpatient treatment of Mental Illness and Serious Mental Illness. For maximum benefits, treatment must be performed by an In-Network Professional Provider/In-Network Facility Provider.

Covered Services include treatments such as:

- Psychiatric visits;
- Psychiatric consultations;
- Individual and group psychotherapy;
- Licensed Clinical Social Worker visits;
- Masters Prepared Therapist visits;
- Tele-Behavioral Health services;
- Electroconvulsive therapy;
- Psychological testing;
- Psychopharmacologic management; and
- Psychoanalysis.

- Benefit Period Maximums for Mental Health/Psychiatric Care
All Inpatient Mental Health/Psychiatric Care for both Mental Illness and Serious Mental Illness are covered up to the Maximum day amount(s) per Benefit Period specified in the **Schedule of Covered Services**. Out-of-Network Benefit Period maximums are part of, not separate from, In-Network Benefit Period maximums.

Routine Patient Costs Associated With Qualifying Clinical Trials

- The Health Benefit Plan provides coverage for Routine Patient Costs Associated with Participation in a Qualifying Clinical Trial (see the **Important Definitions** section).
- To ensure coverage and appropriate claims processing, the Health Benefit Plan must be notified in advance of the Member's participation in a Qualifying Clinical Trial. Benefits are payable if the Qualifying Clinical Trial is conducted by an In-Network Professional Provider, and conducted in an In-Network Facility Provider. If there is no comparable Qualifying Clinical Trial being performed by an In-Network Professional Provider, and in an In-Network Facility Provider, then the Health Benefit Plan will consider the services by an Out-of-Network Provider, participating in the clinical trial, as covered if the clinical trial is deemed a Qualifying Clinical Trial (see **Important Definitions** section) by the Health Benefit Plan.

Surgical Services

The Health Benefit Plan will provide coverage for surgical services provided:

- By a Professional Provider, and/or a Facility Provider
- For the treatment of disease or injury.

Separate payment will not be made for:

- Inpatient preoperative care or all postoperative care normally provided by the surgeon as part of the surgical procedure.

 - Surgery to reestablish symmetry or alleviate functional impairment, including, but not limited to:
 - Augmentation;
 - Mammoplasty;
 - Reduction mammoplasty; and
 - Mastopexy.

- Coverage is also provided for:
 - The surgical procedure performed in connection with the initial and subsequent insertion or removal of Prosthetic Devices (either before or after Surgery) to replace the removed breast or portions of it;
 - The treatment of physical complications at all stages of the mastectomy, including lymphedemas. Treatment of lymphedemas is not subject to any benefit Maximum amounts that may apply to "Physical Therapy" services as may be provided under the subsections entitled "Habilitative Therapy Services" and "Rehabilitative Therapy Services" of this section; and
 - Routine neonatal circumcisions and any voluntary surgical procedure for sterilization.

- Anesthesia
 - The Health Benefit Plan will provide coverage for the administration of Anesthesia:
 - In connection with the performance of Covered Services;
 - When rendered by or under the direct supervision of a Professional Provider other than the surgeon, assistant surgeon or attending Professional Provider (except an Obstetrician providing Anesthesia during labor and delivery and an oral surgeon providing services otherwise covered under this Benefit Booklet).
 - General Anesthesia, along with hospitalization and all related medical expenses normally Incurred as a result of the administration of general Anesthesia, when rendered in conjunction with dental care provided to Members age seven (7) or under and for developmentally disabled Members when determined by the Health Benefit Plan to be Medically Necessary and when a successful result cannot be expected for treatment under local Anesthesia, or when a superior result can be expected from treatment under general Anesthesia.

- Assistant at Surgery

The Health Benefit Plan will provide coverage for an assistant surgeon's services if:

 - The assistant surgeon actively assists the operating surgeon in the performance of covered Surgery;
 - An intern, resident, or house staff member is not available; and
 - The Member's condition or the type of Surgery must require the active assistance of an assistant surgeon as determined by the Health Benefit Plan.

Surgical assistance is not covered when performed by a Professional Provider who themselves performs and bills for another surgical procedure during the same operative session.

- Hospital Admission for Dental Procedures or Dental Surgery

The Health Benefit Plan will provide coverage for a Hospital admission in connection with dental procedures or Surgery only when:

 - The Member has an existing non-dental physical disorder or condition; and
 - Hospitalization is Medically Necessary to ensure the Member's health.

Dental procedures or Surgery performed during such a confinement will only be covered for the services described in "Oral Surgery" and "Assistant at Surgery" provisions.

- Oral Surgery

The Health Benefit Plan will provide coverage for Covered Services provided by a Professional Provider and/or Facility Provider for:

- Orthognathic Surgery – Surgery on the bones of the jaw (maxilla or mandible) to correct their position and/or structure for the following clinical indications only:
 - For accidents: The initial treatment of Accidental Injury/trauma (That is, fractured facial bones and fractured jaws), in order to restore proper function.
 - For congenital defects: In cases where it is documented that a severe congenital defect (That is, cleft palate) results in speech difficulties that have not responded to non-surgical interventions.
 - For chewing and breathing problems: In cases where it is documented (using objective measurements) that chewing or breathing function is materially compromised (defined as greater than two standard deviations from normal) where such compromise is not amenable to non-surgical treatments, and where it is shown that orthognathic Surgery will decrease airway resistance, improve breathing, or restore swallowing.
- Other Oral Surgery - Defined as Surgery on or involving the teeth, mouth, tongue, lips, gums, and contiguous structures. Covered Service will only be provided for:
 - Surgical removal of impacted teeth which are partially or completely covered by bone;
 - Surgical treatment of cysts, infections, and tumors performed on the structures of the mouth; and
 - Surgical removal of teeth prior to cardiac Surgery, Radiation Therapy or organ transplantation.

To the extent that the Member has available dental coverage, the Health Benefit Plan reserves the right to seek recovery from the Provider.

The Health Benefit Plan has the right to decide which facts are needed. The Health Benefit Plan may, without consent of or notice to any person, release to or obtain from any other organization or person any information, with respect to any person, which the Health Benefit Plan deems necessary for such purposes. Any person claiming benefits under this Program shall furnish to the Health Benefit Plan such information as may be necessary to implement this provision.

- Second Surgical Opinion (Voluntary)

The Health Benefit Plan will provide coverage for consultations for Surgery to determine the Medical Necessity of an elective surgical procedure.

- "Elective Surgery" is that Surgery which is not of an Emergency or life threatening nature;
- Such Covered Services must be performed and billed by a Professional Provider other than the one who initially recommended performing the Surgery.

Transplant Services

When a Member is the recipient of transplanted human organs, marrow, or tissues, benefits are provided for all Inpatient and Outpatient transplants, which are beyond the Experimental/Investigative stage. Benefits, are also provided for those services to the Member which are directly and specifically related to the covered transplantation. This includes services for the examination of such transplanted organs, marrow, or tissue and the processing of Blood provided to a Member:

- When both the recipient and the donor are Members, the payment of their respective medical expenses shall be covered by their respective benefit programs.
- When only the recipient is a Member, and the donor has no available coverage or source for funding, benefits provided to the donor will be charged against the recipient's coverage under this Program. The donor benefits are limited to only those not provided or available to the donor from any other source. This includes, but is not limited to, other insurance coverage, or coverage by the Health Benefit Plan or any government program. When only the recipient is a Member and the donor has available coverage or a source for funding, the donor must use such coverage or source for funding as no benefits are provided to the donor under this Program.
- When only the donor is a Member, the donor is entitled to the benefits of this Program for all related donor expenses, subject to the following additional limitations:
 - The benefits are limited to only those benefits not provided or available to the donor from any other source for funding or coverage in accordance with the terms of this Program; and
 - No benefits will be provided to the donor recipient.
- If any organ or tissue is sold rather than donated to the Member recipient, no benefits will be payable for the purchase price of such organ or tissue.

OUTPATIENT SERVICES

Unless otherwise specified in this Benefit Booklet, services for Outpatient Care are Covered Services when:

- Deemed Medically Necessary; and
- Billed for by a Provider.

Look in the ***Schedule of Covered Services*** section to find how much of those or other costs the Member is required to share (pay).

Acupuncture

The Health Benefit Plan will provide coverage for Acupuncture up to the limits specified in the ***Schedule of Covered Services*** for all Covered Services.

Ambulance Services/Transport

The Health Benefit Plan will provide coverage for ambulance services. However, these services need to be:

- Medically Necessary as determined by the Health Benefit Plan; and
- Used for transportation in a specially designed and equipped vehicle that is used only to transport the sick or injured and only when the following applies;
 - The vehicle is licensed as an ambulance, where required by applicable law;
 - The ambulance transport is appropriate for the Member's clinical condition;
 - The use of any other method of transportation, such as taxi, private car, wheel-chair van or other type of private or public vehicle transport would endanger the Member's health or be inappropriate for the Member's medical condition; and
 - The ambulance transport satisfies the destination and other requirements as stated under Regarding Emergency Ambulance transport or Regarding Non-Emergency Ambulance transports.

In addition, the Health Benefit Plan will provide coverage for services provided by a licensed Emergency services Provider who initiates necessary intervention to evaluate and, if necessary, stabilize the condition of the Member and subsequently determines the Member does not require transport or the Member refuses to be transported. These services must be Medically Necessary as determined by the Health Benefit Plan.

Benefits are payable for air or sea ambulance transportation only if the Member's condition, and the distance to the nearest facility able to treat the Member's condition, justify the use of an alternative to land transport.

- Regarding Emergency Ambulance transport: The ambulance must be transporting the Member:
 - From the Member's home, or the scene of an accident or Medical Emergency;
 - To the nearest Hospital, or other Emergency Care Facility, that can provide the Medically Necessary Covered Services for the Member's condition.
- Regarding Non-Emergency Ambulance transports: Non-Emergency air or ground facility transport may be covered when Medically Necessary as determined by the Health Benefit Plan (For example, sending facility does not have the required services to effectively treat the Member, such as trauma or burn care). Non-Emergency air or ground transport may be

covered to transport the Member back to an In-Network Facility Provider as determined by the Health Benefit Plan, when:

- The transfer is Medically Necessary (as determined by the Health Benefit Plan's definition of Medical Necessity); and
- The Member's medical condition requires uninterrupted care and attendance by qualified medical staff during transport by ground ambulance, or by air transport when transfer cannot be safely provided by land ambulance.

Non-Emergency ambulance transports are not provided for family members or companions or for the convenience of the Member, the family, or the Provider treating the Member.

Autism Spectrum Disorders (ASD)

The Health Benefit Plan will provide coverage for the diagnostic assessment and treatment of Autism Spectrum Disorders (ASD) for Members under 21 years of age subject to the Annual Benefit Maximum specified in the ***Schedule of Covered Services***.

Diagnostic assessment is defined as Medically Necessary assessments, evaluations or tests performed by a licensed Physician, licensed Physician assistant, licensed Psychologist or Certified Registered Nurse practitioner, or Autism Service Provider to diagnose whether an individual has an Autism Spectrum Disorder. Results of the diagnostic assessment shall be valid for a period of not less than 12 months, unless a licensed Physician or licensed Psychologist determines an earlier assessment is necessary.

Treatment of Autism Spectrum Disorders shall be identified in an ASD Treatment Plan and shall include any Medically Necessary Pharmacy Care, Psychiatric Care, Psychological Care, Rehabilitative Care and Therapeutic Care that is:

- Prescribed, ordered or provided by a licensed Physician, licensed Physician assistant, licensed Psychologist, Licensed Clinical Social Worker or Certified Registered Nurse practitioner;
- Provided by an Autism Service Provider, including a Behavior Specialist; or
- Provided by a person, entity or group that works under the direction of an Autism Service Provider.

An ASD Treatment Plan shall be developed by a licensed Physician or licensed Psychologist pursuant to a comprehensive evaluation or reevaluation performed in a manner consistent with the most recent clinical report or recommendations of the American Academy of Pediatrics. The ASD Treatment Plan may be reviewed by the Health Benefit Plan once every six months. A more or less frequent review can be agreed upon by the Health Benefit Plan and the licensed Physician or licensed Psychologist developing the ASD Treatment Plan.

Treatment of Autism Spectrum Disorders will include any of the following Medically Necessary services that are listed in an ASD Treatment Plan developed by a licensed Physician or licensed Psychologist:

- Applied Behavioral Analysis - The design, implementation and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior or to prevent loss of attained skill or function, including the use of direct observation, measurement and functional analysis of the relations between environment and behavior.
- Pharmacy Care - Medications prescribed by a licensed Physician, licensed physician assistant or Certified Registered Nurse practitioner and any assessment, evaluation or test prescribed or ordered by a licensed Physician, licensed physician assistant or Certified

Registered Nurse practitioner to determine the need or effectiveness of such medications. If this Program provides benefits for Prescription Drugs the ASD medications may be purchased at a Pharmacy, subject to the cost-sharing arrangement applicable to the Prescription Drug coverage.

- Psychiatric Care - Direct or consultative services provided by a Physician who specializes in psychiatry.
- Psychological Care - Direct or consultative services provided by a Psychologist.
- Rehabilitative Care - Professional services and treatment programs, including applied behavioral analysis, provided by an Autism Service Provider to produce socially significant improvements in human behavior or to prevent loss of attained skill or function.
- Therapeutic Care - Services provided by speech language pathologists, occupational therapists or physical therapists.

Upon full or partial denial of coverage for any Autism Spectrum Disorders benefits, a Member shall be entitled to file an Appeal. The Appeal process will:

- Provide internal review followed by independent external review; and
- Have levels, expedited and standard Appeal time frames, and other terms established by the Health Benefit Plan consistent with applicable Pennsylvania and federal law.

Appeal filing procedures will be described in notices denying any Autism Spectrum Disorders benefits. Full Appeal process descriptions will be provided after a new Appeal is initiated and can also be obtained at any time by contacting Member Services.

Consumable Medical Supplies

The Health Benefit Plan will provide coverage for the purchase of Consumable Medical Supplies when:

- It is used in the Member's home; and
- It is obtained through a Professional Provider.

Diabetic Education Program

When prescribed by a Professional Provider legally authorized to prescribe such items under law, the Health Benefit Plan will provide coverage for diabetes Outpatient self-management training and education, including medical nutrition, for the treatment of:

- Insulin-dependent diabetes;
- Insulin-using diabetes;
- Gestational diabetes; and
- Noninsulin-using diabetes.

When Physician certification must occur: The attending Physician must certify that a Member requires diabetic education on an Outpatient basis, under the following circumstances:

- Upon the initial diagnosis of diabetes;
- Upon a significant change in the Member's symptoms or condition; or
- Upon the introduction of new medication or a therapeutic process in the treatment or management of the Member's symptoms or condition.

Requirements that must be met: Outpatient diabetic education services will be covered when they meet specific requirements.

- These requirements are based on the certification programs for Outpatient diabetic education developed by the American Diabetes Association and the Pennsylvania Department of Health.

- Specific requirements: Outpatient diabetic education services and education program must:
 - Be provided by an In-Network Provider; and
 - Be conducted under the supervision of a licensed health care professional with expertise in diabetes, and subject to the requirements of the Health Benefit Plan.

Covered services include Outpatient sessions that include, but may not be limited to, the following information:

- Initial assessment of the Member's needs;
- Family involvement and/or social support;
- Psychological adjustment for the Member;
- General facts/overview on diabetes;
- Nutrition including its impact on blood glucose levels;
- Exercise and activity;
- Medications;
- Monitoring and use of the monitoring results;
- Prevention and treatment of complications for chronic diabetes, (That is, foot, skin and eye care);
- Use of community resources; and
- Pregnancy and gestational diabetes, if applicable.

Diabetic Equipment and Supplies

- Coverage and costs: The Health Benefit Plan will provide coverage for diabetic equipment and supplies purchased from a Durable Medical Equipment Provider. This is subject to any applicable Deductible, Copayment and/or Coinsurance requirements applicable to Durable Medical Equipment benefits.
- When diabetic equipment and supplies can be purchased at a Pharmacy: This Program provides benefits for Prescription Drugs:
 - Certain Diabetic Equipment and Supplies, including insulin and oral agents, may be purchased at a Pharmacy, if available;
 - This will be subject to the cost-sharing arrangements, applicable to the Prescription Drug coverage.
- When diabetic equipment and supplies are not available at a Pharmacy:
 - The diabetic equipment and supplies will be provided under the Durable Medical Equipment benefit;
 - This will be subject to the cost-sharing arrangements applicable to Durable Medical Equipment.
- Covered Diabetic Equipment:
 - Blood glucose monitors;
 - Insulin pumps;
 - Insulin infusion devices; and
 - Orthotics and podiatric appliances for the prevention of complications associated with diabetes.
- Covered Diabetic Supplies:
 - Blood testing strips;
 - Visual reading and urine test strips;
 - Insulin and insulin analogs;
 - Injection aids;
 - Insulin syringes;
 - Lancets and lancet devices;
 - Monitor supplies;
 - Pharmacological agents for controlling blood sugar levels; and
 - Glucagon emergency kits.

Diagnostic Services

The Health Benefit Plan will provide coverage for the following Diagnostic Services, when ordered by a Professional Provider and billed by a Professional Provider, and/or a Facility Provider:

- Routine Diagnostic Services, including, but not limited to:
 - Routine radiology: Consisting of x-rays, mammograms, ultrasound, and nuclear medicine;
 - Routine medical procedures: Consisting of ECG, EEG and other diagnostic medical procedures approved by the Health Benefit Plan; and
 - Allergy testing: Consisting of percutaneous, intracutaneous and patch tests.
- Non-Routine Diagnostic Services, including, but not limited to:
 - Nuclear Cardiology Imaging;
 - MRI/MRA;
 - CT Scans;
 - PET Scans; and
 - Sleep Studies.
- Diagnostic laboratory and pathology tests.
- Genetic testing and counseling.
This includes services provided to a Member at risk for a specific disease that is a result of:
 - Family history; or
 - Exposure to environmental factors that are known to cause physical or mental disorders.

When clinical usefulness of specific genetic tests has been established by the Health Benefit Plan, these services are covered for the purpose of:

- Diagnosis;
- Screening;
- Predicting the course of a disease;
- Judging the response to a therapy;
- Examining risk for a disease; or
- Reproductive decision-making.

Durable Medical Equipment

The Health Benefit Plan will provide coverage for the rental or, at the option of the Health Benefit Plan, the purchase of Durable Medical Equipment when:

- Prescribed by a Professional Provider and required for therapeutic use; and
- Determined to be Medically Necessary by the Health Benefit Plan.

Although an item may be classified as Durable Medical Equipment it may not be covered in every instance. Durable Medical Equipment, as defined in the **Important Definitions** section, that includes equipment that meets the following criteria:

- It is durable and can withstand repeated use. An item is considered durable if it can withstand: repeated use, (That is, the type of item that could normally be rented). Medical Supplies of an expendable nature are not considered "durable" (For example, see the "Non-reusable supplies" provisions of the "Durable Medical Equipment" exclusion of the **Exclusions - What Is Not Covered** section of this Program);
- It customarily and primarily serves a medical purpose;
- It is generally not useful to a person without an illness or injury. The item must be expected to make a meaningful contribution to the treatment of the Member's illness, injury, or to improvement of a malformed body part; and
- It is appropriate for home use.

Replacement and Repair:

The Health Benefit Plan will provide coverage for the repair or replacement of Durable Medical Equipment when the equipment does not function properly; and is no longer useful for its intended purpose, in the following limited situations:

- Due to a change in a Member's condition: When a change in the Member's condition requires a change in the Durable Medical Equipment the Health Benefit Plan will provide repair or replacement of the equipment;
- Due to breakage: When the Durable Medical Equipment is broken due to significant

damage, defect, or wear, the Health Benefit Plan will provide repair or replacement only if the equipment's warranty has expired and it has exceeded its reasonable useful life as determined by the Health Benefit Plan.

Breakage under warranty: If the Durable Medical Equipment breaks while it is under warranty, replacement and repair is subject to the terms of the warranty. Contacts with the manufacturer or other responsible party to obtain replacement or repairs based on the warranty are the responsibility of:

- The Health Benefit Plan in the case of rented equipment; and
- The Member in the case of purchased equipment.

Breakage during reasonable useful lifetime: The Health Benefit Plan will not be responsible if the Durable Medical Equipment breaks during its reasonable useful lifetime for any reason not covered by warranty. (For example, the Health Benefit Plan will not provide benefits for repairs and replacements needed because the equipment was abused or misplaced.)

Cost to repair vs. cost to replace: The Health Benefit Plan will provide benefits to repair Durable Medical Equipment when the cost to repair is less than the cost to replace it. For purposes of replacement or repair of Durable Medical Equipment:

- Replacement means the removal and substitution of Durable Medical Equipment or one of its components necessary for proper functioning;
- A repair is a restoration of the Durable Medical Equipment or one of its components to correct problems due to wear or damage or defect.

Emergency Care Services

- The In-Network level of benefits provided: Benefits for Emergency Care Services provided by a Hospital Emergency Room or other Outpatient Emergency Facility are provided by the Health Benefit Plan. They are provided at the In-Network level of benefits, regardless of whether the Member is treated by a In-Network or Out-of-Network Provider.
- Where to call and where to go: If Emergency Services are required, whether the Member is located in or outside the Personal Choice Network service area: Call 911 or seek treatment immediately at the emergency department of the closest Hospital or Outpatient Emergency Facility.
- What Emergency Care is: Emergency Care services are Outpatient services and supplies provided by a Hospital or Facility Provider and/or Professional Provider for initial treatment of the Emergency.
- Examples of an Emergency include:
 - Heart attack;
 - Loss of consciousness or respiration;
 - Cardiovascular accident;
 - Convulsions;
 - Severe Accidental Injury; and
 - Other acute medical conditions as determined by the Health Benefit Plan.

Note: Should any dispute arise as to whether an Emergency existed or as to the duration of an Emergency: The determination by the Health Benefit Plan shall be final.

Habilitative Therapy Services

The Health Benefit Plan will provide coverage, subject to the Benefit Period Maximums specified in the **Schedule of Covered Services**, for services prescribed by a Physician and performed by a Professional Provider, a therapist who is registered or licensed by the appropriate authority to perform the applicable therapeutic service, and/or Facility Provider, which are used in treatment of an illness or injury to promote recovery of the Member.

- Occupational Therapy
Includes treatment of a physically disabled person by means of constructive activities designed and adapted to promote the restoration of the person's ability to satisfactorily accomplish the ordinary tasks of daily living. Coverage will also include services rendered by a registered, licensed occupational therapist.
- Physical Therapy
Includes treatment by physical means, heat, hydrotherapy or similar modalities, physical agents, bio-mechanical and neuro-physiological principles, and devices to relieve pain, restore maximum function, and prevent disability following disease, injury, or loss of body part, including the treatment of functional loss following hand and/or foot Surgery.
- Speech Therapy
Includes treatment for the correction of a speech impairment resulting from disease, Surgery, injury, congenital anomalies, or previous therapeutic processes. Coverage will also include services by a speech therapist.

Home Health Care

- **Covered Services:** The Health Benefit Plan will provide coverage for the following services when performed by a licensed Home Health Care Provider:
 - Professional services of appropriately licensed and certified individuals;
 - Intermittent skilled nursing care;
 - Physical Therapy;
 - Speech Therapy;
 - Well mother/well baby care following release from an Inpatient maternity stay; and
 - Care within 48 hours following release from an Inpatient Admission when the discharge occurs within 48 hours following a mastectomy.
- **Regarding well mother/well baby care:** With respect to well mother/well baby care following early release from an Inpatient maternity stay, Home Health Care services must be provided within 48 hours if:
 - Discharge occurs earlier than 48 hours of a vaginal delivery; or
 - Discharge occurs earlier than 96 hours of a cesarean delivery.
 No cost-sharing shall apply to these benefits when they are provided after an early discharge from the Inpatient maternity stay.
- **Regarding other medical services and supplies:** The Health Benefit Plan will also provide coverage for certain other medical services and supplies, when provided along with a primary service. Such other services and supplies include:
 - Occupational Therapy;
 - Medical social services; and
 - Home health aides in conjunction with skilled services and other services which may be approved by the Health Benefit Plan.
- **Regarding Medical Necessity:** Home Health Care benefits will be provided only when prescribed by the Member's attending Physician, in a written Plan Of Treatment and approved by the Health Benefit Plan as Medically Necessary.
- **Regarding the issue of being confined:** There is no requirement that the Member be previously confined in a Hospital or Skilled Nursing Facility prior to receiving Home Health Care.
- **Regarding being Homebound:** With the exception of Home Health Care provided to a Member, immediately following an Inpatient release for maternity care, the Member must be Homebound in order to be eligible to receive Home Health Care benefits by a Home Health Care Provider.

Limitations: This benefit is subject to the limits shown in the **Schedule of Covered Services**.

Injectable Medications

The Health Benefit Plan will provide coverage for injectable medications required in the treatment of an injury or illness when administered by a Professional Provider.

▪ Specialty Drugs

- Refer to a medication that meets certain criteria including, but not limited to:
 - The drug is used in the treatment of a rare, complex, or chronic disease;
 - A high level of involvement is required by a healthcare provider to administer the drug;
 - Complex storage and/or shipping requirements are necessary to maintain the drug's stability;
 - The drug requires comprehensive patient monitoring and education by a healthcare provider regarding safety, side effects, and compliance; and
 - Access to the drug may be limited.
- Specialty Drugs can be categorized into different drug classes, including Gene Replacement Therapies. To obtain a list of Specialty Drugs please go to www.ibx.com/resources/for-providers/policies-and-guidelines/pharmacy-information/specialty-drugs or call the Customer Service telephone number shown on the Member's Identification Card.
- Gene Replacement Therapies are eligible for coverage under the medical benefit and require Precertification from the Health Benefit Plan. Gene Replacement Therapies that are eligible for coverage are included on the Precertification list. This list can be found at: <https://www.ibx.com/resources/for-providers/policies-and-guidelines/operations-management/preapproval-requirements>.
- Copayments and Coinsurance apply:
 - The purchase of all Specialty Drugs is subject to:
 - ❖ A Copayment, if dispensed by an In-Network Provider; or
 - ❖ Coinsurance, if dispensed by an Out-of-Network Provider.
 - The Copayment and Coinsurance amounts are shown in the **Schedule of Covered Services**.
- Copayment and Coinsurance amounts will apply:
 - To each 30 day supply of medication dispensed for medications administered on a regularly scheduled basis; or
 - To each course/series of injections if administered on an intermittent basis.
A 90 day supply of medication may be dispensed for some medications that are used for the treatment of a chronic illness; in such a case, the Member will be subject to three Copayments, if applicable.
- Dual Coverage
Coverage and costs: The Health Benefit Plan will provide coverage for an injectable medication in accordance with Medical Policy coverage criteria and the terms and conditions of this Benefit Booklet. This is subject to any applicable Deductible, Copayment and/or Coinsurance or Precertification requirements:
 - If the drug is covered under the "Injectable Medication" benefit of this Benefit Booklet and is administered by a healthcare Provider in a Hospital Outpatient facility, provider's office, ambulatory (or free-standing) infusion suite, home (through a home infusion vendor), inpatient Hospital, or any other health care facility, this drug is eligible for coverage under the medical benefit:

- ❖ Injectable medications are subject to the cost-share specified in the **Schedule of Covered Services**.
- Certain injectable medications may have a different formulation that is deemed eligible for coverage under the prescription drug benefit, if the benefit exists for the drug and if the Member can safely self-administer the drug without the assistance of a healthcare Provider, in accordance with the drug's prescribing information:
 - ❖ Self-administered drugs are subject to the cost-sharing associated with the terms of the Member's prescription drug benefit.

Cost-sharing amounts for a drug that may be eligible for coverage under the Member's medical benefit or prescription drug benefit may vary. Members should discuss these coverage options with their healthcare Provider. Member financial responsibilities (including Deductible, Copayment, and/or Coinsurance) depend on the terms and conditions of the Member's applicable benefit. These terms and conditions are subject to change.

- **Standard Injectable Drugs**
 - Standard Injectable Drugs refer to a medication that is either injectable or infusible, but is not defined by the Health Benefit Plan to be a Self-Administered Prescription Drug or a Specialty Drug.
 - Standard Injectable Drugs include, but are not limited to:
 - Allergy injections and extractions; and
 - Injectable medications such as antibiotics and steroid injections that are administered by a Professional Provider.
 - Self-Administered Prescription Drugs generally are not covered.
 - For more information on Self-Administered Prescription Drugs:
 - Please refer to the **Exclusions - What Is Not Covered** section.

Medical Foods and Nutritional Formulas

- The Health Benefit Plan will provide coverage for Medical Foods when provided for the therapeutic treatment of inherited errors of metabolism (IEMs) such as:
 - Phenylketonuria;
 - Branched-chain ketonuria;
 - Galactosemia; and
 - Homocystinuria.

Coverage is provided when administered on an Outpatient basis, either orally or through a tube.

- The Health Benefit Plan will provide coverage for Nutritional Formulas when the Nutritional Formula is taken orally or through a tube by an infant or child suffering from Severe Systemic Protein Allergy, food protein-induced enterocolitis syndrome, eosinophilic disorders or short-bowel syndrome that do not respond to treatment with standard milk or soy protein formulas and casein hydrolyzed formulas.

The Health Benefit Plan will provide coverage for Medical Foods and Nutritional Formulas when provided through a Durable Medical Equipment supplier or in connection with Infusion Therapy as provided for in this Program.

An estimated basal caloric requirement for Medical Foods and Nutritional Formula is not required for IEMs, or for when administered through a tube.

Non-Surgical Dental Services

The Health Benefit Plan will provide coverage only for:

- The initial treatment of Accidental Injury/trauma, (That is, fractured facial bones and fractured jaws), in order to restore proper function.

Restoration of proper function includes the dental services required for the initial restoration or replacement of Sound Natural Teeth, required for the initial treatment for the Accidental Injury/trauma. This includes:

- The first caps;
 - Crowns;
 - Bridges; and
 - Dentures (but not dental implants).
- The preparation of the jaws and gums required for initial replacement of Sound Natural Teeth. Injury as a result of chewing or biting is not considered an Accidental Injury. See the exclusion of dental services in the **Exclusions - What Is Not Covered** section for more information on what dental services are not covered.

Orthotics (Devices Used for Support of Bones and Joints)

The Health Benefit Plan will provide coverage for:

- The first purchase and fitting: This is the initial purchase and fitting (per medical episode) of orthotic devices which are Medically Necessary as determined by the Health Benefit Plan. This does not include foot orthotics, unless the Member requires foot orthotics as a result of diabetes.
- Replacements due to growth: The replacement of covered orthotics for Dependent children when required due to natural growth.

Pediatric Dental Services

An eligible Member under 19 years of age is entitled to the Pediatric Dental Covered Services shown in the **Schedule of Covered Services** when provided by a Participating Dentist. To find a Participating Dentist, the Member can visit the Health Benefit Plan website or call the Customer Services telephone number on their Identification Card. Also, if agreed by the provider, Participating Dentists limit their charges for all services delivered to Members, even if the service is not covered for any reason and a benefit is not paid under this Program. Services provided by a Non-Participating Dentist are not covered under the Pediatric Dental Services benefit. Pediatric Dental Covered Services are subject to the provisions listed in this Benefit Booklet and to the cost sharing listed in the **Schedule of Covered Services**.

Pediatric Dental Services Limitations: Covered services are limited as detailed below. Services are covered until 12:01 a.m. of the birthday when the Member reaches any stated age. All benefits under this Program end at the end of the Contract Year in which the Member turns 19.

- Full mouth x-rays - one every five years.
- Bitewing x-rays - one set per six months.
- Oral Evaluations:
 - Comprehensive, periodic and limited problem focused – one of these services per six months. Once paid, comprehensive evaluations are not eligible to the same office unless there is a significant change in health condition or the Member is absent from the office for three or more years.
 - Consultations - one of these services per Dentist per Member per 12 months for a consultant other than a Pedodontist or Orthodontist.

- Detailed problem focused - one per Dentist per Member per 12 months per eligible diagnosis.
- Prophylaxis - one per six months. One additional for Members under the care of a medical professional during pregnancy.
- Topical fluoride treatment - two per 12 months.
- Fluoride varnish – two per 12 months.
- Space maintainers - one per five year period for Members under age 14 when used to maintain space as a result of prematurely lost deciduous molars and permanent first molars, or deciduous molars and permanent first molars that have not, or will not, develop.
- Sealants - one per tooth per 36 months.
- Preventive resin restorations - one per tooth per lifetime under age 16 on permanent first and second molars.
- Prefabricated stainless steel crowns - one per tooth per 36 months.
- Periodontal Services:
 - Full mouth debridement - one per lifetime.
 - Periodontal maintenance following active periodontal therapy - four per 12 months in addition to routine prophylaxis.
 - Periodontal scaling and root planing - one per 24 months per area of the mouth.
 - Surgical periodontal procedures - one per 36 months per area of the mouth.
 - Guided tissue regeneration - one per tooth per lifetime.
- Replacement of restorative services only when they are not, and cannot be made, serviceable:
 - Basic restorations - not within 24 months of previous placement.
 - Single crowns, inlays, onlays - not within five years of previous placement.
 - Buildups and post and cores - not within five years of previous placement.
 - Replacement of natural tooth/teeth in an arch – not within five years of a fixed partial denture, full denture or partial removable denture.
- Denture relining, rebasing or adjustments are considered part of the denture charges if provided within six months of insertion by the same Dentist. Subsequent denture relining or rebasing limited to one every three years thereafter.
- Pulpal therapy - one per eligible tooth per lifetime. Limited to primary incisor teeth for Members up to age six; and for primary molars and cuspids up to age 11 and is limited to once per tooth per lifetime.
- Root canal retreatment - one per tooth per lifetime.
- Recementation - one per five years. Recementation during the first 12 months following insertion of the same Dentist is included in the prosthetic service benefit.
- Administration of IV sedation or general anesthesia is limited to covered oral surgical procedures involving one or more impacted teeth (soft tissue, partial bony or complete bony impactions).
- Therapeutic drug injections - only covered in unusual circumstances, by report.
- An alternate benefit provision (ABP) will be applied if a covered dental condition can be treated by means of a professionally acceptable procedure which is less costly than the treatment recommended by the Dentist. The ABP does not commit the patient to the less costly treatment. However, if the Member and the Dentist choose the more expensive treatment, the Member is responsible for the additional charges beyond those allowed under this ABP.
- Payment for orthodontic services shall cease at the end of the month after termination by the Health Benefit Plan.

- Medically Necessary Orthodontics Coverage:
In this section, "Medically Necessary" or "Medical Necessity" shall mean health care services that a Physician or Dentist, exercising prudent clinical judgment, would provide to a Member for the purpose of evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are:
 - In accordance with generally accepted standards of medical/dental practice;
 - Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the Member's illness, injury or disease; and
 - Not primarily for the convenience of the Member or Physician/Dentist, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that Member's illness, injury or disease.

As used above, "generally accepted standards of medical/dental practice" means:

- Standards that are based on credible scientific evidence published in peer-reviewed medical/dental literature generally recognized by the relevant professional community;
- Recognized Medical/Dental and Specialty Society recommendations;
- The views of Physicians/Dentists practicing in relevant clinical area; and
- Any other relevant factors.

A Medically Necessary orthodontic service is an orthodontic procedure that occurs as part of an approved orthodontic plan that is intended to treat a severe dentofacial abnormality.

- Coverage of Medically Necessary Orthodontics:
 - Orthodontic treatment must be Medically Necessary and be the only method capable of:
 - Preventing irreversible damage to the Member's teeth or their supporting structures and;
 - Restoring the Member's oral structure to health and function.
 - Members must have a fully erupted set of permanent teeth to be eligible for comprehensive, Medically Necessary orthodontic services.
 - All Medically Necessary orthodontic services require prior approval and a written plan of care.

- Predetermination
A predetermination is a request for the Health Benefit Plan to estimate benefits for a dental treatment the Member has not yet received. In a predetermination review, the Health Benefit Plan looks at patient eligibility, Dental Necessity and the Program's coverage for the treatment. Predetermination is not required for any benefits under the Program. Payment of benefits for a predetermined service is subject to the eligible Member's continued eligibility in the Program. At the time the claim is paid, Health Benefit Plan may also correct mathematical errors, apply coordination of benefits, and make adjustments to comply with a Member's current Program and Out-of-Pocket Maximums on the date of service.

- Review of a Benefit Determination
If the Member is not satisfied with a benefit determination or payment, the Member should contact the Health Benefit Plan Customer Service Department at the toll-free telephone number on their Identification Card. If, after speaking with a Customer Service representative, the Member is still dissatisfied, refer to the "Complaint and Appeal Process" subsection of the **General Information** section for further steps the Member can take regarding their claim.

Prescription Drugs

The Health Benefit Plan will provide coverage for Covered Drugs and medicines appearing on the Drug Formulary and that are prescribed by a Physician and dispensed by a licensed Pharmacy*. Benefits for Prescription Drugs are available for a 30 day supply, or the appropriate therapeutic limit, whichever is less, when dispensed from a retail Pharmacy.

The Health Benefit Plan shall also provide coverage for covered Prescription Drugs prescribed for a chronic condition and ordered by mail if a Member or the prescribing Physician submits to an In-Network Mail Order Pharmacy a written Prescription Drug Order specifying the amount of the covered Prescription Drug to be supplied. Benefits shall be available for up to a 90 day supply of a covered Prescription Drug, subject to the amount specified in the Prescription Drug Order and applicable law. In addition, benefits shall also be provided for covered Prescription Drugs prescribed by a Physician for a chronic condition and dispensed by a designated retail Pharmacy or a participating Act 207 retail Pharmacy. The cost sharing indicated in the "Prescription Drugs" subsection of the **Schedule of Covered Services** section for In-Network Mail Order Pharmacies will apply. Benefits are available for up to a 90-day supply. To verify that a retail Pharmacy is a designated retail Pharmacy or a participating Act 207 Pharmacy, access www.ibx.com.

Benefits are also available for diabetic supplies such as blood testing strips, insulin syringes and lancets, up to a 90 day supply per prescription fill or refill dispensed by Pharmacy.

- * If the Health Benefit Plan determines Prescription Drug usage by any Member appears to exceed usage generally considered appropriate under the circumstances, the Health Benefit Plan shall have the right to direct that Member to one Pharmacy for all future Prescription Drug Covered Services.

The Health Benefit Plan will provide benefits for covered Specialty Drugs exclusively through the Health Benefit Plan's pharmacy benefits manager's (PBM's) Specialty Pharmacy or through the Health Benefit Plan's retail Pharmacy network for the appropriate cost sharing for In-Network Pharmacies. Benefits are available for up to a 30-day supply. No benefits shall be provided for Specialty Drugs obtained through an Out-of-Network Pharmacy.

In certain cases, the Health Benefit Plan may determine that the use of certain Prescription Drugs for a Member's medical condition requires prior authorization for Medical Necessity. The Health Benefit Plan also reserves the right to establish eligible dosage limits of certain Prescription Drugs covered by the Health Benefit Plan.

Contraceptives, as described under the Women's Preventive Services provision of the Patient Protection and Affordable Care Act, covered under the "Prescription Drugs" section of this Benefit Booklet for certain generic products and brand products approved by the Federal Food and Drug Administration are covered at no cost-share to the Member when obtained from an In-Network Pharmacy or In-Network Mail Order Pharmacy. Coverage includes oral and injectable contraceptives, diaphragms, cervical caps, rings, transdermal patches, emergency contraceptives and certain over-the-counter contraceptive methods. The noted cost-sharing in the "Prescription Drugs" subsection of the **Schedule of Covered Services** applies for all other contraceptive products.

For questions concerning:

- Whether a particular Prescription Drug appears on the Drug Formulary; or
- Pharmaceutical management procedures such as prior authorization requirements,

prescription limits, use of generic substitution, therapeutic interchange or step therapy protocols and Copayment and Coinsurance amounts;

The Member may call the Member Services telephone number on the back of the Member's Identification Card.

Information about criteria and how cost-share will be determined for formulary exceptions can be found in the Formulary Exception Policy, www.ibx.com/formularyexceptionspolicy. The Member may request a hardcopy of the policy or obtain information about how to request an exception by calling Customer Service at the phone number on the Identification Card.

The dollar amount paid by a third party will not accumulate toward any applicable Deductible or Out-of-Pocket Limit to the extent permitted by law.

Prescription Drugs shall mean drugs or medications (including insulin):

- Which by law require a Prescription Order to dispense;
- Which are approved by the Health Benefit Plan and approved for distribution by the federal government;
- For which Medical Necessity exists; and
- Which have been approved by the Federal Food and Drug Administration and only for those uses for which they have specifically been approved by the Federal Food and Drug Administration.

Prosthetic Devices

The Health Benefit Plan will provide coverage for expenses Incurred for Prosthetic Devices (except dental prostheses) required as a result of illness or injury. Expenses for Prosthetic Devices are subject to medical review by the Health Benefit Plan to determine eligibility and Medical Necessity.

Such expenses may include, but not be limited to:

- The purchase, fitting, necessary adjustments and repairs of Prosthetic Devices which replace all or part of an absent body organ including contiguous tissue or which replace all or part of the function of an inoperative or malfunctioning body organ;
- The supplies and replacement of parts necessary for the proper functioning of the Prosthetic Device;
- Breast prostheses required to replace the removed breast or portions thereof as a result of mastectomy and prostheses inserted during reconstructive Surgery incident and subsequent to mastectomy; and
- Benefits are provided for the following visual Prosthetics when Medically Necessary and prescribed for one of the following conditions:
 - Initial contact lenses prescribed for treatment of infantile glaucoma;
 - Initial pinhole glasses prescribed for use after Surgery for detached retina;
 - Initial corneal or scleral lenses prescribed:
 - In connection with the treatment of keratoconus; or
 - To reduce a corneal irregularity other than astigmatism;
 - Initial scleral lenses prescribed to retain moisture in cases where normal tearing is not present or adequate; and

- Initial pair of basic eyeglasses when prescribed to perform the function of a human lens (aphakia) lost as a result of:
 - Accidental Injury;
 - Trauma; or
 - Ocular Surgery.

The repair and replacement provisions do not apply to this item.

Benefits for replacement of a Prosthetic Device or its parts will be provided:

- When there has been a significant change in the Member's medical condition that requires the replacement;
- If the prostheses breaks because it is defective;
- If the prostheses breaks because it exceeds its life expectancy, as determined by the manufacturer; or
- For a Dependent's child due to the normal growth process when Medically Necessary.

The Health Benefit Plan will provide benefits to repair Prosthetic Devices when the cost to repair is less than the cost to replace it. For purposes of replacement or repair of the prostheses, replacement means the removal and substitution of the prostheses or one of its components necessary for proper functioning. A repair is a restoration of the prostheses or one of its components to correct problems due to wear or damage. However, the Health Benefit Plan will not provide benefits for repairs and replacements needed because the prostheses was abused or misplaced.

If a Prosthetic Device breaks and is under warranty, it is the responsibility of the Member to work with the manufacturer to replace or repair it.

Rehabilitative Therapy Services

The Health Benefit Plan will provide coverage, subject to the Benefit Period Maximums specified in the ***Schedule of Covered Services***, for the following services prescribed by a Physician and performed by a Professional Provider, a therapist who is registered or licensed by the appropriate authority to perform the applicable therapeutic service, and/or Facility Provider, which are used in treatment of an illness or injury to promote recovery of the Member.

- Occupational Therapy
Includes treatment of a physically disabled person by means of constructive activities designed and adapted to promote the restoration of the person's ability to satisfactorily accomplish the ordinary tasks of daily living. Coverage will also include services rendered by a registered, licensed occupational therapist.
- Physical Therapy
Includes treatment by physical means, heat, hydrotherapy or similar modalities, physical agents, bio-mechanical and neuro-physiological principles, and devices to relieve pain, restore maximum function, and prevent disability following disease, injury, or loss of body part, including the treatment of functional loss following hand and/or foot Surgery.
- Speech Therapy
Includes treatment for the correction of a speech impairment resulting from disease, Surgery, injury, congenital anomalies, or previous therapeutic processes. Coverage will also include services by a speech therapist.

Specialist Office/Telemedicine Visits

The Health Benefit Plan will provide coverage for Specialist Services Medical Care provided in the office by a Provider other than a Primary Care Provider.

For the purpose of this benefit "in the office" includes:

- Medical Care visits to a Provider's office;
- Medical Care visits by a Provider to the Member 's residence; or
- Medical Care consultations by a Provider on an Outpatient basis.

For the purpose of this benefit, "Telemedicine Visits" include Medical Care visits when the encounter takes place via a secure Health Insurance Portability and Accountability Act (HIPAA) - compliant interactive audio and video telecommunications system as specified in the Health Benefit Plan's policies.

Spinal Manipulation Services

The Health Benefit Plan will provide coverage for the detection and correction of structural imbalance or dislocation (subluxation) of the Member's spine resulting from, or related to any of the following:

- Distortion of, or in, the vertebral column;
- Misalignment of, or in, the vertebral column; or
- Dislocation (Subluxation) of, or in, the vertebral column.

The detection and correction can be done by: Manual or mechanical means (by hand or machine).

This service will be provided for, up to the limits specified in the ***Schedule of Covered Services*** for spinal manipulations.

Therapy Services

The Health Benefit Plan will provide coverage, subject to the Benefit Period Maximums specified in the ***Schedule of Covered Services***, for the following services prescribed by a Physician and performed by a Professional Provider, a therapist who is registered or licensed by the appropriate authority to perform the applicable therapeutic service, and/or Facility Provider, which are used in treatment of an illness or injury to promote recovery of the Member.

- Cardiac Rehabilitation Therapy
Refers to a medically supervised rehabilitation program designed to improve a patient's tolerance for physical activity or exercise.
- Chemotherapy
The treatment of malignant disease by chemical or biological antineoplastic agents used to kill or slow the growth of cancerous cells. The cost of these drugs/biologics is covered, provided if it meets all of the criteria listed below:
 - Drugs/biologics are approved by the U.S. Food and Drug Administration (FDA) as antineoplastic agents;
 - The FDA approved use is based on reliable evidence demonstrating positive effect on health outcomes and/or the use is supported by the established referenced Compendia identified in the Health Benefit Plan's policies; and

- Drugs/biologics are eligible for coverage when they are injected or infused into the body by a Professional Provider.
- Dialysis
The treatment of acute renal failure or chronic irreversible renal insufficiency for removal of waste materials from the body by hemodialysis, peritoneal dialysis, hemoperfusion, or chronic ambulatory peritoneal dialysis (CAPD), or continuous cyclical peritoneal dialysis (CCPD).
- Infusion Therapy
The infusion of drug, hydration, or nutrition (parenteral or enteral) into the body by a Professional Provider. Infusion therapy includes all professional services, supplies, and equipment that are required to safely and effectively administer the therapy. Infusion may be provided in a variety of settings (For example, home, office, Outpatient) depending on the level of skill required to prepare the drug, administer the infusion, and monitor the Member. The type of Professional Provider who can administer the infusion depends on whether the drug is considered to be a Specialty Drug infusion or a Standard Injectable Drug infusion, as determined by the Health Benefit Plan.
- Pulmonary Rehabilitation Therapy
Includes treatment through a multidisciplinary program which combines Physical Therapy with an educational process directed towards the stabilization of pulmonary diseases and the improvement of functional status.
- Radiation Therapy
The treatment of disease by x-ray, radium, radioactive isotopes, or other radioactive substances regardless of the method of delivery, including the cost of radioactive materials supplied and billed by the Provider.
- Respiratory Therapy
Includes the introduction of dry or moist gases into the lungs for treatment purposes. Coverage will also include services by a respiratory therapist.

Urgent Care Centers

The Health Benefit Plan will provide coverage for Urgent Care Centers, when Medically Necessary as determined by the Health Benefit Plan.

- Urgent Care Centers are designed to offer immediate evaluation and treatment for health conditions that require medical attention:
 - In a non-Emergency situation;
 - That cannot wait to be addressed by the Member's Professional Provider or Retail Clinic.

Cost-sharing requirements are specified in the ***Schedule of Covered Services***.

Virtual Care Services

- Services Provided by a contracted vendor
Virtual care services are provided by contracted vendors who are licensed to provide standard medical assessments, treatments, care and services to patients via the telephone, secure video, audio or instant messaging when a Professional Provider is unavailable or inaccessible. These licensed Providers do not replace an existing Professional Provider relationship but enhances it with an efficient, convenient alternative for non-emergency medical problems. The applicable vendor Provider cost-sharing requirements are specified in the ***Schedule of Covered Services***. The Member will pay the applicable cost-sharing via credit or debit card

prior to the consultation.

- Benefits Provided by Professional Provider

Virtual care services are also covered, when provided by a Professional Provider and subject to the relevant cost-share applicable to that Provider. The Provider's eligibility will be determined by the Health Benefit Plan in the Health Benefit Plan's policies, who is licensed in the state where the virtual care service is being offered. Virtual care services are covered when the encounter takes place via a secure Health Insurance Portability and Accountability Act (HIPAA) - compliant interactive audio and video telecommunications system as specified in the Health Benefit Plan's policies.

GENERAL INFORMATION

ELIGIBILITY, CHANGE AND TERMINATION RULES UNDER THE PROGRAM

Effective Date: The date the Group agrees that all eligible persons may apply and become covered for the benefits as set forth in this Program and described in this Benefit Booklet. If a person becomes an eligible person after the Group's Effective Date, that date becomes the eligible person's effective date under this Program.

Eligible Person

The Employee is eligible to be covered under this Program if the Employee is determined by the Group as eligible to apply for coverage and sign the Application.

Eligibility shall not be affected by the Employee's physical condition and determination of eligibility for the coverage by the employer shall be final and binding.

Group Election

A Group that elects to make Dependent coverage available under the Program may choose to make coverage available for all eligible Dependents, as defined below or may choose to make coverage available only for Dependent children. If the Group limits Dependent coverage to Dependent children, the term "Dependent" as used in this Program is limited to Dependent children.

Eligible Dependent

The Employee's family is eligible for coverage (Dependent coverage) under this Program when the Employee is eligible for Employee coverage. An eligible Dependent is defined as the Employee's spouse under a legally valid existing marriage, the Employee's child(ren), including any stepchild, legally adopted child, a child placed for adoption or any child whose coverage is the Employee's responsibility under the terms of a qualified release or court order. The limiting age for covered children is the first of the month following the month in which they reach age 26.

In addition, a full-time student will be considered eligible for coverage when they are on a Medically Necessary leave of absence from an Accredited Educational Institution. The Dependent child will be eligible for coverage until the earlier of one year from the first day of the leave of absence or the date on which the coverage otherwise would terminate. The limiting age referenced above will be applicable regardless of the status of the Medically Necessary leave of absence.

A full-time student who is eligible for coverage under this Program who is:

- A member of the Pennsylvania National Guard or any reserve component of the U.S. armed forces and who is called or ordered to active duty, other than active duty for training for a period of 30 or more consecutive days; or
- A member of the Pennsylvania National Guard who is ordered to active state duty, including duty under Pa. C.S. Ch. 76 (relates to Emergency Management Assistance Compact), for a period of 30 or more consecutive days.

Eligibility for these Dependents will be extended for a period equal to the duration of the Dependent's service on duty or active state duty or until the individual is no longer a full-time student regardless of the age of the Dependent when the educational program at the Accredited Educational Institution was interrupted due to military duty.

As proof of eligibility, the Employee must submit a form to the Health Benefit Plan approved by the Department of Military & Veterans Affairs (DMVA):

- Notifying the Health Benefit Plan that the Dependent has been placed on active duty;
- Notifying the Health Benefit Plan that the Dependent is no longer on active duty; or
- Showing that the Dependent has re-enrolled as a full-time student in an Accredited Educational Institution for the first term or semester starting 60 or more days after their release from active duty.

A Domestic Partner is also eligible for enrollment. As long as the Domestic Partnership exists, the child or children of a Domestic Partner shall be considered for eligibility under the Program as if they were the Member's own child or children. If the Member enrolls their Domestic Partner, the Member has an affirmative obligation to notify the Health Benefit Plan immediately if the Domestic Partnership terminates. Upon termination of the Domestic Partner relationship, coverage of the former Domestic Partner and the children of the former Domestic Partner shall terminate at the end of the current monthly term. The former Domestic Partner, and any of their previously covered children, shall be entitled, by applying within 60 days of such termination, to direct pay coverage of the type for which the former Domestic Partner and children are then qualified, at the rate then in effect. This direct pay coverage may be different from the coverage provided under this Benefit Booklet.

Eligibility will be continued past the limiting age for unmarried children, regardless of age, who are incapable of self-support because of mental or physical incapacitation and who are dependent on the Employee for over half of their support. The Health Benefit Plan may require proof of eligibility under the prior Health Benefit Plan's plan and also from time to time under this Program.

The newborn child(ren) of the Employee or the Employee's Dependent shall be entitled to the benefits provided by this Program from the date of birth for a period of 31 days. Coverage of newborn children within such 31 days shall include care which is necessary for the treatment of medically diagnosed congenital defects, birth abnormalities, prematurity and routine nursery care. To be eligible for Dependent coverage beyond the 31 day period, the Employee must enroll the newborn child within such 31 days. To continue coverage beyond 31 days for a newborn child, who does not otherwise qualify for coverage as a Dependent, the Employee must apply within 31 days after the birth of the newborn and the appropriate rate must be paid when billed.

A newly acquired Dependent shall be eligible for coverage under this Program on the date the Dependent is acquired provided that the Employee applies to the Health Benefit Plan for addition of the Dependent within 31 days after the Dependent is acquired and the Employee makes timely payment of the appropriate rate. If Application is made later than 31 days after the Dependent is acquired, coverage shall become effective on the first billing date following 30 days after the Employee's Application is accepted by the Health Benefit Plan.

A Dependent child of a custodial parent covered under this Program may be enrolled under the terms of a qualified medical release or court order, as required by law.

No Dependent may be eligible for coverage as a Dependent of more than one Member of the Enrolled Group. No individual may be eligible for coverage hereunder as a Member and as a Dependent of a Member at the same time.

Note: If the Group elects to limit coverage to Dependent children, the term Dependent excludes a legal spouse and Domestic Partner.

Over-Age Dependent Coverage Under This Program (If Applicable)

- Eligible Dependents
For an adult Dependent child to qualify for Over-Age Dependent coverage, in addition to the coverage being provided at the option of the group, the adult Dependent child must:
 - Have reached the Limiting Age for Dependents, but is less than 30 years of age;
 - Not be married;
 - Have no Dependents;
 - Be a resident of the Commonwealth of Pennsylvania or be a full-time student in an institution of higher education;
 - Not be a subscriber or insured of any other group or individual health insurance policy; and
 - Not be entitled to benefits under any government program.
- When Over-Age Dependent Coverage Ends
An Over-Age Dependent's continued group health benefits end on the first of the following:
 - The date the Over-Age Dependent:
 - Attains age 30;
 - Marries;
 - Acquires a Dependent;
 - Is no longer either a resident of the Commonwealth of Pennsylvania or enrolled as a full-time student at an Accredited Educational Institution; or
 - Becomes covered under any other group or individual health benefits plan, group health plan, church plan or health benefits plan, or becomes entitled to Medicare.

The provisions shown above do not apply to Vision Care (Adult), Vision Care (Pediatric) and Pediatric Dental coverages.

Benefits to Which the Member Is Entitled

The liability of the Health Benefit Plan is limited to the benefits specified in this Benefit Booklet. The Health Benefit Plan's determination of the benefit provisions applicable for the services rendered to the Member shall be conclusive.

Termination of Coverage at Termination Of Employment Or Membership In The Group

When a Member ceases to be an eligible Employee or eligible Dependent, or the required contribution is not paid, the Member's coverage will terminate at the end of the last month for which payment was made. However, if benefits under this Program are provided by and/or approved by the Health Benefit Plan before the Health Benefit Plan receives notice of the Member's termination under this Program, the cost of such benefits will be the sole responsibility of the Member. In that circumstance, the Health Benefit Plan will consider the effective date of termination of a Member under this Program to be not more than 30 days before the first day of the month in which the Group notified the Health Benefit Plan of such termination.

Consumer Rights

Each Member has the right to access, review and copy their own health and membership records and request amendments to their records. This includes information pertaining to claim payments, payment methodology, reduction or denial, medical information secured from other agents, plans or providers.

For more information about accessing, reviewing or copying records, call Member Services at the toll-free number referenced on the Identification Card.

Member/Provider Relationship

- The choice of a Provider is solely the Member's choice.
- The Health Benefit Plan does not furnish Covered Services but only makes payment for Covered Services received by persons covered under this Program. The Health Benefit Plan is not liable for any act or omission of any Provider. The Health Benefit Plan has no responsibility for a Provider's failure or refusal to render Covered Services to a Member.

COVERAGE CONTINUATION

Termination of the Member's Coverage and Conversion Privilege Under This Program

- Termination of this Program - Termination of the Group coverage (this Program) automatically terminates all coverage for the Member (an Enrolled Employee) and the Member's eligible Dependents. The privilege of conversion to a conversion contract shall be available to any Member who has been continuously covered under the Group Contract for at least three months (or covered for similar benefits under any group plan that this Program replaced).

It is the responsibility of the Group or the Group's Applicant Agent to notify the Member and the Member's eligible Dependents of the termination of coverage. However, coverage will be terminated regardless of whether the notice is given.

Rescission: If it is proven that the Member or the Member's eligible Dependent obtained or attempted to obtain benefits or payment for benefits, through fraud or intentional misrepresentation of material fact, the Health Benefit Plan, may, upon notice to the Member, terminate the coverage. The Member will receive written notice at least 30 days prior to termination but will have the right to utilize the **Complaint and Appeal Process** to appeal cancellation.

The privilege of conversion is available for the Member and the Member's eligible Dependents except in the following circumstances:

- The Group terminates this Program in favor of group coverage by another organization;
or
 - The Group terminates the Member in anticipation of terminating this Program in favor of group coverage by another organization.
- Notice of Conversion - Written notice of termination and the privilege of conversion to a conversion contract shall be given within 15 days before or after the date of termination of this Program, provided that if such notice is given more than 15 days but less than 90 days after the date of termination of this Program, the time allowed for the exercise of the privilege of conversion shall be extended for 15 days after the giving of such notice. Payment for coverage under the conversion contract must be made within 31 days after the

coverage under this Program ends. Evidence of insurability is not required. Upon receipt of this payment, the conversion contract will be effective on the date of the Member's termination under this Program.

Conversion coverage shall not be available if the Member is eligible for another health care program which is available in the Group where the Member is employed or with which the Member is affiliated to the extent that the conversion coverage would result in over-insurance.

If the Member's coverage or the coverage of the Member's eligible dependent terminates because of the Member's death, the Member's change in employment status, divorce of dependent spouse, or change in a dependent's eligibility status, the terminated Member will be eligible to apply within 31 days of termination (or termination of the continuation privileges under COBRA) to conversion coverage, of the type for which that Member is then qualified at the rate then in effect. This conversion coverage may be different from the coverage provided under this Program. Evidence of insurability is not required.

Continuation Of Coverage At Termination Of Employment Or Membership Due To Total Disability

The Member's protection under this Program may be extended after the date the Member ceases to be a Member under this Program because of termination of employment or membership in the Group. It will be extended if, on that date, the Member is Totally Disabled from an illness or injury. The extension is only for that illness or injury and any related illness or injury. It will be for the time the Member remains Totally Disabled from any such illness or injury, but not beyond 12 months if the Member ceases to be a Member because the Member's coverage under this Program ends.

Coverage under this Program will apply during an extension as if the Member was still a Member. In addition, coverage will apply only to the extent that other coverage for the Covered Services is not provided for the Member through the Health Benefit Plan by the Group. Continuation of coverage is subject to payment of the applicable premium.

Continuation Of Incapacitated Child

If an unmarried child is incapable of self-support because of mental or physical incapacity and is dependent on the Member (an enrolled Employee) for over half of the child's support, the Member may apply to the Health Benefit Plan to continue coverage of such child under this Program upon such terms and conditions as the Health Benefit Plan may determine. Coverage of such Dependent child shall terminate upon the child's marriage. Continuation of benefits under this provision will only apply if the child was eligible as a Dependent and mental or physical incapacity commenced prior to age 26.

The child must be unmarried, incapable of self-support and the disability must have commenced prior to attaining 26 years of age. The disability must be certified by the attending Physician; furthermore, the disability is subject to annual medical review. In a case where a handicapped child is over 26 years of age and joining the Health Benefit Plan for the first time, the handicapped child must have been covered under the prior health benefit plan and submit proof from the prior health benefit plan that the child was covered as a handicapped person.

When The Employee Terminates Employment - Continuation Of Coverage Provisions Consolidated Omnibus Budget Reconciliation Act Of 1985, As Amended (COBRA)

The Employee should contact their Employer for more information about COBRA and the events that may allow the Employee or the Employee's eligible Dependents to temporarily extend health care coverage.

When The Employee Terminates Employment - Continuation Of Coverage Provisions Pennsylvania Act 62 Of 2009 (Mini-COBRA)

This subsection, and the requirements of Mini-COBRA continuation, applies to Groups consisting of two to 19 Employees.

For purposes of this subsection, a "qualified beneficiary" means any person who, before any event which would qualify that person for continuation under this subsection, has been covered continuously for benefits under this Program or for similar benefits under any group policy which it replaced, during the entire three-month period ending with such termination as:

- A covered Employee;
- The Employee's spouse; or
- The Employee's Dependent child.

In addition, any child born to or placed for adoption with the Employee during Mini-COBRA continuation will be a qualified beneficiary.

Any person who becomes covered under this Program during Mini-COBRA continuation, other than a child born to or placed for adoption with the Employee during Mini-COBRA continuation, will not be a qualified beneficiary.

- If An Employee Terminates Employment or Has a Reduction of Work Hours: If the Employee's group benefits end due to the Employee's termination of employment or reduction of work hours, the Employee may be eligible to continue such benefits for up to nine months, if:
 - The Employee's termination of employment was not due to gross misconduct;
 - The Employee is not eligible for coverage under Medicare;
 - The Employee verifies that the Employee is not eligible for group health benefits as an eligible dependent; and
 - The Employee is not eligible for group health benefits with any other carrier.

The continuation will cover the Employee and any other qualified beneficiary who loses coverage because of the Employee's termination of employment (for reasons other than gross misconduct) or reduction of work hours, subject to the "When Continuation Ends" paragraph of this subsection.

- The Employer's Responsibilities: The Employee's employer must notify the Employee, the plan administrator, and the Health Benefit Plan, in writing, of:
 - The Employee's termination of employment (for reasons other than gross misconduct) or reduction of work hours;
 - The Employee's death;
 - The Employee's divorce or legal separation from an eligible dependent;
 - The Employee becomes eligible for benefits under Social Security;
 - The Employee's dependent child ceases to be a dependent child pursuant to the terms of the group health benefits Benefit Booklet;

- Commencement of Employer's bankruptcy proceedings.

The notice must be given to the Employee, the plan administrator and the Health Benefit Plan no later than 30 days of any of these events.

- The Qualified Beneficiary's Responsibilities: A person eligible for continuation under this subsection must notify, in writing, the administrator or its designee of their election of continuation coverage within 30 days of receipt of the Notice from the Employer.

Continuation coverage shall be effective as of the date of the event.

Upon receipt of the Employee's, or the Employee's eligible dependent's election of continuation coverage, the administrator, or its designee, shall notify the Health Benefit Plan of the election within 14 days.

- If an Employee Dies: If the covered Employee dies, any qualified beneficiary whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to nine months, subject to the "When Continuation Ends" paragraph of this subsection.
- If an Employee's Marriage Ends: If the Employee's marriage ends due to legal divorce or legal separation, any qualified beneficiary whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to nine months, subject to the "When Continuation Ends" paragraph of this subsection.
- If a Dependent Loses Eligibility: If the Employee's Dependent child's group health benefits end due to the Dependent's loss of dependent eligibility as defined in this Benefit Booklet, other than the Employee's coverage ending, the Dependent may elect to continue such benefits. However, such Dependent child must be a qualified beneficiary. The continuation can last for up to nine months, subject to the "When Continuation Ends" paragraph of this subsection.
- Election of Continuation: To continue the qualified beneficiary's group health benefits, the qualified beneficiary must give the plan administrator written notice that the qualified beneficiary elects to continue benefits under the coverage. This must be done within 30 days of the date a qualified beneficiary receives notice of the qualified beneficiary's continuation rights from the plan administrator as described above or 30 days of the date the qualified beneficiary's group health benefits end, if later. The Employer must notify the Health Benefit Plan of the qualified beneficiary's election of continuation within 14 days of the election of continuation. Furthermore, the qualified beneficiary must pay the first month's premium in a timely manner.

The subsequent premiums must be paid to the plan administrator by the qualified beneficiary, in advance, at the time and in the manner set forth by the plan administrator. No further notice of when premiums are due will be given.

The monthly premium will be the total rate which would have been charged for the group health benefits had the qualified beneficiary stayed insured under this benefit plan on a regular basis. It includes any amount that would have been paid by the employer. An additional administrative charge of up to 5% of the total premium charge may also be required by the Health Benefit Plan.

- Grace in Payment of Premiums: A qualified beneficiary's premium payment is timely if, with respect to the first payment after the qualified beneficiary elects to continue, such payment is made no later than 45 days after such election. In all other cases, the premium payment is timely if it is made within 31 days of the specified date.
- When Continuation Ends: A qualified beneficiary's continued group health benefits under this Program ends on the first to occur of the following:
 - With respect to continuation upon the Employee's termination of employment or reduction of work hours, the end of the nine month period which starts on the date the group health benefits would otherwise end;
 - With respect to continuation upon the Employee's death, the Employee's legal divorce or legal separation, or the end of the Employee's covered Dependent's eligibility, the end of the nine month period which starts on the date the group health benefits would otherwise end;
 - With respect to the Employee's Dependent whose continuation is extended due to the Employee's entitlement to Medicare, the end of the nine month period which starts on the date the group health benefits would otherwise end;
 - The date coverage under this Program ends;
 - The end of the period for which the last premium payment is made;
 - The date the qualified beneficiary becomes covered under any other group health plan (as an employee or otherwise) which contains no limitation or exclusion with respect to any pre-existing condition of the qualified beneficiary other than a pre-existing condition exclusion or limitation which the qualified beneficiary satisfies under the Health Insurance Portability and Accountability Act of 1996, as first constituted or later amended;
 - The date the Employee and/or eligible dependent become eligible for Medicare.

THE HEALTH BENEFIT PLAN'S RESPONSIBILITIES RELATIVE TO THE PROVISION OF CONTINUATION COVERAGE UNDER THIS COVERAGE ARE LIMITED TO THOSE SET FORTH IN THIS SUBSECTION OF THIS BENEFIT BOOKLET.

THE HEALTH BENEFIT PLAN IS NOT THE PLAN ADMINISTRATOR UNDER THE COVERAGE OR FOR PURPOSES OF ERISA OR ANY OTHER FEDERAL OR STATE LAW. IN THE ABSENCE OF THE DESIGNATION OF ANOTHER PARTY AS PLAN ADMINISTRATOR, THE PLAN ADMINISTRATOR SHALL BE THE EMPLOYER.

INFORMATION ABOUT PROVIDER REIMBURSEMENT

The Member's Personal Choice Network Plan (this Program) is a program, which allows the Member to maximize the Member's health care benefits by utilizing the Personal Choice Network, which is comprised of Providers that have a contractual arrangement with the Health Benefit Plan. These Providers are called "In-Network Providers". In-Network Providers are doctors, Hospitals and other health care professionals and institutions that are part of the Personal Choice Network, which is designed to provide access to care through a selected managed network of Providers. Services by In-Network Providers are delivered through a selected, managed network of Providers designed to provide quality care. The Personal Choice Network includes Hospitals, Primary Care Physicians and specialists, and a wide range of Ancillary Service Providers, including suppliers of Durable Medical Equipment, Hospice care

and Home Health Care Agencies, Skilled Nursing Facilities, Free Standing Dialysis Facilities and Ambulatory Surgical Facilities.

When the Member receives health care through a Provider that is a member of the Personal Choice Network, the Member incurs limited out-of-pocket expenses, and there are no claim forms to fill out. Benefits are also provided if the Member chooses to receive health care through a Provider that is not an In-Network Provider. However, the level of benefits will be reduced, and the Member will be responsible for a greater share of out-of-pocket expenses, and the amount of the Member's expenses could be substantial. The Member may have to reach a Deductible before receiving benefits, and the Member may be required to file a claim form.

A directory of the In-Network Providers who belong to the Personal Choice Network is available to the Member upon request. It will identify the Professional Providers who have agreed to become In-Network Professional Providers and will also identify the Hospitals in the Network with which the In-Network Professional Providers are affiliated. Also included in the directory is a listing of the Ancillary Service Providers affiliated with the Personal Choice Network. The directory is updated periodically throughout the year, and the Health Benefit Plan reserves the right to add or delete Physicians and/or Hospitals at any given time. It is important to know that continued participation of any one doctor, Hospital or other Provider cannot be guaranteed. For information regarding Providers that participate in the Personal Choice Network, call 1-800-ASK BLUE (TTY:711).

The Health Benefit Plan covers only care that is "Medically Necessary". Medically Necessary care is care that is needed for the Member's particular condition and that the Member receives at the most appropriate level of service. Examples of different levels of service are Hospital Inpatient care, treatment in Short Procedure Units and Hospital Outpatient Care.

Some of the services the Member receives through this Program must be Precertified before the Member receives them, to determine whether they are Medically Necessary. Failure to Precertify services to be provided by an Out-of-Network Provider, when required, may result in a reduction of benefits. Precertification of services is a vital program feature that reviews the Medically Necessary of certain procedures/admissions. In certain cases, Precertification helps determine whether a different treatment may be available that is equally effective. Precertification also helps determine the most appropriate setting for certain services. Innovations in health care enable doctors to provide services, once provided exclusively in an Inpatient setting, in many different settings – such as an Outpatient department of a Hospital or a doctor's office.

When the Member seeks medical treatment that requires Precertification, the Member is not responsible for obtaining the Precertification if treatment is provided by an In-Network Provider (That is, a Provider in the Personal Choice Network). In addition, if the In-Network Provider fails to obtain a required Precertification of services, the Member will be held harmless from any associated financial Penalties assessed by the Program as a result. If the request for Precertification is denied, the Member will be notified in writing that the admission/service will not be paid because it is considered to be medically inappropriate. If the Member decides to continue treatment or care that has not been approved, the Member will be asked to do the following:

- Acknowledge this in writing.
- Request to have services provided.
- State the Member's willingness to assume financial liability.

When the Member seeks treatment from an Out-of-Network Provider or a BlueCard Provider (excluding Inpatient Admissions), the Member is responsible for initiating the Precertification process. The Member or the Member's Provider should call the Precertification number listed on the Member's Identification Card, and give their name, facility's name, diagnosis, and procedure or reason for admission. Failure to Precertify required services will result in a reduction of benefits payable to the Member.

Payment Of Providers

▪ In-Network Provider Reimbursement

Personal Choice reimbursement programs for health care Providers are intended to encourage the provision of quality, cost-effective care for Personal Choice members. Set forth below is a general description of Personal Choice reimbursement programs, by type of Personal Choice Network health care Provider.

Please note that these programs may change from time to time, and the arrangements with particular Providers may be modified as new contracts are negotiated. If the Member has any questions about how the Member's health care Provider is compensated, the Member should speak to their healthcare Provider directly or contact Customer Services.

– Physicians

Personal Choice Network Physicians, including Primary Care Provider (PCPs) and specialists, are paid on a fee-for-service basis, meaning that payment is made according to the Health Benefit Plan's Personal Choice fee schedule for the specific medical services that the Physician performs.

– Institutional Providers

Hospitals: For most Inpatient medical and surgical services, Hospitals are paid per diem rates, which are specific amounts paid for each day a Member is in the Hospital. These rates usually vary according to the intensity of the Covered Services provided. Some Hospitals are also paid case rates, which are set dollar amounts paid for a complete Hospital stay related to a specific procedure or diagnosis, (For example, transplants). For most Outpatient and Emergency Services and procedures, most Hospitals are paid specific rates based on the type of Covered Service performed. For a few Covered Services, Hospitals are paid based on a percentage of billed charges. Most Hospitals are paid through a combination of the above payment mechanisms for various services.

The Health Benefit Plan implemented a quality incentive program with a few Hospitals. This program provides increased reimbursement to these Hospitals based on them meeting specific quality criteria, including "Patient Safety Measures". Such patient safety measures are consistent with recommendations by the President's Advisory Commission on Consumer Protection and Quality in the Health Care Industry and are designed to help reduce medical and medication errors. Other criteria are directed at improved patient outcomes, higher nursing staff ratios, and electronic submissions. This is a new incentive program that is expected to evolve over time.

Skilled Nursing Facilities, Rehabilitation Hospitals, and other care facilities: Most Skilled Nursing Facilities and other special care facilities are paid per diem rates, which are specific amounts paid for each day a Member is in the facility. These amounts may vary according to the intensity of the Covered Services provided.

Ambulatory Surgical Facilities (ASFs): Most ASFs are paid specific rates based on the type of Covered Service performed. For a few services, some ASFs are paid based on a percentage of billed charges.

- Physician Group Practices, Physician Associations and Integrated Delivery Systems
Certain Physician group practices, independent physician associations (IPAs) and integrated hospital/physician organizations called Integrated Delivery Systems (IDS) employ or contract with individual Physicians to provide medical services. These groups are paid as described in the Physician's reimbursement section outlined above. These groups may pay their affiliated Physicians a salary and/or provide incentives based on production, quality, service, or other performance standards.
- Ancillary Service Providers, certain Facility Providers and Mental Health/Psychiatric Care and Alcohol Or Drug Abuse And Dependency Providers

Ancillary Service Providers, such as Durable Medical Equipment Providers, laboratory Providers, Home Health Care Agencies, and mental health/psychiatric care and Alcohol and Drug Abuse Providers are paid on the basis of fee-for-service payments according to the Health Benefit Plan's Personal Choice fee schedule for the specific Covered Services performed. In some cases, such as for mental health/psychiatric care and Alcohol and Drug Abuse benefits, one vendor arranges for all such services through a contracted set of providers. The Health Benefit Plan reimburses the contracted Providers of these vendors on a fee-for-service basis. An affiliate of Independence Blue Cross has less than a 1% ownership interest in this mental health/psychiatric care and Alcohol and Drug Abuse vendor.

- Pharmacy
A pharmacy benefits management company (PBM), which is affiliated with the Health Benefit Plan, administers our Prescription Drug benefits, and is responsible for providing a network of participating pharmacies and processing pharmacy claims. The PBM also negotiates price discounts with pharmaceutical manufacturers and provides drug utilization and quality reviews. Price discounts may include rebates from a drug manufacturer based on the volume purchased. The Health Benefit Plan anticipates that it will pass on a high percentage of the expected rebates it receives from its PBM through reductions in the overall cost of pharmacy benefits. Under some circumstances, the Health Benefit Plan may use a portion of the rebates received from its PBM to lower the drug price used for purposes of determining what the Member should pay based on Member benefits at the time a rebatable drug is dispensed to the Member at an In-Network Pharmacy. Under most benefit plans, Prescription Drugs are subject to a Member's cost-sharing, including Copayment, Coinsurance and Deductible, as applicable.
- Payment of Out-of-Network Providers
For Covered Services received from an Out-of-Network Provider, payment will be made directly to the Member and the Member will be responsible for reimbursing the Out-of-Network Provider. However, Health Benefit Plan reserves the right, in its sole discretion, to make payments directly to the Out-of-Network Provider.
- Payment Methods
A Member or the Provider may submit bills directly to the Health Benefit Plan, and, to the extent that benefits are payable within the terms and conditions of this Benefit Booklet,

reimbursement will be furnished as detailed below. The Member's benefits for Covered Services are based on the rate of reimbursement as set forth under "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.

– Facility Providers

➤ In-Network Facility Providers

In-Network Facility Providers are members of the Personal Choice Network and have a contractual arrangement with the Health Benefit Plan for the provision of services to Members. Benefits will be provided as specified in the **Schedule of Covered Services** for Covered Services which have been performed by an In-Network Facility Provider. The Health Benefit Plan will compensate In-Network Facility Providers in accordance with the contracts entered into between such Providers and the Health Benefit Plan. BlueCard Providers will be compensated by the Blue Cross and Blue Shield Plans with which they contract. No payment will be made directly to the Member for Covered Services rendered by any In-Network Facility Provider.

➤ Out-of-Network Facility Providers

Out-of-Network Facility Providers include facilities that are not part of the Personal Choice Network. The Health Benefit Plan may have a contractual arrangement with a facility even if it is not part of the Personal Choice Network.

The Health Benefit Plan will provide benefits for Covered Services provided by an Out-of-Network Facility Provider at the Out-of-Network Coinsurance level specified in the **Schedule of Covered Services**. The reimbursement rate is specified under "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.

If the Health Benefit Plan determines that Covered Services were for Emergency Care as defined herein, the Member normally will not be subject to the cost-sharing Penalties that would ordinarily be applicable to Out-of-Network services. Emergency admissions must be certified within two business days of admission, or as soon as reasonably possible, as determined by the Health Benefit Plan. Payment for Emergency Services provided by Out-of-Network Providers will be the greater of:

- ❖ The median of the amounts paid to In-Network Providers for Emergency Services;
- ❖ The amount paid to Out-of-Network Facility Providers; or
- ❖ The amount paid by Medicare.

Once Covered Services are rendered by a Facility Provider, the Health Benefit Plan will not honor a Member's request not to pay for claims submitted by the Facility Provider. The Member will have no liability to any person because of its rejection of the request.

– Professional Providers

➤ In-Network Providers

The Health Benefit Plan is authorized by the Member to make payment directly to the In-Network Professional Providers furnishing Covered Services for which benefits are provided under this Program. In-Network Professional Providers have agreed to accept the rate of reimbursement determined by a contract as payment in full for Covered Services. BlueCard Providers will be compensated by the Blue Cross and Blue Shield Plans with which they contract. In-Network Professional Providers will make no additional charge to Members for Covered Services except in the case of

certain Copayments, Coinsurance or other cost-sharing features as specified under this Program. The Member is responsible within 60 days of the date in which the Health Benefit Plan finalizes such services to pay, or make arrangements to pay, such amounts to the In-Network Professional Provider.

Benefit amounts, as specified in the **Schedule of Covered Services** of this Program, refer to Covered Services rendered by a Professional Provider which are regularly included in such Provider's charges and are billed by and payable to such Provider. Any dispute between the In-Network Professional Provider and a Member with respect to balance billing shall be submitted to the Health Benefit Plan for determination. The decision of the Health Benefit Plan shall be final.

Once Covered Services are rendered by a Professional Provider, the Health Benefit Plan will not honor a Member's request not to pay for claims submitted by the Professional Provider. The Health Benefit Plan will have no liability to any person because of its rejection of the request.

➤ **Emergency Care by Out-of-Network Providers**

If the Health Benefit Plan determines that Covered Services provided by an Out-of-Network Provider were for Emergency Care, the Member will be subject to the In-Network cost-sharing levels. Penalties that ordinarily would be applicable to Out-of-Network Covered Services will not be applied. For Emergency Care, the Health Benefit Plan will reimburse the Member for Covered Services at the Out-of-Network Provider reimbursement rate. However, if Emergency Care is provided by certain Out-of-Network Providers (For example, ambulance services), in accordance with applicable law, the Health Benefit Plan will reimburse the Out-of-Network Provider at an In-Network rate directly. In this instance the specified Out-of-Network Provider will not bill the Member for amounts in excess of the Health Benefit Plan's payment for Emergency Care. For payment of Covered Services provided by an Out-of-Network Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet. Inpatient admissions for Emergency Care must be certified within two business days of admission, or as soon as reasonably possible, as determined by the Health Benefit Plan. Payment for Emergency Services provided by Out-of-Network Providers will be the greater of:

- ❖ The median of the amounts paid to In-Network Providers for Emergency Services;
- ❖ The amount paid to Out-of-Network Professional Providers; or
- ❖ The amount paid by Medicare.

An Out-of-Network Provider who provided Emergency Care can bill the Member directly for their services, for either the Provider's charges or amounts in excess of the Health Benefit Plan's payment for the Emergency Care, (That is, balance billing). In such situations, the Member will need to contact the Health Benefit Plan at the Customer Service telephone number listed on the Member's I.D. card. Upon such notification, the Health Benefit Plan will resolve the balance-billing.

➤ **Out-of-Network Hospital-Based Provider Reimbursement**

When the Member receives Covered Services from an Out-of-Network Hospital-Based Provider while the Member is an Inpatient at an In-Network Hospital or other In-Network Facility Provider and are being treated by an In-Network Professional Provider, the Member will receive the In-Network cost-sharing level of benefits for the

Covered Services provided by the Out-of-Network Hospital-Based Provider. For such Covered Services, payment will be made to the Member, who will be responsible for reimbursing the Out-of-Network Hospital-Based Provider. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.

An Out-of-Network Hospital-Based Provider can bill the Member directly for their services, for either the Provider's charges or amounts in excess of the Health Benefit Plan's payment to the Out-of-Network Hospital-Based Providers, (That is, balance billing). In such situations, the Member will need to contact the Health Benefit Plan at the Customer Service telephone number listed on the Member's I.D. card. Upon such notification, the Health Benefit Plan will resolve the balance billing.

Note that when the Member elects to see an Out-of-Network Hospital-Based Provider for follow-up care or any other service where the Member has the ability to select an In-Network Provider, the Covered Services will be covered at an Out-of-Network benefit level. Except for Emergency Care, if an Out-of-Network Provider admits the Member to a Hospital or other Facility Provider, Covered Services provided by an Out-of-Network Hospital-Based Provider will be reimbursed at the Out-of-Network benefit level. For such Covered Services, payment will be made to the Member and the Member will be responsible for reimbursing the Out-of-Network Hospital-Based Provider. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.

- Inpatient Hospital Consultations by an Out-of-Network Professional Provider
When the Member receives Covered Services for an Inpatient hospital consultation from an Out-of-Network Professional Provider while the Member is Inpatient at an In-Network Facility Provider, and the Covered Services are referred by an In-Network Professional Provider, the Member will receive the In-Network cost-sharing level of benefits for the Inpatient hospital consultation.

For such Covered Services, payment will be made to the Member and the Member will be responsible for reimbursing the Out-of-Network Professional Provider. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.

An Out-of-Network Professional Provider can bill the Member directly for their services, for either the Provider's charges or amounts in excess of the Health Benefit Plan's payment to the Out-of-Network Professional Providers, (That is, balance billing). In such situations, the Member will need to contact the Health Benefit Plan at the Customer Service telephone number listed on the Member's I.D. card. Upon such notification, the Health Benefit Plan will resolve the balance billing.

Note that when the Member elects to see an Out-of-Network Professional Provider for follow-up care or any other service when the Member has the ability to select an In-Network Provider, the Covered Services will be covered at an Out-of-Network benefit level. Except for Emergency Care, if an Out-of-Network Professional Provider admits the Member to a Hospital or other Facility Provider, services provided by Out-

of-Network Professional Provider will be reimbursed at the Out-of-Network benefit level. For such Covered Services, payment will be made to the Member and the Member will be responsible for reimbursing the Out-of-Network Professional Provider. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.

- Out-of-Network Professional Provider Reimbursement
Except as set forth above, when a Member seeks care from an Out-of-Network Professional Provider, benefits will be provided to the Member at the Out-of-Network Coinsurance level specified in the **Schedule of Covered Services**. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet. When a Member seeks care and receives Covered Services from an Out-of-Network Professional Provider, the Member will be responsible to reimburse the Out-of-Network Professional Provider for the difference between the Health Benefit Plan's payment and the Out-of-Network Professional Provider's charge.
- Ancillary Service Providers
 - In-Network Ancillary Service Providers
In-Network Ancillary Service Providers include members of the Personal Choice Network that have a contractual relationship with the Health Benefit Plan for the provision of services or supplies to Members. Benefits will be provided as specified in the **Schedule of Covered Services** for the provision of services or supplies provided to Members by In-Network Ancillary Service Providers. The Health Benefit Plan will compensate In-Network Ancillary Service Providers in the Personal Choice Network in accordance with the contracts entered into between such Providers and the Health Benefit Plan. No payment will be made directly to the Member for Covered Services rendered by any In-Network Ancillary Service Provider.
 - Out-of-Network Ancillary Service Providers
Out-of-Network Ancillary Service Providers are not members of the Personal Choice Network. Benefits will be provided to the Member at the Out-of-Network Coinsurance level specified in the **Schedule of Covered Services**. The Member will be penalized by the application of higher cost-sharing as detailed in the **Schedule of Covered Services**. For payment of Covered Services provided by an Out-of-Network Ancillary Service Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet. When a Member seeks care and receives Covered Services from an Out-of-Network Ancillary Service Provider, the Member will be responsible to reimburse the Out-of-Network Ancillary Service Provider for the difference between the Health Benefit Plan's payment and the Out-of-Network Ancillary Service Provider's charge.
- Pharmacies
 - In-Network Pharmacies
With respect to In-Network Pharmacies, benefits will be provided as specified in the **Schedule of Covered Services** for the provision of In-Network services or supplies for Prescription Drugs.

The Health Benefit Plan will compensate In-Network Pharmacies in accordance with the agreements in effect with respect to services or supplies provided to Members.

No payment will be made directly to the Member for Covered Services rendered by any In-Network Pharmacy.

➤ **Out-of-Network Pharmacies**

With respect to Out-of-Network Pharmacies, benefits will be provided to the Member at the Out-of-Network Coinsurance level specified in the **Schedule of Covered Services** for Prescription Drugs.

Any applicable cost-sharing (such as Deductible and Coinsurance amounts) specified in the **Schedule of Covered Services** for Prescription Drugs will be applied to the Covered Expense amount. The Member will be penalized by the application of a higher Coinsurance level as detailed in the **Schedule of Covered Services** for Prescription Drugs. An Out-of-Network Pharmacy is entitled to collect from the Member any cost-sharing obligation and the remaining balance due.

– **Dentists**

➤ **Participating Dentists**

When treatments are performed by a Participating Dentist, in accordance with the Participating Dentist's contract, covered benefits will be paid directly to the Participating Dentist. Both the Member and the Dentist will be notified of benefits covered, the payment the Participating Dentist received and any out-of-pocket expenses. Payment will be based on the Maximum Allowable Charge the treating Participating Dentist has contracted to accept. Maximum Allowable Charges may vary depending on the geographical area of the dental office and in accordance with the Participating Dentist's contract and the particular Participating Dentist rendering the service. Participating Dentists agree by contract to accept Maximum Allowable Charges as payment in full for Covered Services rendered to Members. The Member shall be held harmless if, after receiving services from a Participating Dentist, such services are determined not Dentally Necessary.

Benefit for any services started prior to a Member's Effective Date of coverage are not covered. Multi-visit procedures are considered "started" when the teeth are irrevocably altered. For example, for crowns or fixed partial dentures, the procedure is started when the teeth are prepared and impressions are taken. Procedures started prior to the Member's Effective Date are the liability of the Member.

When an overpayment for benefits is made, the Health Benefit Plan has the right to recover the overpayment either from the Member or from the person or Dentist to whom it was paid. The overpayment will be recovered by requesting a refund. This recovery will follow any applicable state laws or regulations. The Member must provide any assistance necessary, including furnishing information and signing necessary documents, for the Health Benefit Plan to be reimbursed.

– **Assignment of Benefits to Providers**

The right of a Member to receive benefit payments under this Program is personal to the Member and is not assignable in whole or in part to any person, Hospital, or other entity nor may benefits of this Program be transferred, either before or after Covered Services are rendered. However, a Member can assign benefit payments to the custodial parent of a Dependent covered under this Program, as required by law.

BlueCard Program

- Out-of-Area Services

Overview

QCC Insurance Company ("QCC") has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever the Member accesses healthcare services outside of the geographic area QCC serves, the claims for these services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When the Member receives care outside of QCC's service area, the Member will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). Some providers ("nonparticipating providers") don't contract with the Host Blue. QCC explains below how QCC pays both kinds of providers.

Inter-Plan Arrangements Eligibility - Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all Dental Care Benefits except when paid as medical claims/benefits, and those Prescription Drug Benefits or Vision Care Benefits that may be administered by a third party contracted by QCC to provide the specific service or services.

- BlueCard® Program

Under the BlueCard® Program, when the Member receives Covered Services within the geographic area served by a Host Blue, QCC will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

When the Member receives Covered Services outside QCC's service area and the claim is processed through the BlueCard Program, the amount the Member pays for Covered Services is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to QCC.

Often this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the Member's healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with the Member's healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price QCC has used for the Member's claim because they will not be applied after a claim has already been paid.

– Special Cases: Value-Based Programs

BlueCard® Program

If the Member receives Covered Services under a Value-Based Program inside a Host Blue's service area, the Member will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to QCC through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If QCC has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Group on the Member's behalf, QCC will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

– Nonparticipating Providers Outside QCC's Service Area

➤ Member Liability Calculation

When Covered Services are provided outside of QCC's service area by nonparticipating providers, the amount the Member pays for such services will normally be based on either the Host Blue's nonparticipating provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be responsible for the difference between the amount that the nonparticipating provider bills and the payment QCC will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

➤ Exceptions

In certain situations, QCC may use other payment methods, such as billed charges for Covered Services, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount QCC will pay for services provided by nonparticipating providers. In these situations, the Member may be liable for the difference between the amount that the nonparticipating provider bills and the payment QCC will make for the Covered Services as set forth in this paragraph.

– Blue Cross Blue Shield Global Core

If the Member is outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), the Member may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists the Member with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when the Member receives care from providers outside the BlueCard service area, the Member will typically have to pay the providers and submit the claims themselves to obtain reimbursement for these services.

If the Member needs medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, the Member should call the Blue Cross Blue Shield Global Core Service Center at 1.800.810.BLUE (2583) (TTY: 711) or call collect at 1.804.673.1177 (TTY: 711), 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

➤ Inpatient Services

In most cases, if the Member contacts the service center for assistance, hospitals will not require the Member to pay for covered inpatient services, except for the Member's deductibles, coinsurance, etc. In such cases, the hospital will submit the Member's claims to the service center to begin claims processing. However, if the Member paid in full at the time of service, the Member must submit a claim to receive reimbursement for Covered Services. **The Member must contact QCC to obtain precertification for non-emergency inpatient services.**

➤ Outpatient Services

Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require the Member to pay in full at the time of service. The Member must submit a claim to obtain reimbursement for Covered Services.

SERVICES AND SUPPLIES REQUIRING PRECERTIFICATION

Precertification Review

When required, Precertification review evaluates the Medical Necessity, including the appropriateness of the setting, of proposed services for coverage under the Member's benefit plan. Examples of these services include planned or elective Inpatient Admissions and selected Outpatient procedures. For groups located in the Personal Choice Network service area, Precertification review may be initiated by the Provider or the Member depending on whether the Provider is a Personal Choice Network Provider. For Member's located outside the Health Benefit Plan's Personal Choice Network who are accessing BlueCard Providers, the Member is responsible for initiating or requesting the Provider to initiate the Precertification review (excluding Inpatient Admissions). Where Precertification review is required, the Health Benefit Plan's coverage of the proposed procedure is contingent upon the review being completed and receipt of the approval certification. Coverage penalties may be applied where Precertification review is required for a procedure but is not obtained.

While the majority of services requiring Precertification review are reviewed for Medical Necessity of the requested procedure setting (For example, Inpatient, Short Procedure Unit, or Outpatient setting), other elements of the Medical Necessity of the procedure may not always be evaluated and may be automatically approved based on the procedure or diagnosis for which the procedure is requested or an agreement with the performing provider. Precertification review is not required for Emergency services and is not performed where an agreement with the Health Benefit Plan's local In-Network Provider does not require such review.

The following information provides more specific information of this Program's Precertification requirements.

▪ Inpatient Pre-Admission Review

– In-Network Inpatient Admissions

In accordance with the criteria and procedures described above, Inpatient Admissions, other than an Emergency or maternity admission, must be Precertified in accordance with the standards of the Health Benefit Plan as to the Medical Necessity of the admission. The Precertification requirements for Emergency admissions are set forth in the "Emergency Admission Review" subsection of this **General Information** section. An In-Network Hospital, Skilled Nursing Facility, or other Facility Provider in the Personal Choice Network will verify the Precertification at or before the time of admission. The Hospital, Skilled Nursing Facility or other Facility Provider, is responsible to Precertify an Inpatient Admission under the BlueCard Program. The Health Benefit Plan will not authorize the Hospital, Skilled Nursing Facility or other Facility Provider admission if Precertification is required and is not obtained in advance. For Member's who reside in the Health Benefit Plan's local Personal Choice Network service area, the Health Benefit Plan will hold the Member harmless and the Member will not be financially responsible for admissions to Hospitals, Skilled Nursing Facilities or other Facility Providers in the Personal Choice Network which fail to conform to the pre-admission certification requirements unless:

- The Provider provides prior written notice that the admission will not be paid by the Health Benefit Plan; and
- The Member acknowledges this fact in writing together with a request to be admitted which states that the Member will assume financial liability for such Facility Provider admission.

– Out-of-Network Inpatient Admissions

For an Out-of-Network Inpatient Admission, the Member is responsible to have the admission (other than for an Emergency or maternity admission) certified in advance as an approved admission.

- To obtain Precertification, the Member is responsible to contact or have the admitting Physician or other Facility Provider contact the Health Benefit Plan prior to admission to the Hospital, Skilled Nursing Facility, or other Facility Provider. The Health Benefit Plan will notify the Member, admitting Physician and the Facility Provider of the determination. The Member is eligible for Inpatient benefits at the Out-of-Network level shown in the **Schedule of Covered Services** if, and only if, prior approval of such benefits has been certified in accordance with the provisions of this Benefit Booklet.
- If such prior approval for a Medically Necessary Inpatient Admission has not been certified as required, there will be a Penalty for non-compliance and the amount, as shown below, will be deemed not to be Covered Services under this Program. Such Penalty, and any difference in what is covered by the Health Benefit Plan and the Member's obligation to the Provider, will be the sole responsibility of, and payable by, the Member.

If a Member elects to be admitted to the Facility Provider after review and notification that the reason for admission is not approved for an Inpatient level of care, Inpatient benefits will not be provided and the Member will be financially liable for non-covered Inpatient charges.

- If Precertification is denied, the Member, the Physician or the Facility Provider may Appeal the determination and submit information in support of the claim for Inpatient benefits. A final determination concerning eligibility for Inpatient benefits will be made and the Member, Physician, or Facility Provider will be so notified.

- Emergency Admission Review
 - In-Network Admissions
It is the responsibility of the In-Network Provider to notify the Health Benefit Plan of the In-Network Emergency admission.
 - Out-of-Network Provider Admissions
 - Members are responsible for notifying the Health Benefit Plan of an Out-of-Network Provider Emergency admission within two business days of the admission, or as soon as reasonably possible, as determined by the Health Benefit Plan.
 - Failure to initiate Emergency admission review will result in a reduction in Covered Expense for Out-of-Network services. Such Penalty, as shown below, will be the sole responsibility of, and payable by, the Member.
 - If the Member elects to remain hospitalized after the Health Benefit Plan and the attending Physician have determined that an Inpatient level of care is not Medically Necessary, the Member will be financially liable for non-covered Inpatient charges from the date of notification.

- Concurrent and Retrospective Review
Concurrent review may be performed while services are being performed. This may occur during an Inpatient stay and typically evaluates the expected and current length of stay to determine if continued hospitalization is Medically Necessary. When performed, the review assesses the level of care provided to the Member and coordinates discharge planning. Concurrent review continues until the patient is discharged. Not all Inpatient stays are reviewed concurrently. Concurrent Review is generally not performed where an Inpatient Facility is paid based on a per case or diagnosis-related basis, or where an agreement with the Facility does not require such review.

Retrospective/Post Service review:

Retrospective review occurs after services have been provided. This may be for a variety of reasons, including the Health Benefit Plan not being notified of a Member's admission until after discharge or where medical charts are unavailable at the time of concurrent review. Certain services are only reviewed on a retrospective/post-service basis.

In addition to these standard utilization reviews, the Health Benefit Plan also may determine coverage of certain procedures and other benefits available to Members through Prenotification as required by the Member's benefit plan, and discharge planning.

Pre-notification. Pre-notification is advance notification to the Health Benefit Plan of an Inpatient Admission or Outpatient service where no Medical Necessity review is required, such as maternity admissions/deliveries. Pre-notification is primarily used to identify Members for Concurrent review needs, to ascertain discharge planning needs proactively, and to identify Members who may benefit from Case Management programs.

Discharge Planning. Discharge Planning is performed during an Inpatient Admission and is used to identify and coordinate a Member's needs and benefits coverage following the Inpatient stay, such as covered home care, ambulance transport, acute rehabilitation, or Skilled Nursing Facility placement. Discharge Planning involves the Health Benefit Plan's authorization of covered post-Hospital services and identifying and referring Members to Disease Management or Case Management benefits.

Selective Medical Review. In addition to the foregoing requirements, the Health Benefit Plan reserves the right, under its utilization and quality management programs, to perform a medical review prior to, during or following the performance of certain Covered Services ("Selective Medical Review") that are otherwise not subject to review as described above. In addition, the Health Benefit Plan reserves the right to waive medical review for certain Covered Services for certain Providers, if the Health Benefit Plan determines that those Providers have an established record of meeting the utilization and/or quality management standards for these Covered Services. Coverage penalties are not applied to Members where required Selective Medical Review is not obtained by the Provider.

Other Precertification Requirements

Precertification is required by the Health Benefit Plan in advance for certain services. **To obtain a list of services that require Precertification, please go to www.ibx.com/preapproval or call the Customer Service telephone number that is listed on the Member's Identification Card.** When a Member plans to receive any of these listed procedures, the Health Benefit Plan will review the Medical Necessity for the procedure or treatment in accordance with the criteria and procedures described above and grant prior approval of benefits accordingly.

Surgical, diagnostic and other procedures, listed on the Precertification requirements list, that are performed during an Emergency, as determined by the Health Benefit Plan, do not require Precertification. However, the Health Benefit Plan should be notified within two business days of Emergency services for such procedures, or as soon as reasonably possible, as determined by the Health Benefit Plan.

- **In-Network Care**

In-Network Providers in the Personal Choice Network must contact the Health Benefit Plan to initiate Precertification. The Health Benefit Plan will verify the results of the Precertification with the Member and with the In-Network Provider. If the In-Network Provider is a BlueCard Provider, however, the Member must initiate Precertification (excluding Inpatient Admissions).

If such prior approval is not obtained and the Member undergoes the surgical, diagnostic or other procedure or treatment that requires Precertification, then benefits will be provided for Medically Necessary treatment, subject to a Penalty.

For In-Network Providers in the Personal Choice Network, the Health Benefit Plan will hold the Member harmless and the Member will not be financially responsible for this financial Penalty for the In-Network Provider's failure to comply with the Precertification requirements or determination, unless a Member elects to receive the treatment after review and written notification that the procedure is not covered as Medically Necessary. In which case benefits will not be provided and the Member will be financially liable for non-covered charges.

- **Out-of-Network Care**

For Out-of-Network Care and care provided by BlueCard Providers (excluding Inpatient Admissions), the Member is responsible to have the Provider performing the service contact the Health Benefit Plan to initiate Precertification. The Health Benefit Plan will verify the results of the Precertification with the Member and the Provider.

If such prior approval is not obtained and the Member undergoes the surgical, diagnostic or other procedure or treatment that requires Precertification, then benefits will be provided for Medically Necessary treatment, but the Provider's charge less any applicable Coinsurance,

Copayments, Deductibles shall be subject to a Penalty, as reflected below. Such Penalty, and any difference in what is covered by the Health Benefit Plan and the Member's obligation to the Provider, will be the sole responsibility of, and payable by, the Member.

Precertification Penalty:

If the Provider is a BlueCard® Provider of another Blue Plan (excluding Inpatient Admissions) or the Member uses an Out-of-Network Provider, the Member must obtain Precertification if required. The Member will be subject to a 20% reduction in benefits if Precertification is not obtained.

In addition to the Precertification requirements referenced above, the Member should contact the Health Benefit Plan for certain categories of treatment (listed below) so that the Member will know prior to receiving treatment whether it is a Covered Service. This applies to In-Network Providers in the Personal Choice Network and to Members (and their Providers) who elect to receive treatment provided by either BlueCard Providers or Out-of-Network Providers. Those categories of treatment (in any setting) include:

- Any surgical procedure that may be considered potentially cosmetic;
- Any procedure, treatment, drug or device that represents "emerging technology"; and
- Services that might be considered Experimental/Investigative.

The Member's Provider should be able to assist in determining whether a proposed treatment falls into one of these three categories. Also, the Health Benefit Plan encourages the Member's Provider to place the call for the Member.

For more information, please see the **Important Notices** section of this Benefit Booklet that pertain to Experimental/Investigative Services, Cosmetic services, Medically Necessary services and Emerging Technology.

Disease Management and Decision Support Programs

Disease Management and Decision Support programs help Members to be effective partners in their health care by providing information and support to Members with certain chronic conditions as well as those with everyday health concerns. Disease Management is a systematic, population-based approach that involves identifying Members with certain chronic diseases, intervening with specific information or support to follow Provider's treatment plan, and measuring clinical and other outcomes. Decision Support involves identifying Members who may be facing certain treatment option decisions and offering them information to assist in informed, collaborative decisions with their Physicians. Decision Support also includes the availability of general health information, personal health coaching, Provider information, or other programs to assist in health care decisions.

Disease Management interventions are designed to help Members manage their chronic condition in partnership with their Physician(s). Disease Management programs, when successful, can help such Members avoid long term complications, as well as relapses that would otherwise result in Hospital or Emergency room care. Disease Management programs also include outreach to Members to obtain needed preventive services, or other services recommended for chronic conditions. Information and support may occur in the form of telephonic health coaching, print, audio library or videotape, or Internet formats.

The Health Benefit Plan will utilize medical information such as claims data to operate the Disease Management or Decision Support program, (For example, to identify Members with

chronic disease, to predict which Members would most likely benefit from these services, and to communicate results to the Member's treating Physician(s)). The Health Benefit Plan will decide what chronic conditions are included in the Disease Management or Decision Support program.

Participation by a Member in Disease Management or Decision Support programs is voluntary. A Member may continue in the Disease Management or Decision Support program until any of the following occurs:

- The Member notifies the Health Benefit Plan that they have declined participation; or
- The Health Benefit Plan determines that the program, or aspects of the program, will not continue.

Out-Of-Area Care for Dependent Students

If an unmarried Dependent child is a full-time student in an Accredited Educational Institution located outside the area served by the Personal Choice Network, the student may be eligible to receive Out-of-Network care at the In-Network level of benefits. Charges for treatment will be paid at the In-Network level of benefits when the Dependent student receives care from Providers as described in the "BlueCard Program" subsection of the **General Information** section. However, treatment provided by an educational facility's infirmary for Urgent Care, (For example, may also be paid at the In-Network level of benefits, but the Health Benefit Plan should be notified within 48 hours of treatment to insure Covered Services are treated as In-Network Covered Services). Nothing in this provision will act to continue coverage of a Dependent child past the date when such child's coverage would otherwise be terminated under this Program.

UTILIZATION REVIEW PROCESS AND CRITERIA

Utilization Review Process

A basic condition of IBC's, and its subsidiary QCC Insurance Company's ("the Health Benefit Plan") benefit plan coverage is that in order for a health care service to be covered or payable, the services must be Medically Necessary. To assist the Health Benefit Plan in making coverage determinations for requested health care services, the Health Benefit Plan uses established IBC Medical Policies and medical guidelines based on clinically credible evidence to determine the Medical Necessity of the requested services. The appropriateness of the requested setting in which the services are to be performed is part of this assessment. The process of determining the Medical Necessity of requested health care services for coverage determinations based on the benefits available under a Member's benefit plan is called utilization review.

It is not practical to verify Medical Necessity on all procedures on all occasions; therefore, certain procedures may be determined by the Health Benefit Plan to be Medically Necessary and automatically approved based on the accepted Medical Necessity of the procedure itself, the diagnosis reported or an agreement with the performing Provider. An example of such automatically approved services is an established list of services received in an Emergency room which has been approved by the Health Benefit Plan based on the procedure meeting Emergency criteria and the severity of diagnosis reported (For example, rule out myocardial infarction, or major trauma). Other requested services, such as certain elective Inpatient or Outpatient procedures may be reviewed on a procedure specific or setting basis.

Utilization review generally includes several components which are based on when the review is performed. When the review is required before a service is performed it is called a

Precertification review. Reviews occurring during a hospital stay are called a concurrent review, and those reviews occurring after services have been performed are called either retrospective or post-service reviews. The Health Benefit Plan follows applicable state and federally required standards for the timeframes in which such reviews are to be performed.

Generally, where a requested service is not automatically approved and must undergo Medical Necessity review, nurses perform the initial case review and evaluation for coverage approval using the Health Benefit Plan's Medical Policies, established guidelines and evidence-based clinical criteria and protocols; however only a Medical Director employed by the Health Benefit Plan may deny coverage for a procedure based on Medical Necessity. The evidence-based clinical protocols evaluate the Medical Necessity of specific procedures and the majority are computer-based. Information provided in support of the request is entered into the computer-based system and evaluated against the clinical protocols. Nurses apply applicable benefit plan policies and procedures, taking into consideration the individual Member's condition and applying sound professional judgment. When the clinical criteria are not met, the given service request is referred to a Medical Director for further review for approval or denial. Independent medical consultants may also be engaged to provide clinical review of specific cases or for specific conditions. Should a procedure be denied for coverage based on lack of Medical Necessity, a letter is sent to the requesting Provider and Member in accordance with applicable law.

The Health Benefit Plan's utilization review program encourages peer dialogue regarding coverage decisions based on Medical Necessity by providing Physicians with direct access to the Health Benefit Plan's Medical Directors to discuss coverage of a case. Medical Directors and nurses are salaried, and contracted external Physician and other professional consultants are compensated on a per case reviewed basis, regardless of the coverage determination. The Health Benefit Plan does not specifically reward or provide financial incentives to individuals performing utilization review services for issuing denials of coverage. There are no financial incentives for such individuals which would encourage utilization review decisions that result in underutilization.

Clinical Criteria, Guidelines and Resources

The following guidelines, clinical criteria and other resources are used to help make Medical Necessity coverage decisions:

Clinical Decision Support Criteria: Clinical Decision Support Criteria is an externally validated and computer-based system used to assist the Health Benefit Plan in determining Medical Necessity. This evidence-based, Clinical Decision Support Criteria is nationally recognized and validated. Using a model based on evaluating intensity of service and severity of illness, these criteria assist our clinical staff evaluating the Medical Necessity of coverage based on a Member's specific clinical needs. Clinical Decision Support Criteria helps promote consistency in the Health Benefit Plan's plan determinations for similar medical issues and requests, and reduces practice variation among the Health Benefit Plan's clinical staff to minimize subjective decision-making.

Clinical Decision Support Criteria may be applied for Covered Services including but not limited to the following:

- Some elective surgeries-settings for Inpatient and Outpatient procedures (For example, hysterectomy and sinus Surgery);
- Inpatient hospitalizations;
- Inpatient Rehabilitation;
- Home Health;
- Durable Medical Equipment;
- Skilled Nursing Facility.

Centers for Medicare and Medicaid Services (CMS) Guidelines: A set of guidelines adopted and published by CMS for coverage of services by Medicare for Medicare Members.

IBC Medical Policies: IBC maintains an internally developed set of policies that document the coverage and conditions for certain medical/surgical procedures and ancillary services.

Covered Services for which IBC's Medical Policies are applied include, but are not limited to:

- Ambulance;
- Infusion;
- Speech Therapy;
- Occupational Therapy;
- Durable Medical Equipment;
- Review of potential cosmetic procedures.

IBC (and QCC) Internally Developed Guidelines: A set of guidelines developed specifically by IBC (and QCC), as needed, with input by clinical experts based on accepted practice guidelines within the specific fields and reflecting IBC Medical Policies for coverage.

Delegation of Utilization Review Activities And Criteria

In certain instances, the Health Benefit Plan has delegated certain utilization review activities, including Precertification review, concurrent review, and Case Management, to integrated delivery systems and/or entities with an expertise in medical management of a certain membership population (such as, Neonates/premature infants) or type of benefit or service (such as mental health/psychiatric care and Alcohol and Drug Abuse or radiology). In such instances, a formal delegation and oversight process is established in accordance with applicable law and nationally-recognized accreditation standards. In such cases, the delegate's utilization review criteria are generally used, with the Health Benefit Plan's approval.

Utilization Review and Criteria for Mental Health/Psychiatric Care and Alcohol and Drug Abuse Services

Utilization Review activities for mental health/psychiatric care and Alcohol and Drug Abuse services have been delegated by IBC (and QCC) to a behavioral health management company, which administers the mental health/psychiatric care and Alcohol and Drug Abuse benefits for the majority of the Health Benefit Plan's Members.

COORDINATION OF BENEFITS

Coordination of Benefits

This Program's Coordination of Benefits (COB) provision is designed to conserve funds associated with health care. The following provisions do not apply to Vision Care coverage.

- Definitions

In addition to the Definitions of this Program for purposes of this provision only: "Plan" shall mean any group arrangement providing health care benefits or Covered Services through:

- Individual, group (except hospital indemnity plans), blanket (except student accident) or franchise insurance coverage;
- The Plan, health maintenance organization and other prepayment coverage;
- Coverage under labor management trusted plans, union welfare plans, Employer organization plans, or Employee benefit organization plans; and

- Coverage under any tax supported or government program to the extent permitted by law.

- Determination of Benefits

COB applies when an Employee has health care coverage under any other group health care plan (Plan) for services covered under this Program, or when the Employee has coverage under any tax-supported or governmental program unless such program's benefits are, to the extent permitted by law, excess to those of any private insurance coverage. When COB applies, payments may be coordinated between the Health Benefit Plan and the other Plan in order to avoid duplication of benefits.

Benefits under this Program will be provided in full when the Health Benefit Plan is primary, that is, when the Health Benefit Plan determines benefits first. If another Plan is primary, the Health Benefit Plan will provide benefits as described below.

When an Employee has group health care coverage under this Program and another Plan, the following will apply to determine which coverage is primary:

- If the other Plan does not include rules for coordinating benefits, such other Plan will be primary.
- If the other Plan includes rules for coordinating benefits:
 - The Plan covering the patient other than as a Dependent shall be primary.
 - The Plan covering the patient as a Dependent of the parent whose date of birth, excluding year of birth, occurs earlier in the calendar year shall be primary, unless the child's parents are separated or divorced and there is no joint custody agreement. If both parents have the same birthday, the Plan which covered the parent longer shall be primary.
 - Except as provided in the following paragraph, if the child's parents are separated or divorced and there is no joint custody agreement, benefits for the child are determined as follows:
 - ❖ First, the Plan covering the child as a Dependent of the parent with custody;
 - ❖ Then, the Plan of the spouse of the parent with custody of the child;
 - ❖ Finally, the Plan of the parent not having custody of the child.
 - When there is a court decree which establishes financial responsibility for the health care expenses of the Dependent child and the Plan covering the parent with such financial responsibility has actual knowledge of the court decree, benefits of that Plan are determined first.
 - If the specific terms of the court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Plans covering the child shall follow the order of benefit determination rules outlined above in the paragraph that begins "The Plan covering the patient as a Dependent...".
- The Plan covering the patient as an Employee who is neither laid off nor retired (or as that Employee's Dependent) is primary to a Plan which covers that patient as a laid off or retired Employee (or as that Employee's Dependent). However, if the other Plan does not have the rule described immediately above and if, as a result, the Plans do not agree on the order of benefits, this rule does not apply.
- If none of the above rules apply, the Plan which covered the Employee longer shall be primary.

- Effect on Benefits

When the Health Benefit Plan's Plan is secondary, the benefits under this Program will be reduced so that the Health Benefit Plan will pay no more than the difference, if any, between the benefits provided under the other Plan for services covered under this Program and the total Covered Services provided to the Employee. Benefits payable under another Plan include benefits that would have been payable had the claim been duly made therefore. In no event will the Health Benefit Plan payment exceed the amount that would have been payable under this Program if the Health Benefit Plan were primary.

When the benefits are reduced under the primary Plan because an Employee does not comply with the Plan provision, or does not maximize benefits available under the primary Plan, the amount of such reduction will not be considered an allowable benefit. Examples of such provisions are Penalties and increased Coinsurance related to Precertification of admissions and services, In-Network Provider arrangements and other cost-sharing features.

Certain facts are needed to apply COB. The Health Benefit Plan has the right to decide which facts are needed. The Health Benefit Plan may, without consent of or notice to any person, release to or obtain from any other organization or person any information, with respect to any person, which the Health Benefit Plan deems necessary for such purposes. Any person claiming benefits under this Program shall furnish to the Health Benefit Plan such information as may be necessary to implement this provision. The Health Benefit Plan, however, shall not be required to determine the existence of any other Plan or the amount of benefits payable under any such Plan, and the payment of benefits under this Program shall be affected by the benefits that would be payable under any and all other Plans only to the extent that the Health Benefit Plan is furnished with information relative to such other Plans.

- Right of Recovery

Whenever payments which should have been made under this Program in accordance with this provision have been made under any other Plan, the Health Benefit Plan shall have the right, exercisable alone and in its sole discretion, to pay over to any organization making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision. Amounts so paid shall be deemed to be benefits provided under this Program and, to the extent of such payments, the Health Benefit Plan shall be fully discharged from liability under this Program.

Whenever payments have been made by the Health Benefit Plan in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, irrespective of to whom paid, the Health Benefit Plan shall have the right to recover such payments to the extent of such excess from among one or more of the following, as the Health Benefit Plan shall determine:

- The person the Health Benefit Plan has paid or for whom they have paid;
- Insurance companies; or
- Any other organizations.

The Member, on the Member's own behalf and on behalf of the Member's Dependents, shall, upon request, execute and deliver such instruments and papers as may be required and do whatever else is reasonably necessary to secure such rights to the Health Benefit Plan.

SUBROGATION AND REIMBURSEMENT RIGHTS

The Employee Retirement Income Security Act (ERISA) applies to many health benefit plans and, to comply with legal requirements that relate specifically to ERISA-governed plans, this Benefit Booklet describes "Subrogation and Reimbursement Rights" in two sections:

- Subrogation and Reimbursement Rights When The Program Is Governed By ERISA; and
- Subrogation and Reimbursement Rights When The Program Is Not Governed By ERISA.

However, the fact that these Rights are described in separate sections using different language does not mean or imply that the Rights are substantively different or that the Rights described in one section are greater or lesser than the Rights described in the other section. Under both sections, the Health Benefit Plan reserves right the pursue subrogation recoveries and the Member has an obligation to fully reimburse the Health Benefit Plan to the fullest extent permitted by law.

▪ Subrogation and Reimbursement Rights When The Program Is Governed By ERISA

By accepting benefits for Covered Services, the Member agrees that the Health Benefit Plan has the right to enforce subrogation and reimbursement rights. This section explains these rights and the responsibilities of each Member pertaining to subrogation and reimbursement. The term Member includes Eligible Dependents. The term Responsible Third Party refers to any person or entity, including any insurance company, health benefits plan or other third party, that has an obligation (whether by contract, common law or otherwise) to pay damages, pay compensation, provide benefits or make any type of payment to the Member for an injury or illness.

The Health Benefit Plan or the Plan Administrator, as applicable, retains full discretionary authority to interpret and apply these subrogation and reimbursement rights based on the facts presented. The right of subrogation or reimbursement is not enforceable if prohibited by statute or regulation.

Subrogation Rights

Subrogation rights arise when the Health Benefit Plan pays benefits on behalf of a Member and the Member has a right to receive damages, compensation, benefits or payments of any kind (whether by a court judgment, settlement or otherwise) from a Responsible Third Party. The Health Benefit Plan is subrogated to the Member's right to recover from the Responsible Third Party. This means that the Health Benefit Plan "stands in your shoes" - and assumes the Member's right to pursue and receive the damages, compensation, benefits or payments from the Responsible Third Party to the full extent that the Health Benefit Plan has reimbursed the Member for medical expenses or paid medical expenses on the Member's behalf, plus the costs and fees that are incurred by the Health Benefit Plan to enforce these rights. The right to pursue a subrogation claim is not contingent upon whether or not the Member pursues the Responsible Third Party for any recovery.

Reimbursement Rights

If a Member obtains any recovery - regardless of how it's described or structured - from a Responsible Third Party, the Member must fully reimburse the Health Benefit Plan for all medical expenses that were paid to the Member or on the Member's behalf, plus the costs and fees that are incurred by the Health Benefit Plan to enforce these rights. The Health Benefit Plan has a right to full reimbursement.

Lien

By accepting benefits for Covered Services from the Health Benefit Plan, the Member agrees to a first priority equitable lien by agreement on any payment, reimbursement, settlement or judgment received by the Member, or anyone acting on the Member's behalf, from any Responsible Third Party. As a result, the Member must repay to the Health Benefit Plan the full amount of the medical expenses that were paid to the Member or on the Member's behalf out of the amounts recovered from the Responsible Third Party (plus the costs and fees that are incurred by the Health Benefit Plan to enforce these rights) first, before funds are allotted toward any other form of damages, whether or not there is an admission of fault or liability by the Responsible Third Party. The Health Benefit Plan has a lien on any amounts recovered by the Member from a Responsible Third Party, regardless of whether or not the amount is designated as payment for medical expenses. This lien will remain in effect until the Health Benefit Plan is reimbursed in full.

Constructive Trust

If the Member (or anyone acting on the Member's behalf) receive damages, compensation, benefits or payments of any type from a Responsible Third Party (whether by a court judgment, settlement or otherwise), the Member agrees to maintain the funds in a separate, identifiable account and that the Health Benefit Plan has a lien on the monies. In addition the Member agrees to serve as the trustee over the monies for the benefit of Health Benefit Plan to the full extent that the Health Benefit Plan has reimbursed the Member for medical expenses or paid medical expenses on the member's behalf, plus the attorney's fees and the costs of collection incurred by the Health Benefit Plan.

- These subrogation and reimbursement rights apply regardless of whether money is received through a court decision, settlement, or any other type of resolution.
- These subrogation and reimbursement rights apply even if the recovery is designated or described as covering damages other than medical expenses (such as property damage or pain and suffering).
- These subrogation and reimbursement rights apply with respect to any recoveries made by the Member, including amounts recovered under an uninsured or underinsured motorist policy.
- The Health Benefit Plan is entitled to recover the full amount of the benefits paid to the Member or on the Member's behalf plus the costs and fees that are incurred by the Health Benefit Plan to enforce these rights without regard to whether the Member has been made whole or received full compensation for other damages (including property damage or pain and suffering). The recovery rights of the Health Benefit Plan will not be reduced by the "made whole" doctrine or "double recovery" doctrine.
- The Health Benefit Plan will not pay, offset any recovery, or in any way be responsible for attorneys' fees or costs associated with pursuing a claim against a Responsible Third Party unless the Health Benefit Plan agrees to do so in writing. The recovery rights of the Health Benefit Plan will not be reduced by the "common fund" doctrine.
- In addition to any Coordination of Benefits rules described in this Benefit Booklet, the benefits paid by the Health Benefit Plan will be secondary to any no-fault auto insurance benefits and to any worker's compensation benefits (no matter how any settlement or award is characterized) to the fullest extent permitted by law.
- These subrogation and reimbursement rights apply and will not be decreased, restricted, or eliminated in any way if the Member receives or has the right to recover no-fault insurance benefits.

- All rights under this section are enforceable against the heirs, estate, legal guardians or legal representatives of the Member.
- The Health Benefit Plan is entitled to recover the full amount of the medical benefits paid without regard to any claim of fault on the Member's part.

Obligations of Member

- Immediately notify the Health Benefit Plan or its designee in writing if the Member asserts a claim against a Responsible Third Party, whether informally or through judicial or administrative proceedings.
 - Immediately notify the Health Benefit Plan or its designee in writing whenever a Responsible Third Party contacts the Member or the Member's representative - or the Member or the Member's representative contact a Responsible Third Party - to discuss a potential settlement or resolution.
 - Refuse any offer to settle, adjust or resolve a claim for damages, benefits or compensation that involves an injury, illness or medical expenses in any way, unless and until the Member receives written authorization from the Health Benefit Plan or its delegated representative.
 - Fully cooperate with the Health Benefit Plan and its designated representative, as needed, to allow for the enforcement of these subrogation and reimbursement rights and promptly supply information/documentation when requested and promptly execute any and all forms/documents that may be needed.
 - Avoid taking any action that may prejudice or harm the Health Benefit Plan's ability to enforce these subrogation and reimbursement rights to the fullest extent possible.
 - Fully reimburse the Health Benefit Plan or its designated representative immediately upon receiving compensation of any kind (whether by court judgment, settlement or otherwise) from a Responsible Third Party.
 - Serve as trustee for any and all monies paid to (or payable to) the Member or for the Member's benefit by any Responsible Third Party to the full extent the Health Benefit Plan paid benefits for an injury or illness.
 - All of these Obligations apply to the heirs, estate, legal guardians or legal representatives of the Member.
- **Subrogation and Reimbursement Rights When The Program Is Not Governed By ERISA**

By accepting benefits for Covered Services, the Member agrees that the Health Benefit Plan has the right to enforce subrogation and reimbursement rights to the extent permitted by law. This section explains these rights and the responsibilities of each Member pertaining to subrogation and reimbursement. The term Member includes Eligible Dependents. The term Responsible Third Party refers to any person or entity, including any insurance company, health benefits plan or other third party, that has an obligation (whether by contract, common law or otherwise) to pay damages, pay compensation, provide benefits or make any type of payment to the Member for an injury or illness.

The Health Benefit Plan or the Plan Administrator, as applicable, retains full discretionary authority to interpret and apply these subrogation and reimbursement rights based on the facts presented. The right of subrogation or reimbursement is not enforceable if prohibited by statute or regulation.

Subrogation Rights

Subrogation rights arise when the Health Benefit Plan pays benefits on behalf of a Member and the Member has a right to receive damages, compensation, benefits or payments of any kind (whether by a court judgment, settlement or otherwise) from a Responsible Third Party. The Health Benefit Plan is subrogated to the Member's right to recover from the Responsible Third Party. This means that the Health Benefit Plan "stands in your shoes" - and assumes the Member's right to pursue and receive the damages, compensation, benefits or payments from the Responsible Third Party to the full extent that the Health Benefit Plan has reimbursed the Member for medical expenses or paid medical expenses on the Member's behalf, plus the costs and fees that are incurred by the Health Benefit Plan to enforce these rights. The right to pursue a subrogation claim is not contingent upon whether or not the Member pursues the Responsible Third Party for any recovery.

Reimbursement Rights

If a Member obtains any recovery - regardless of how it's described or structured - from a Responsible Third Party, the Member must fully reimburse the Health Benefit Plan for all medical expenses that were paid to the Member or on the Member's behalf, to the extent permitted by law.

- These subrogation and reimbursement rights apply regardless of whether money is received through a court decision, settlement, or any other type of resolution.
- These subrogation and reimbursement rights apply even if the recovery is designated or described as covering damages other than medical expenses (such as property damage or pain and suffering).
- These subrogation and reimbursement rights apply with respect to any recoveries made by the Member, including amounts recovered under an uninsured or underinsured motorist policy.
- The Health Benefit Plan will not pay, offset any recovery, or in any way be responsible for attorneys' fees or costs associated with pursuing a claim against a Responsible Third Party unless the Health Benefit Plan agrees to do so in writing.
- In addition to any Coordination of Benefits rules described in this Benefit Booklet, the benefits paid by the Health Benefit Plan will be secondary to any no-fault auto insurance benefits and to any worker's compensation benefits (no matter how any settlement or award is characterized) to the fullest extent permitted by law.
- These subrogation and reimbursement rights apply and will not be decreased, restricted, or eliminated in any way if the Member receives or has the right to recover no-fault insurance benefits.
- All rights under this section are enforceable against the heirs, estate, legal guardians or legal representatives of the Member.
- The Health Benefit Plan is entitled to recover the full amount of the medical benefits paid without regard to any claim of fault on the Member's part.

Obligations of Member

- Immediately notify the Health Benefit Plan or its designee in writing if the Member asserts a claim against a Responsible Third Party, whether informally or through judicial or administrative proceedings.
- Immediately notify the Health Benefit Plan or its designee in writing whenever a Responsible Third Party contacts the Member or the Member's representative - or the Member or the Member's representative contact a Responsible Third Party - to discuss a potential settlement or resolution.

- Refuse any offer to settle, adjust or resolve a claim for damages, benefits or compensation that involves an injury, illness or medical expenses in any way, unless and until the Member receives written authorization from the Health Benefit Plan or its delegated representative.
- Fully cooperate with the Health Benefit Plan and its designated representative, as needed, to allow for the enforcement of these subrogation and reimbursement rights and promptly supply information/documentation when requested and promptly execute any and all forms/documents that may be needed.
- Avoid taking any action that may prejudice or harm the Health Benefit Plan's ability to enforce these subrogation and reimbursement rights to the fullest extent possible.
- Fully reimburse the Health Benefit Plan or its designated representative promptly, if appropriate, upon receiving compensation of any kind (whether by court judgment, settlement or otherwise) from a Responsible Third Party.
- All of these Obligations apply to the heirs, estate, legal guardians or legal representatives of the Member.

CLAIM PROCEDURES

How To File A Claim

The Member is never required to file a claim when Covered Services are provided by In-Network Providers. When the Member receives care from an Out-of-Network Provider, the Member will need to file a claim to receive benefits. If the Member does not have a claim form, the Member should call the Health Benefit Plan's Member Services Department at the number listed on the Member's Identification Card, and a claim form will be sent to the Member. The Member should fill out the claim form and return it with their itemized bills to the Health Benefit Plan at the address listed on the claim form no later than 20 days after completion of the Covered Services. The claim should include the date and information required by the Health Benefit Plan to determine benefits. An expense will be considered Incurred on the date the service or supply was rendered.

If it was not possible to file the claim within the 20-day period, the Member's benefits will not be reduced, but in no event will the Health Benefit Plan be required to accept the claim more than 12 months after the end of the Benefit Period in which the Covered Services are rendered.

Release Of Information

Each Member agrees that any person or entity having information relating to an illness or injury for which benefits are claimed under this Program may furnish to the Health Benefit Plan, upon its request, any information (including copies of records relating to the illness or injury). In addition, the Health Benefit Plan may furnish similar information to other entities providing similar benefits at their request.

The Health Benefit Plan may furnish other plans or plan sponsored entities with membership and/or coverage information for the purpose of claims processing or facilitating patient care.

When the Health Benefit Plan needs to obtain consent for the release of personal health information, authorization of care and treatment, or to have access to information from a Member who is unable to provide it, the Health Benefit Plan will obtain consent from the parent, legal guardian, next of kin, or other individual with appropriate legal authority to make decisions on behalf of the Member.

Limitation Of Actions

No legal action may be taken to recover benefits prior to 60 days after notice of claim has been given as specified above, and no such action may be taken later than three years after the date Covered Services are rendered.

Claim Forms

The Health Benefit Plan will furnish to the Member or to the Group, for delivery to the Member, such claim forms as are required for filing proof of loss for Covered Services provided by Out-of-Network Providers.

Timely Filing

The Health Benefit Plan will not be liable under this Program unless proper notice is furnished to the Health Benefit Plan that Covered Services have been rendered to a Member. Written notice must be given within 90 days after completion of the Covered Services. The notice must include the date and information required by the Health Benefit Plan to determine benefits. An expense will be considered Incurred on the date the service or supply was rendered.

Failure to give notice to the Health Benefit Plan within the time specified will not reduce any benefit if it is shown that the notice was given as soon as reasonably possible, but in no event will the Health Benefit Plan be required to accept notice more than 12 months after the end of the Benefit Period in which the Covered Services are rendered.

The above is not applicable to claims administered by In-Network Providers.

Time of Payment of Claims

Claim payments for benefits payable under this Program will be processed immediately upon receipt of due written proof of loss. Subject to due written proof of loss, all benefits for loss for which this Program provides periodic benefits will be paid not more than 30 days after receipt of proof of loss and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims

If any indemnity of this Program shall be payable to the estate of the Member, or to a Member or beneficiary who is a minor or otherwise not competent to give a valid release, the Health Benefit Plan may pay such indemnity, up to an amount not exceeding \$1,000, to any relative by blood or connection by marriage of the Member or beneficiary who is deemed by the Health Benefit Plan to be equitably entitled thereto. Any payment made by the Health Benefit Plan in good faith pursuant to this provision shall fully discharge the Health Benefit Plan to the extent of such payment.

Physical Examinations and Autopsy

The Health Benefit Plan at its own expense shall have the right and opportunity to examine the Member when and so often as it may reasonably require during the pendency of claim under this Program; and the Health Benefit Plan shall also have the right and opportunity to make an autopsy in case of death, where it is not prohibited by law.

Special Circumstances

In the event that Special Circumstances result in a severe impact to the availability of providers and services, to the procedures required for obtaining benefits for Covered Services under this Program (For example, obtaining Precertification, use of In-Network Providers), or to the administration of this Program by the Health Benefit Plan, the Health Benefit Plan may on a

selective basis, waive certain procedural requirements or cost-sharing of this Program. Such waiver shall be specific as to the requirements that are waived and shall last for such period as required by the Special Circumstances as defined below.

The Health Benefit Plan shall make a good faith effort to provide access to Covered Services in so far as practical and according to its best judgment. Neither the Health Benefit Plan nor the Providers in the Health Benefit Plan's PPO network shall incur liability or obligation for delay or failure to provide or arrange for Covered Services if such failure or delay is caused by Special Circumstances.

Special Circumstances as recognized in the community, and by the Health Benefit Plan and appropriate regulatory authority, are extraordinary circumstances not within the control of the Health Benefit Plan, including but not limited to:

- Major disaster;
- Epidemic;
- Pandemic;
- The complete or partial destruction of facilities;
- Riot;
- Civil insurrection; or
- Public health emergency.

COMPLAINT AND APPEAL PROCESS

Member Complaint Process

The Health Benefit Plan has a process for Members to express complaints. To register a Complaint, Members should call the Member Services Department at the telephone number on their Identification Card or write to the Health Benefit Plan at the following address:

General Correspondence
1901 Market Street
Philadelphia, PA 19103

Most Member concerns are resolved informally at this level. However, if the Health Benefit Plan is unable to immediately resolve the Member Complaint, it will be investigated, and the Member will receive a response in writing within 30 days.

Member Appeal Process

Filing an Appeal. The Health Benefit Plan maintains procedures for the resolution of Member Appeals. Member Appeals may be filed within 180 days of the receipt of a decision from the Health Benefit Plan stating an adverse benefit determination. An Appeal occurs when the Member or, after obtaining the Member's authorization, either the Provider or another authorized representative requests a change of a previous decision made by the Health Benefit Plan by following the procedures described here. (In order to authorize someone else to be the Member's representative for the Appeal, the Member must complete a valid authorization form. The Member must contact the Health Benefit Plan as directed below to obtain a "Member/Enrollee Authorization to Appeal by Provider or Other Representative" form or for questions regarding the requirements for an authorized representative.)

The Member or other authorized person on behalf of the Member, may request an Appeal by calling or writing to the Health Benefit Plan, as defined in the letter notifying the Member of the decision or as follows:

Member Appeals Department
P.O. Box 41820
Philadelphia, PA, 19101-1820

Toll Free Phone: 1-888-671-5276
Toll Free Fax: 1-888-671-5274 or
Phila. Fax: 215-988-6558

Changes in Member Appeals Process. Please note that the Member Appeals process may change at any time due to changes in the applicable state and federal laws and regulations and/or accreditation standards, to improve or facilitate the Member Appeals process, or to reflect other decisions regarding the administration of Member Appeals process for this Program.

Copies of the Member Appeals Process Descriptions. Descriptions of the timeframes and procedures for the Member Appeals process maintained by the Health Benefit Plan are available from the following sources:

On the Internet at the Website for the Member's Health Plan. Copies are available there at any time. To see samples of the Member Appeals process, search for "member appeals" in the general search engine. To review a description of the Member Appeals process for the Member's health plan, the Member must log in with the Member's personalized password.

Customer Service. To obtain a description of the Member Appeals process for the Member's health plan, call Customer Service at the telephone number listed on the Member's Identification Card. Customer Service will mail the Member a copy of the description.

When an Appeal is Filed. As part of the Member Appeal process, a description is provided for the type of Member Appeal that has been filed. The description is sent with the acknowledgment letter for the Member Appeal.

IMPORTANT DEFINITIONS

The terms below have the following meaning when describing the benefits in this Benefit Booklet. They will be helpful to you (the Member) in fully understanding your benefits.

Accidental Injury

Injury to the body that is solely caused by an accident, and not by any other causes.

Accredited Educational Institution

A publicly or privately operated academic institution of higher learning which:

- Provides recognized courses or a course of instruction.
- Confers any of the following, when a student completes the course of study:
 - A diploma;
 - A degree; or
 - Another recognized certification of completion.
- Is duly recognized, and declared as such, by the appropriate authority, as follows:
 - An authority of the state in which such institution must also be accredited by a nationally recognized accrediting association as recognized by the United States Secretary of Education.

The definition may include, but is not limited to Colleges and Universities; and Technical or specialized schools.

Acupuncture

A therapeutic procedure performed by the insertion of one or more specially manufactured solid metallic needles into a specific location(s) on the body. The intent is to stimulate Acupuncture points, with or without subsequent manual manipulation.

Alcohol Or Drug Abuse And Dependency

Any use of alcohol or other drugs which produces a pattern of pathological use that:

- Causes impairment in the way people relate to others; or
- Causes impairment in the way people function in their jobs or careers; or
- Produces a dependency that makes a person physically ill, when the alcohol or drug is taken away.

Alternative Therapies/Complementary Medicine

Complementary and alternative medicine, is defined as a group of diverse medical and health care systems, practices, and products, currently not considered to be part of conventional medicine based on recognition by the National Institutes of Health.

Ambulatory Surgical Facility

A facility operated, licensed or approved as an Ambulatory Surgical Facility by the responsible state agency, which provides specialty or multispecialty Outpatient surgical treatment or procedure that is not located on the premises of a Hospital.

It is a Facility Provider which:

- Has an organized staff of Physicians;
- Is licensed as required; and
- Has been approved by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO); or

- Has been approved by the Accreditation Association for Ambulatory Health Care, Inc.; or
- Has been approved by the Health Benefit Plan.

It is also a Facility Provider which:

- Has permanent facilities and equipment for the primary purposes of performing surgical procedures on an Outpatient basis;
- Provides treatment, by or under the supervision of Physicians and nursing services, whenever the patient is in the facility;
- Does not provide Inpatient accommodations; and
- Is not, other than incidentally, a facility used as an office or clinic for the private practice of a Professional Provider.

Ancillary Service Provider

An individual or entity that provides Covered Services, supplies or equipment such as, but not limited to:

- Infusion Therapy Services;
- Durable Medical Equipment; and
- Ambulance services.

Anesthesia

The process of giving the Member an approved drug or agent, in order to:

- Cause the Member's muscles to relax;
- Cause the Member to lose feeling; or
- Cause the Member to lose consciousness.

Appeal

A request by a Member, or the Member's representative or Provider, acting on the Member's behalf upon written consent, to change a previous decision made by the Health Benefit Plan.

- **Administrative Appeal:** An Appeal by or on behalf of a Member that focuses on unresolved disputes or objections regarding coverage terms such as contract exclusions and non-covered benefits. Administrative Appeal may present issues related to Medical Necessity, but these are not the primary issues that affect the outcome of the Appeal.
- **Medical Necessity Appeal:** A request for the Health Benefit Plan to change its decision, based primarily on Medical Necessity, to deny or limit the provision of a Covered Service.
- **Expedited Appeal:** A faster review of a Medical Necessity Appeal, conducted when the Health Benefit Plan determines that a delay in decision making would seriously jeopardize the Member's life, health, or ability to regain maximum function.

Applicant And Employee/Member

You, the Employee who applies for coverage under the Program.

Application And Application Card

The request of the Applicant for coverage:

- Either written or via electronic transfer; and
- Set forth in a format approved by the Health Benefit Plan.

Attention Deficit Disorder

A disease that makes a person have a hard time paying attention; be too impulsive; and be overly active.

Authorized Generics

Brand Name Drugs that are marketed without the brand name on its label. An Authorized Generic may be marketed by the Brand Name Drug company, or another company with the brand company's permission. Unlike a standard Generic Drug, the Authorized Generic is not approved by the Food and Drug Administration (FDA) abbreviated new drug application process (ANDA). For cost sharing purposes Authorized Generics are treated as Brand Name Drugs.

Autism Service Provider

A person, entity or group that provides treatment of Autism Spectrum Disorders (ASD), using an ASD Treatment Plan, and that is either:

- Licensed or certified in this Commonwealth; or
- Enrolled in the Commonwealth's medical assistance program on or before the effective date of the Pennsylvania Autism Spectrum Disorders law.

An Autism Service Provider shall include a Behavioral Specialist.

Autism Spectrum Disorders (ASD)

Any of the Pervasive Developmental Disorders defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM), or its successor.

Autism Spectrum Disorders Treatment Plan (ASD Treatment Plan)

A plan for the treatment of Autism Spectrum Disorders:

- Developed by: A licensed Physician or licensed Psychologist who is a Professional Provider; and
- Based on: A comprehensive evaluation or reevaluation, performed in a manner consistent with the most recent clinical report or recommendations of the American Academy of Pediatrics.

Behavioral Specialist

An individual with appropriate certification or licensure by the applicable state, who designs, implements or evaluates a behavior modification intervention component of an ASD (Autism Spectrum Disorder) Treatment Plan, through Applied Behavioral Analysis which includes:

- Skill acquisition and reduction of problematic behavior;
- Improve function and/or behavior significantly; or
- Prevent loss of attained skill or function.

Benefit Period

The specified period of time as shown in the **Schedule of Covered Services** within which the Member has to use Covered Services in order to be eligible for payment by their Health Benefit Plan. A charge shall be considered Incurred on the date the service or supply was provided to the Member.

Birth Center

A Facility Provider approved by the Health Benefit Plan which:

- Is primarily organized and staffed to provide maternity care;
- Is where a woman can go to receive maternity care and give birth;
- Is licensed as required in the state where it is situated; and
- Is under the supervision of a Physician or a licensed certified midwife.

BlueCard Program

A program that allows a Member travelling or living outside of their plan's area to receive coverage for services at an "In-Network" benefit level if the Member receives services from Blue Cross Blue Shield providers that participate in the BlueCard Program.

BlueCard Provider

A Provider that participates in the BlueCard Program as an In-Network Provider.

Brand Name Drug

A Prescription Drug approved by the U.S. Food and Drug Administration (FDA) through the new drug application (NDA) process and in compliance with applicable state law and regulations. For purposes of this Program, the term "Brand Name Drug" shall also include Authorized Generics and devices which includes spacers for metered dose inhalers that are used to enhance the effectiveness of inhaled medicines.

Care Coordinator Fee

A fixed amount paid by a /Blue Cross and/or Blue Shield Licensee to providers periodically for Care Coordination under a Value-Based Program.

Case Management

Comprehensive Case Management programs serve Members who have been diagnosed with an illness or injury that is complex, catastrophic, or chronic.

The objectives of Case Management are to:

- Make it easier for Members to get the service and care they need in an efficient way;
- Link the Member with appropriate health care or support services;
- Assist Providers in coordinating prescribed services;
- Monitor the quality of services delivered; and
- Improve Members' health outcomes.

Case Management supports Members and Providers by:

- Locating services;
- Coordinating services; and/or
- Evaluating services.

These steps are taken, across various levels and sites of care, for a Member who has been diagnosed with a complex, catastrophic or chronic illness and/or injury.

Certified Registered Nurse

Any one of the following types of nurses who are certified by the state Board of Nursing or a national nursing organization recognized by the State Board of Nursing:

- A certified registered nurse anesthetist;
- A certified community health nurse;
- A certified registered nurse practitioner;
- A certified psychiatric mental health nurse; or
- A certified entrestomal therapy nurse;
- A certified clinical nurse specialist.

This excludes any registered professional nurses employed by:

- A health care facility; or
- An anesthesiology group.

Chronic Drugs

A covered Prescription Drug recognized by the Health Benefit Plan for the treatment of chronic or long term conditions including, but not limited to, cardiac disease, hypertension, diabetes, lung disease and arthritis. The term "Chronic Drugs" shall also mean the following diabetic supplies that may not require a Prescription Order: insulin syringes, diabetic blood testing strips and lancets.

Cognitive Rehabilitation Therapy

Cognitive rehabilitation is a medically prescribed, multidisciplinary approach that consists of tasks that:

- Establish new ways for a person to compensate for brain function that has been lost due to injury, trauma, stroke, or encephalopathy; or
- Reinforce or re-establish previously learned patterns of behavior.

It consists of a variety of therapy modalities which lessen and ease problems caused by deficits in:

- Attention;
- Visual processing;
- Language;
- Memory;
- Reasoning; and
- Problem solving.

Cognitive rehabilitation is performed by any of the following professionals, using a team approach:

- A Physician;
- A neuropsychologist;
- A Psychologist; as well as, a physical, occupational or speech therapist.

Coinsurance

A type of cost-sharing in which the Member assumes a percentage of the Covered Expense for Covered Services (such as 20%). The Coinsurance percentage is listed in the ***Schedule of Covered Services***.

It is the amount that the Member is obliged to pay for covered medical services, after the Member has satisfied any Copayment(s) or Deductible(s) required by this Program.

Compendia

Compendia are reference documents used by the Health Benefit Plan to determine if a prescription drug should be covered. Compendia provide:

- Summaries of how drugs work;
- Information about which drugs are recommended to treat specific diseases; and
- The appropriate dosing schedule for each drug.

Over the years, some Compendia have merged with other publications. The Health Benefit Plan only reviews current Compendia when making coverage decisions.

Complaint

Any expression of dissatisfaction, verbal or written, by a Member.

Conditions For Departments (for Qualifying Clinical Trials)

The conditions described in this paragraph, for a study or investigation conducted by the Department of Veteran Affairs, Defense or Energy, are that the study or investigation has been reviewed and approved through a system of peer review that the Government determines:

- To be comparable to the system of peer review of studies and investigations used by the National Institutes of Health (NIH); and
- Assures unbiased review of the highest scientific standards by Qualified Individuals who have no interest in the outcome of the review.

Consumable Medical Supply

Non-durable medical supplies that cannot withstand repeated use, are usually disposable, and are generally not useful to a person in the absence of illness or injury.

Contraceptive Drugs

FDA approved drugs requiring a Prescription Order to be dispensed for the use of contraception. These include oral contraceptives, such as birth control pills as well as injectable contraceptive drugs.

Convenience Pack

A combination of two or more individual drug products into a single package with a unique national drug code. Products included in a Convenience Pack may include prescription products, over-the-counter products, and/or products not approved by the Food and Drug Administration (FDA).

Copayment

A type of cost-sharing in which the Member pays a flat dollar amount each time a Covered Service is provided (such as a \$10 or \$15 Copayment per office visit). Copayments, if any, are identified in the ***Schedule of Covered Services***.

Covered Drug

Prescription Drugs, including Self-Administered Prescription Drugs, which are:

- Appearing on the Drug Formulary, or where an exception has been granted pursuant to the Formulary Exception Policy;
- Prescribed for a Member by a Professional Provider who is appropriately licensed to prescribe Drugs;
- Prescribed for a use that has been approved by the Federal Food and Drug Administration; and
- Medically Necessary, as determined by the Health Benefit Plan.

Insulin shall be considered a Covered Drug where Medically Necessary.

Covered Expense

Refers to the basis on which a Member's Deductibles, Coinsurance, benefit Maximums and benefits are calculated.

- For Covered Services provided by a Facility Provider, the term "Covered Expense" means the following:
 - For Covered Services provided by an In-Network Facility Provider, "Covered Expense" means the amount payable to the Provider under the contractual arrangement in effect with the Health Benefit Plan.
 - For Covered Services provided by an Out-of-Network Facility Provider, "Covered Expense" for Outpatient services means the lesser of the Medicare Allowable Payment for Facilities or the Facility Provider's charges. For Covered Services that are not recognized or reimbursed by the Medicare traditional program, the amount is determined by reimbursing the lesser of the Health Benefit Plan's applicable proprietary fee schedule or the Provider's charges. For Covered Services not recognized or reimbursed

by the Medicare traditional program or the Health Benefit Plan's applicable proprietary fee schedule, the amount is determined by reimbursing 50% of the Facility Provider's charges for Covered Services.

- For Covered Services provided by an Out-of-Network Facility Provider, "Covered Expense" for Inpatient services means the lesser of the Medicare Allowable Payment for Facilities or the Facility Provider's charges. For Covered Services that are not recognized or reimbursed by the Medicare traditional program, the amount is determined by reimbursing the lesser of the Health Benefit Plan's applicable proprietary fee schedule or the Provider's charges. For Covered Services not recognized or reimbursed by the Medicare traditional program or the Health Benefit Plan's applicable proprietary fee schedule, the amount is determined by the applicable Health Benefit Plan's proprietary fee schedule for the closest analogous Covered Service.
- For Covered Services provided by a Professional Provider, "Covered Expense" means the following:
 - For Covered Services by an In-Network Professional Provider or BlueCard Provider, "Covered Expense" means the rate of reimbursement for Covered Services that the Professional Provider has agreed to accept as set forth by contract with the Health Benefit Plan, or the BlueCard Provider;
 - For an Out-of-Network Professional Provider, "Covered Expense" means the lesser of the Medicare Professional Allowable Payment or of the Provider's charges for Covered Services. For Covered Services that are not recognized or reimbursed by the Medicare traditional program, the amount is determined by reimbursing the lesser of the Health Benefit Plan's applicable proprietary fee schedule or the Provider's charges. For Covered Services not recognized or reimbursed by the Medicare traditional program or the Health Benefit Plan's applicable proprietary fee schedule, the amount is determined by reimbursing 50% of the Professional Provider's charges for Covered Services.
- For Covered Services provided by an Ancillary Service Provider, "Covered Expense" means the following:
 - For Covered Services provided by an In-Network Ancillary Service Provider or BlueCard Provider "Covered Expense" means the amount payable to the Provider under the contractual arrangement in effect with the Health Benefit Plan or BlueCard Provider.
 - For Covered Services provided by an Out-of-Network Ancillary Service Provider, "Covered Expense" means the lesser of the Medicare Ancillary Allowable Payment or the Provider's charges. For Covered Services that are not recognized or reimbursed by the Medicare traditional program, the amount is determined by reimbursing the lesser of the Health Benefit Plan's applicable proprietary fee schedule or the Provider's charges. For Covered Services not recognized or reimbursed by the Medicare traditional program or the Health Benefit Plan's applicable proprietary fee schedule, the amount is determined by reimbursing 50% of the Out-of-Network Ancillary Service Provider's charges for Covered Services.
- For Covered Services rendered by Pharmacies, "Covered Expense" means the following:
 - For Covered Services rendered by an In-Network Pharmacy, the amount that the Health Benefit Plan has negotiated to pay the In-Network Pharmacy as total reimbursement for a Covered Prescription Drug.
 - For Covered Services rendered by an Out-of-Network Pharmacy, the lesser of the Out-of-Network Pharmacy's billed charge for the Covered Prescription Drug, or 150% of the average wholesale price for the same Covered Prescription Drug.
- For Pediatric Dental Covered Services provided by a Participating Dentist, "Covered Expense" means the Maximum Allowable Charge (MAC) for the specific Pediatric Dental

Covered Service. Participating Dentists accept contracted MACs as payment in full for Pediatric Dental Covered Services.

- Nothing in this section shall be construed to mean that the Health Benefit Plan would provide coverage for services other than Covered Services.

Covered Service

A service or supply specified in this Benefit Booklet for which benefits will be provided by the Health Benefit Plan.

Custodial Care (Domiciliary Care)

Care provided primarily for Maintenance of the patient or care which is designed essentially:

- To assist the patient in meeting their activities of daily living; and
- Which is not primarily provided for its therapeutic value in the treatment of an illness, disease, bodily injury, or condition.

Custodial Care includes help in tasks which do not require the technical skills or professional training of medical or nursing personnel in order to be performed safely and effectively.

Such tasks include, but are not limited to:

- Walking;
- Bathing;
- Dressing;
- Feeding;
- Preparation of special diets; and
- Supervision over self-administration of medications.

Day Rehabilitation Program

A level of Outpatient Care consisting of four to seven hours of daily rehabilitative therapies and other medical services five days per week.

The Member returns home:

- Each evening; and
- For the entire weekend.

Therapies provided may include a combination of therapies, such as:

- Physical Therapy;
- Occupational Therapy; and
- Speech Therapy.

Other medical services such as:

- Nursing services;
- Psychological therapy; and
- Case Management services.

Day Rehabilitation sessions also include a combination of:

- One-to-one therapy; and
- Group therapy.

Decision Support

Services that help Members make well-informed decisions about Health care and support their ability to follow their Provider's treatment plan. Some examples of support services are:

- Major treatment choices; and
- Every day health choices.

Deductible

A specified amount of Covered Expense for the Covered Services that is Incurred, by the Member, before the Health Benefit Plan will assume any liability.

- A specific dollar amount that the Member's Health Benefit Plan may require that the Member pay out-of-pocket each Benefit Period, before the Program begins to make payments for claims.

Dentally Necessary (Dental Necessity)

A dental service or procedure is determined by a Dentist to either establish or maintain a patient's dental health based on the professional diagnostic judgment of the Dentist and the prevailing standards of care in the professional community. The determination will be made by the Dentist in accordance with guidelines established by the Health Benefit Plan. When there is a conflict of opinion between the Dentist and the Health Benefit Plan on whether or not a dental service or procedure is Dentally Necessary, the opinion of the Health Benefit Plan will be final.

Dentist

A person licensed to practice dentistry in the state in which dental services are provided. Dentist will include other duly licensed dental practitioner under the scope of the individual's license when state law requires independent reimbursement of such practitioners.

Detoxification

The process by which a person who is alcohol or drug intoxicated, or alcohol or drug dependent, is assisted under the following circumstances:

- In a state licensed Facility Provider; or
- In the case of opiates, by an appropriately licensed behavioral health provider, in an ambulatory (Outpatient) setting.

This treatment process will occur through the period of time necessary to eliminate, by metabolic or other means, any or each of the following problems:

- The intoxicating alcohol or drug;
- Alcohol or drug dependency factors; or
- Alcohol in combination with drugs, as determined by a licensed Physician, while keeping the physiological and psychological risk to the patient at a minimum.

Disease Management

An approved program designed to identify and help people, who have a particular chronic disease, to stay as healthy as possible.

- Disease Management programs use a population-based approach to:
 - Identify Members who have or are at risk for a particular chronic medical condition;
 - Intervene with specific programs of care; and
 - Measure and improve outcomes.
- Disease Management programs use evidence-based guidelines to:
 - Educate and support Members and Providers;
 - Matching interventions to Members with greatest opportunity for improved clinical or functional outcomes.

- To assist Members with chronic disease(s), Disease Management programs may employ:
 - Education;
 - Provider feedback and support statistics;
 - Compliance monitoring and reporting; and/or
 - Preventive medicine.
- Disease Management interventions are intended to both:
 - Improve delivery of services in various active stages of the disease process; as well as to reduce/prevent relapse or acute exacerbation of the condition.

Domestic Partner (Domestic Partnership)

An individual of a Domestic Partnership consisting of two people, each of whom:

- Is unmarried, at least 18 years of age, resides with the other partner and intends to continue to reside with the other partner for an indefinite period of time;
- Is not related to the other partner by adoption or blood;
- Is the sole Domestic Partner of the other partner, with whom the person has a close committed and personal relationship, and has been a member of this Domestic Partnership for the last six months;
- Agrees to be jointly responsible for the basic living expenses and welfare of the other partner;
- Meets (or agrees to meet) the requirements of any applicable federal, state, or local laws or ordinances for Domestic Partnerships; and
- Demonstrates financial interdependence by submission of proof of three or more of the following documents:
 - A Domestic Partnership agreement;
 - A joint mortgage or lease;
 - A designation of one of the partners as beneficiary in the other partner's will;
 - A durable property and health care powers of attorney;
 - A joint title to an automobile, or joint bank account or credit account; or
 - Such other proof as is sufficient to establish economic interdependency under the circumstances of the particular case.

The Health Benefit Plan reserves the right to request documentation of any of the foregoing prior to commencing coverage for the Domestic Partner.

Drug Formulary

A list of Covered Drugs, usually by their generic names, and indications for their use. A formulary is intended to include a sufficient range of medicines to enable physicians, dentists, and, as appropriate, other practitioners to prescribe all Medically Necessary treatment of a Member's condition.

Durable Medical Equipment (DME)

Equipment that meets the following criteria:

- It is durable. (That is, an item that can withstand repeated use.)
- It is medical equipment. (That is, equipment that is primarily and customarily used for medical purposes, and is not generally useful in the absence of illness or injury.)
- It is generally not useful to a person without an illness or injury.
- It is appropriate for use in the home.

Durable Medical Equipment includes, but is not limited to:

- Diabetic supplies;
- Crutches;
- Walkers;
- Commode chairs;
- Home oxygen equipment;
- Canes;
- Hospital beds;
- Traction equipment; and
- Wheelchairs.

Effective Date

The date on which coverage for a Member begins under the Program. All coverage begins at 12:01 a.m. on the date reflected on the records of the Health Benefit Plan.

Emergency

The sudden and unexpected onset of a medical or psychiatric condition manifesting itself in acute symptoms of sufficient severity or severe pain, such that a prudent layperson who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- Placing the Member's health, or in the case of a pregnant Member, the health of the unborn child, in jeopardy;
- Serious impairment to bodily functions; or
- Serious dysfunction of any bodily organ or part.

Emergency Care

Covered Services and supplies provided to a Member in, or for, an Emergency:

- By a Hospital or Facility Provider and/or Professional Provider; and
- On an Outpatient basis; and
- In a Hospital Emergency Room or Outpatient Emergency Facility.

Employee

An individual of the Group contracting with the Health Benefit Plan and:

- Who meets the eligibility requirements for enrollment; and
- Who, at enrollment, is specified as meeting the eligibility requirements; and
- In whose name the Identification Card is issued.

Equipment For Safety

Equipment used to keep people safe.

These are:

- Items that are not primarily used for the diagnosis, care or treatment of disease or injury.
- Items which are primarily used to prevent injury or provide a safe surrounding.

Examples include:

- Restraints;
- Safety straps;
- Safety enclosures; and
- Car seats.

Essential Health Benefits

A set of health care service categories that must be covered by certain plans in accordance with the Affordable Care Act. The Affordable Care Act ensures health plans offered in the individual and small group markets offer a comprehensive package of items and services, known as essential health benefits. Essential health benefits must include items and services

within at least the following 10 categories:

- Ambulatory patient services;
- Emergency services;
- Hospitalization;
- Maternity and newborn care;
- Mental health and substance use disorder services, including behavioral health treatment;
- Prescription Drugs;
- Rehabilitative and habilitative services and devices;
- Laboratory services;
- Preventive and wellness services and chronic disease management; and
- Pediatric services, including oral and vision care.

Experimental/Investigative Services

A drug, biological product, device, medical treatment or procedure, or diagnostic test which meets any of the following criteria:

- Is the subject of: Ongoing clinical trials;
- Is the research, experimental, study or investigational arm of an ongoing clinical trial(s) or is otherwise under a systematic, intensive investigation to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis;
- Is not of proven benefit for the particular diagnosis or treatment of the Member's particular condition;
- Is not generally recognized by the medical community, as clearly demonstrated by Reliable Evidence, as effective and appropriate for the diagnosis or treatment of the Member's particular condition; or
- Is generally recognized, based on Reliable Evidence, by the medical community as a diagnostic or treatment intervention for which additional study regarding its safety and efficacy for the diagnosis or treatment of the Member's particular condition, is recommended.

Any drug, biological product, device, medical treatment or procedure, or diagnostic test is not considered Experimental/Investigative if it meets all of the criteria listed below:

- When required, the drug, biological product, device, medical treatment or procedure, or diagnostic test must have final approval from the appropriate governmental regulatory bodies (For example, FDA).
- Reliable Evidence demonstrates that the drug, biological product, device, medical treatment or procedure or diagnostic test meets technical standards, is clinically valid, and has a definite positive effect on health outcomes.
- Reliable Evidence demonstrates that the drug, biological product, device, medical treatment or procedure or diagnostic test leads to measurable improvement in health outcomes (That is, the beneficial effects outweigh any harmful effects).
- Reliable Evidence clearly demonstrates that the drug, biological product, device, medical treatment or procedure or diagnostic test is at least as effective in improving health outcomes as established technology, or is usable in appropriate clinical contexts in which established technology is not employable.
- Reliable Evidence clearly demonstrates that improvement in health outcomes, as defined in the previous bullet, is possible in standard conditions of medical practice, outside clinical investigatory settings.
- Reliable Evidence shows that the prevailing opinion among experts regarding the drug, biological product, device, medical treatment or procedure or diagnostic test is that studies or clinical trials have determined its maximum tolerated dose, its toxicity, its safety, its

efficacy or its efficacy as compared with a standard means of treatment for a particular diagnosis.

Any approval granted as an interim step in the FDA regulatory process (For example, An Investigational New Drug Exemption as defined by the FDA), is not sufficient. Once FDA approval has been granted for a particular diagnosis or condition, use of a drug or biological product (For example, infusible agent) for another diagnosis condition, or in a manner that does not align with the FDA approval shall require that one or more of the established reference Compendia identified in the Health Benefit Plan's policies recognize the usage as appropriate medical treatment.

Facility Provider

Examples of Urgent Care needs include stitches, fractures, sprains, ear infections, sore throats, rashes, X-rays that are not Preventive Care.

Urgent Care Centers

Facility Provider designed to offer immediate evaluation and treatment for sudden health conditions and accidental injuries that:

- Require medical attention in a non-Emergency situation; and
- When the Member's Professional Provider's office is unavailable.

Urgent Care is not the same as: Emergency Services (see definition of "Urgent Care" above).

Value-Based Program (VBP)

An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.

IMPORTANT NOTICES

Regarding Experimental/Investigative Treatment:

The Health Benefit Plan does not cover treatment it determines to be Experimental/Investigative in nature because that treatment is not accepted by the general medical community for the condition being treated or not approved as required by federal or governmental agencies. However, the Health Benefit Plan acknowledges that situations exist when a Member and their Physician agree to utilize Experimental/Investigative treatment. If a Member receives Experimental/Investigative treatment, the Member shall be responsible for the cost of the treatment. A Member or their Physician should contact the Health Benefit Plan to determine whether a treatment is considered Experimental/Investigative. The term "Experimental/Investigative" is defined in the **Important Definitions** section.

Regarding Treatment Which Is Not Medically Necessary:

The Health Benefit Plan only covers treatment which it determines Medically Necessary. An In-Network Provider accepts the Health Benefit Plan's decision and contractually is not permitted to bill the Member for treatment which the Health Benefit Plan determines is not Medically Necessary unless the In-Network Provider specifically advises the Member in writing, and the Member agrees in writing that such services are not covered by the Health Benefit Plan, and that the Member will be financially responsible for such services. An Out-of-Network Provider, however, is not obligated to accept the Health Benefit Plan's determination and the Member may not be reimbursed for treatment which the Health Benefit Plan determines is not Medically Necessary. The Member is responsible for these charges when treatment is received by an Out-of-Network Provider. The Member can avoid these charges simply by choosing an In-Network Provider for the Member's care. The term "Medically Necessary" is defined in the **Important Definitions** section.

Regarding Treatment for Cosmetic Purposes:

The Health Benefit Plan does not cover treatment which it determines is for cosmetic purposes because it is not necessitated as part of the Medically Necessary treatment of an illness, injury or congenital birth defect. However, the Health Benefit Plan acknowledges that situations exist when a Member and their Physician decide to pursue a course of treatment for cosmetic purposes. In such cases, the Member is responsible for the cost of the treatment. A Member or their Physician should contact the Health Benefit Plan to determine whether treatment is for cosmetic purposes. The exclusion for services and operations for cosmetic purposes is detailed in the **Exclusions - What Is Not Covered** section.

Regarding Coverage for Emerging Technology:

While the Health Benefit Plan does not cover treatment it determines to be Experimental/Investigative, it routinely performs technology assessments in order to determine when new treatment modalities are safe and effective. A technology assessment is the review and evaluation of available clinical and scientific information from expert sources. These sources include but are not limited to articles published by governmental agencies, national peer review journals, national experts, clinical trials, and manufacturer's literature. The Health Benefit Plan uses the technology assessment process to assure that new drugs, procedures or devices ("emerging technology") are safe and effective before approving them as Covered Services. When new technology becomes available or at the request of a practitioner or Member, the Health Benefit Plan researches all scientific information available from these expert sources. Following this analysis, the Health Benefit Plan makes a decision about when a

new drug, procedure or device has been proven to be safe and effective and uses this information to determine when an item becomes a Covered Service for the condition being treated or not approved as required by federal or governmental agencies. A Member or their Provider should contact the Health Benefit Plan to determine whether a proposed treatment is considered "emerging technology" and whether the Provider is considered an eligible Provider to perform the "emerging technology" Covered Service. The Health Benefit Plan maintains the discretion to limit eligible Providers for certain "emerging technology" Covered Services.

Regarding Use of Out-of-Network Providers

While Personal Choice has an extensive network, it may not contain every provider that the Member elects to see. To receive the Maximum benefits available under this Program, the Member must obtain Covered Services from In-Network Providers that participate in the Personal Choice Network or is a BlueCard Provider.

In addition, the Members Personal Choice program allows the Member to obtain Covered Services from Out-of-Network Providers. If the Member uses an Out-of-Network Provider the Member will be reimbursed for Covered Services but will incur significantly higher out-of-pocket expenses including Deductibles, Coinsurance. In certain instances, the Out-of-Network Provider also may charge the Member for the balance of the Provider's bill. This is true regardless of the reason the Member uses an Out-of-Network Provider including, but not limited to, by choice, for level of expertise, for convenience, for location, because of the nature of the services, based on the recommendation of a Provider or network sufficiency. However, if Emergency Care is provided by certain Out-of-Network Providers (For example, ambulance services), in accordance with applicable law, the Health Benefit Plan will reimburse the Out-of-Network Provider at an In-Network rate directly. In this instance the specified Out-of-Network Provider will not bill the Member for amounts in excess of the Health Benefit Plan's payment for Emergency Care. For payment of Covered Services provided by an Out-of-Network Provider, please refer to the definition of "Covered Expense".

For Covered Services received from an Out-of-Network Provider, payment will be made directly to the Member and the Member will be responsible for reimbursing the Out-of-Network Provider. However, the Health Benefit Plan reserves the right, in its sole discretion, to make payments directly to the Out-of-Network Provider.

For specific terms regarding Out-of-Network Providers, please refer to the following sections: **Important Definitions**; including but not limited to the definition of "Covered Expense" and "Out-of-Network Provider", Payment of Providers and Payment Methods.

Regarding Non-Discrimination Rights

The Member has the right to receive health care services without discrimination:

- Based on race, ethnicity, age, mental or physical disability, genetic information, color, religion, gender, national origin, source of payment, sexual orientation, or sex, including stereotypes and gender identity;
- For Medically Necessary health services made available on the same terms for all individuals, regardless of sex assigned at birth, gender identity, or recorded gender;
- Based on an individual's sex assigned at birth, gender identity, or recorded gender, if it is different from the one to which such health service is ordinarily available;
- Related to gender transition if such denial or limitation results in discriminating against a transgender individual.

Discretionary Authority

The Health Benefit Plan or Plan Administrator, as applicable, retains discretionary authority to interpret the benefit plan and the facts presented to make benefit determinations. Benefits under this Program will be provided only if the Health Benefit Plan or Plan Administrator, as applicable, determines in its discretion that the Member is entitled to them.

REMEMBER: Whenever a Provider suggests a new treatment option that may fall under the category of "Experimental/Investigative", "cosmetic", or "emerging technology", the Member, or their Provider, should contact the Health Benefit Plan for a coverage determination. That way the Member and the Provider will know in advance if the treatment will be covered by the Health Benefit Plan.

In the event the treatment is not covered by the Health Benefit Plan, the Member can make an informed decision about whether to pursue alternative treatment options or be financially responsible for the non-covered service.

For more information on when to contact the Health Benefit Plan for coverage determinations, please see the Precertification and Prenotification requirements in the *General Information* section.

2022 PREVENTIVE SCHEDULE

This schedule is a reference tool for planning your preventive care and lists items/services required under the Patient Protection and Affordable Care Act of 2010 (PPACA), as amended. In accordance with the PPACA, the schedule is reviewed and updated periodically based on the recommendations of the U.S. Preventive Services Task Force, Health Resources and Services Administration, U.S. Centers for Disease Control and Prevention, U.S. Department of Health and Human Services, and other applicable laws and regulations. Accordingly, the content of this schedule is subject to change. Your specific needs for preventive services may vary according to your personal risk factors. Your health care provider is always your best resource for determining if you're at increased risk for a condition. Some services may require precertification/preapproval. If you have questions about this schedule, precertification/preapproval, or your benefit coverage, please call the Customer Service number on the back of your ID card.

**INDEPENDENCE BLUE CROSS
NOTICE OF PRIVACY PRACTICES**

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT
YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET
ACCESS TO THIS INFORMATION¹**

PLEASE REVIEW IT CAREFULLY.

Independence Blue Cross² values you as a customer, and protection of your privacy is very important to us. In conducting our business, we will create and maintain records that contain protected health information about you and the health care provided to you as a member of our health plans.

Note: “Protected health information” or “PHI” is information about you, including information that can reasonably be used to identify you and that relates to your past, present or future physical or mental health or condition, the provision of health care to you or the payment for that care.

We protect your privacy by:

- limiting who may see your PHI;
- limiting how we may use or disclose your PHI;
- informing you of our legal duties with respect to your PHI;
- explaining our privacy policies; and
- adhering to the policies currently in effect.

This Notice describes our privacy practices, which include how we may use, disclose, collect, handle, and protect our members’ protected health information. We are required by certain federal and state laws to maintain the privacy of your protected health information. We also are required by the federal Health Insurance Portability and Accountability Act (or “HIPAA”) Privacy Rule to give you this Notice about our privacy practices, our legal duties, and your rights concerning your protected health information.

¹ If you are enrolled in a self-insured group benefit program, this Notice is not applicable. If you are enrolled in such a program, you should contact your Group Benefit Manager for information about your group’s privacy practices. If you are enrolled in the Federal Employee Service Benefit Plan, you will receive a separate Notice.

² For purposes of this Notice, “Independence Blue Cross” refers to the following companies: Independence Blue Cross, Keystone Health Plan East, QCC Insurance Company, and Vista Health Plan, Inc. - independent licensees of the Blue Cross and Blue Shield Association.

This revised Notice took effect on July 18, 2017, and will remain in effect until we replace or modify it.

Copies of this Notice

You may request a copy of our Notice at any time. If you want more information about our privacy practices, or have questions or concerns, please contact Member Services by calling the telephone number on the back of your Member Identification Card, or contact us using the contact information at the end of this Notice.

Changes to this Notice

The terms of this Notice apply to all records that are created or retained by us which contain your PHI. We reserve the right to revise or amend the terms of this Notice. A revised or amended Notice will be effective for all of the PHI that we already have about you, as well as for any PHI we may create or receive in the future. We are required by law to comply with whatever Privacy Notice is currently in effect. You will be notified of any material change to our Privacy Notice before the change becomes effective. When necessary, a revised Notice will be mailed to the address that we have on record for the contract holder of your member contract, and will also be posted on our web site at www.ibx.com.

Potential Impact of State Law

The HIPAA Privacy Rule generally does not “preempt” (or take precedence over) state privacy or other applicable laws that provide individuals greater privacy protections. As a result, to the extent state law applies, the privacy laws of a particular state, or other federal laws, rather than the HIPAA Privacy Rule, might impose a privacy standard under which we will be required to operate. For example, where such laws have been enacted, we will follow more stringent state privacy laws that relate to uses and disclosures of the protected health information concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, reproductive rights, etc.

How We May Use and Disclose Your Protected Health Information (PHI)

In order to administer our health benefit programs effectively, we will collect, use and disclose PHI for certain of our activities, including payment of covered services and health care operations.

The following categories describe the different ways in which we may use and disclose your PHI. Please note that every permitted use or disclosure of your PHI is not listed below. However, the different ways we will, or might, use or disclose your PHI do fall within one of the permitted categories described below.

Treatment: We may disclose information to doctors, pharmacies, hospitals and other health care providers who take care of you to assist in your treatment or the coordination of your care.

Payment: We may use and disclose your PHI for all payment activities including, but not limited to, collecting premiums or to determine or fulfill our responsibility to provide health care coverage under our health plans. This may include coordinating benefits with other health care programs or insurance carriers, such as Medicare or Medicaid. For example, we may use and disclose your PHI to pay claims for services provided to you by doctors or hospitals which are covered by your health plan(s), or to determine if requested services are covered under your health plan. We may also use and disclose your PHI to conduct business with other Independence Blue Cross affiliate companies.

Health Care Operations: We may use and disclose your PHI to conduct and support our business and management activities as a health insurance issuer. For example, we may use and disclose your PHI to determine our premiums for your health plan, to conduct quality assessment and improvement activities, to conduct business planning activities, to conduct fraud detection programs, to conduct or arrange for medical review, or to engage in care coordination of health care services.

We may also use and disclose your PHI to offer you one of our value added programs like smoking cessation or discounted health related services, or to provide you with information about one of our disease management programs or other available Independence Blue Cross health products or health services.

We may also use and disclose your PHI to provide you with reminders to obtain preventive health services, and to inform you of treatment alternatives and/or health related benefits and services that may be of interest to you.

Marketing: Your PHI will not be sold, used or disclosed for marketing purposes without your authorization except where permitted by law. Such exceptions may include: a marketing communication to you that is in the form of (a) a face-to-face communication, or (b) a promotional gift of nominal value.

Release of Information to Plan Sponsors: Plan sponsors are employers or other organizations that sponsor a group health plan. We may disclose PHI to the plan sponsor of your group health plan as follows:

- We may disclose “summary health information” to your plan sponsor to use to obtain premium bids for providing health insurance coverage or to modify, amend or terminate its group health plan. “Summary health information” is information that summarizes claims history, claims expenses, or types of claims experience for the individuals who participate in the plan sponsor’s group health plan;
- We may disclose PHI to your plan sponsor to verify enrollment/disenrollment in your group health plan;
- We may disclose your PHI to the plan sponsor of your group health plan so that the plan sponsor can administer the group health plan; and
- If you are enrolled in a group health plan, your plan sponsor may have met certain requirements of the HIPAA Privacy Rule that will permit us to disclose PHI to the plan sponsor. Sometimes the plan sponsor of a group health plan is the employer. In those circumstances, we may disclose PHI to your employer. You should talk to your employer to find out how this information will be used.

Research: We may use or disclose your PHI for research purposes if certain conditions are met. Before we disclose your PHI for research purposes without your written permission, an Institutional Review Board (a board responsible under federal law for reviewing and approving research involving human subjects) or Privacy Board reviews the research proposal to ensure that the privacy of your PHI is protected, and to approve the research.

Required by Law: We may disclose your PHI when required to do so by applicable law. For example, the law requires us to disclose your PHI:

- When required by the Secretary of the U.S. Department of Health and Human Services to investigate our compliance efforts; and

- To health oversight agencies, to allow them to conduct certain Health Oversight Activities described below.

Public Health Activities: We may disclose your PHI to public health agencies for public health activities that are permitted or required by law, such as to:

- prevent or control disease, injury or disability;
- maintain vital records, such as births and deaths;
- report child abuse and neglect;
- notify a person about potential exposure to a communicable disease;
- notify a person about a potential risk for spreading or contracting a disease or condition;
- report reactions to drugs or problems with products or devices;
- notify individuals if a product or device they may be using has been recalled; and
- notify appropriate government agency(ies) and authority(ies) about the potential abuse or neglect of an adult patient, including domestic violence.

Health Oversight Activities: We may disclose your PHI to a health oversight agency for activities authorized by law, such as: audits; investigations; inspections; licensure or disciplinary actions; or civil, administrative, or criminal proceedings or actions. Health oversight agencies seeking this information include government agencies that oversee: (i) the health care system; (ii) government benefit programs; (iii) other government regulatory programs; and (iv) compliance with civil rights laws.

Lawsuits and Other Legal Disputes: We may disclose your PHI in response to a court or administrative order, subpoena, discovery request, or other lawful process once we have met all administrative requirements of the HIPAA Privacy Rule.

Law Enforcement: We may disclose your PHI to law enforcement officials under certain conditions. For example, we may disclose PHI:

- to permit identification and location of witnesses, victims, and fugitives;
- in response to a search warrant or court order;
- as necessary to report a crime on our premises;
- to report a death that we believe may be the result of criminal conduct; or
- in an emergency, to report a crime.

Coroners, Medical Examiners, or Funeral Directors: We may release PHI to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or to determine the cause of death. We also may disclose, as authorized by law, information to funeral directors so that they may carry out their duties.

Organ and Tissue Donation: We may use or disclose your PHI to organizations that handle organ and tissue donation and distribution, banking, or transplantation.

To Prevent a Serious Threat to Health or Safety: As permitted by law, we may disclose your PHI if we believe that the disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public.

Military and National Security: We may disclose to military authorities the PHI of Armed Forces personnel under certain circumstances. We may disclose to authorized federal officials PHI required for lawful intelligence, counter-intelligence, and other national security activities.

Inmates: If you are a prison inmate, we may disclose your PHI to the prison or to a law enforcement official for: (1) the prison to provide health care to you; (2) your health and safety, and the health and safety of others; or (3) the safety and security of the prison.

Underwriting: We will not use genetic information about you for underwriting purposes.

Workers' Compensation: As part of your workers' compensation claim, we may have to disclose your PHI to a worker's compensation carrier.

To You: When you ask us to, we will disclose to you your PHI that is in a "designated record set." Generally, a designated record set contains medical, enrollment, claims and billing records we may have about you, as well as other records that we use to make decisions about your health care benefits. You can request the PHI from your designated record set as described in the section below called "Your Privacy Rights Concerning Your Protected Health Information."

To Your Personal Representative: If you tell us to, we will disclose your PHI to someone who is qualified to act as your personal representative according to any relevant state laws. In order for us to disclose your PHI to your personal representative, you must send us a completed Independence Blue Cross Personal Representative Designation Form and documentation that supports the person's qualification according to state law (such as a power of attorney or guardianship). To request the Independence Blue Cross Personal Representative Designation Form, please contact Member Services at the telephone number listed on the back of your Member Identification card, print the form from our web site at www.ibx.com, or write us at the address at the end of this Notice. However, the HIPAA Privacy Rule permits us to choose not to treat that person as your personal representative when we have a reasonable belief that: (i) you have been, or may be, subjected to domestic violence, abuse or neglect by the person; (ii) treating the person as your personal representative could endanger you; or (iii) in our professional judgment, it is not in your best interest to treat the person as your personal representative.

To Family and Friends: Unless you object, we may disclose your PHI to a friend or family member who has been identified as being involved in your health care. We also may disclose your PHI to an entity assisting in a disaster relief effort so that your family can be notified about your condition, status, and location. If you are not present or able to agree to these disclosures of your PHI, then we may, using our professional judgment, determine whether the disclosure is in your best interest.

Parents as Personal Representatives of Minors: In most cases, we may disclose your minor child's PHI to you. However, we may be required to deny a parent's access to a minor's PHI according to applicable state law.

Health Information Exchanges

We share your health information electronically through certain Health Information Exchanges (“HIEs”). A HIE is a secure electronic data sharing network. In accordance with applicable federal and state privacy and security requirements, regional health care providers participate in HIEs to exchange patient information in real-time to help facilitate delivery of health care, avoid duplication of services, and more efficiently coordinate care. As a participant in HIEs, Independence shares your health information we may have received when a claim has been submitted for services you have received among authorized participating providers, such as physicians, hospitals, and health systems for the purpose of treatment, payment and health care operations as permitted by law. During an emergency, patients and their families may forget critical portions of their medical history which may be very important to the treating physician who is trying to make a quick, accurate diagnosis in order to treat the sick patient. Independence, through its participation in an HIE, makes pertinent medical history, including diagnoses, studies, lab results, medications and the treating physicians we may receive on a claim available to participating emergency room physicians while the patient is receiving care. This is invaluable to the physician, expediting the diagnosis and proper treatment of the patient.

Your treating providers who participate with an HIE, and also submit health information with the HIE, will have the ability to access your health information through the HIE and send records to your treating physicians. Through direct requests to the HIE, we will receive various types of protected health information such as pharmacy or laboratory services, or information when you have been discharged from a hospital which may be used to coordinate your care, provide case management services, or otherwise reduce duplicative services and improve the overall quality of care to our members. All providers that participate in HIEs agree to comply with certain privacy and security standards relating to their use and disclosure of the health information available through the HIE.

As an Independence member, you have the right to opt-out which means your health information will not be accessible through the HIE. Through the regional HIE (www.hsxsepa.org/patient-options-opt-out-back) website or the State HIE (www.dhs.pa.gov/providers/Providers/Documents/opt%20out.pdf) website consumers or providers can access an online, fax, or mail form permitting patients to remove themselves (opt-out) or reinstate themselves (opt back in) to the HIE. It will take approximately one business day to process an opt-out request. If you choose to opt-out of the HIE, your health care providers will not be able to access your information through the HIE. Even if you opt-out, this will not prevent your health information from being made available and released through other means (i.e. fax, secure email) to authorized individuals, such as network providers for paying claims, coordinating care, or administering your health benefits in accordance with the law and in the normal course of conducting our business as permitted under applicable law. For more information on HIEs, please go to www.hsxsepa.org/consumers-0 or to <https://www.dhs.pa.gov/providers/Providers/Pages/Health%20Information%20Technology/Health-Information-Exchange-Citizens.aspx>.

Right to Provide an Authorization for Other Uses and Disclosures

- Other uses and disclosures of your PHI that are not described above will be made only with your written authorization.
- You may give us written authorization permitting us to use your PHI or disclose it to anyone for any purpose.
- We will obtain your written authorization for uses and disclosures of your PHI that are not identified by this Notice, or are not otherwise permitted by applicable law.

Any authorization that you provide to us regarding the use and disclosure of your PHI may be revoked by you in writing at any time. After you revoke your authorization, we will no longer use or disclose your PHI for the reasons described in the authorization. Of course, we are unable to take back any disclosures that we have already made with your authorization. We may also be required to disclose PHI as necessary for purposes of payment for services received by you prior to the date when you revoked your authorization.

Your authorization must be in writing and contain certain elements to be considered a valid authorization. For your convenience, you may use our approved Independence Blue Cross Authorization Form. To request the Independence Blue Cross Authorization Form, please contact Member Services at the telephone number listed on the back of your Member Identification card, print the form from our web site at www.ibx.com, or write us at the address at the end of this Notice.

Your Privacy Rights Concerning Your Protected Health Information (PHI)

You have the following rights regarding the PHI that we maintain about you. Requests to exercise your rights as listed below must be in writing. For your convenience, you may use our approved Independence Blue Cross form(s). To request a form, please contact Member Services at the telephone number listed on the back of your Member Identification card or write to us at the address listed at the end of this Notice.

Right to Access Your PHI: You have the right to inspect or get copies of your PHI contained in a designated record set. Generally, a “designated record set” contains medical, enrollment, claims and billing records we may have about you, as well as other records that we may use to make decisions about your health care benefits. However, you may not inspect or copy psychotherapy notes or certain other information that may be contained in a designated record set.

You may request that we provide copies of your PHI in a format other than photocopies such as by electronic means in certain situations. We will use the format you request unless we cannot practicably do so. We may charge a reasonable fee for copies of PHI (based on our costs), for postage, and for a custom summary or explanation of PHI. You will receive notification of any fee(s) to be charged before we release your PHI, and you will have the opportunity to modify your request in order to avoid and/or reduce the fee. In certain situations, we may deny your request for access to your PHI. If we do, we will tell you our reasons in writing, and explain your right to have the denial reviewed.

Right to Amend Your PHI: You have the right to request that we amend your PHI if you believe there is a mistake in your PHI, or that important information is missing. Approved amendments made to your PHI will also be sent to those who need to know, including (where appropriate) Independence Blue Cross's vendors (known as "Business Associates"). We may also deny your request if, for instance, we did not create the information you want amended. If we deny your request to amend your PHI, we will tell you our reasons in writing, and explain your right to file a written statement of disagreement.

Right to an Accounting of Certain Disclosures: You may request, in writing, that we tell you when we or our Business Associates have disclosed your PHI (an "Accounting"). Any accounting of disclosures will **not** include those we made:

- for payment, or health care operations;
- to you or individuals involved in your care;
- with your authorization;
- for national security purposes;
- to correctional institution personnel; or
- before April 14, 2003.

The first accounting in any 12-month period is without charge. We may charge you a reasonable fee (based on our cost) for each subsequent accounting request within a 12-month period. If a subsequent request is received, we will notify you of any fee to be charged, and we will give you an opportunity to withdraw or modify your request in order to avoid or reduce the fee.

Right to Request Restrictions: You have the right to request, in writing, that we place additional restrictions on our use or disclosure of your PHI. We are not required to agree to your request. However, if we do agree, we will be bound by our agreement except when required by law, in emergencies, or when information is necessary to treat you. An approved restriction continues until you revoke it in writing, or until we tell you that we are terminating our agreement to a restriction.

Right to Request Confidential Communications: You have the right to request that we use alternate means or an alternative location to communicate with you in confidence about your PHI. For instance, you may ask that we contact you by mail, rather than by telephone, or at work, rather than at home. Your written request must clearly state that the disclosure of all or part of your PHI at your current address or method of contact we have on record could be an endangerment to you. We will require that you provide a reasonable alternate address or other method of contact for the confidential communications. In assessing reasonableness, we will consider our ability to continue to receive payment and conduct health care operations effectively, and the subscriber's right to payment information. We may exclude certain communications that are commonly provided to all members from confidential communications. Examples of such communications include benefit booklets and newsletters.

Right to a Paper Copy of This Notice: You have the right to receive a paper copy of our Notice of Privacy Practices. You can request a copy at any time, even if you have agreed to receive this Notice electronically. To request a paper copy of this Notice, please contact Member Services at the telephone number on the back of your Member Identification Card.

Right to Notification of a Breach of Your PHI: You have the right to and will be notified following a breach of your unsecured PHI or if a security breach occurs involving your PHI.

Your Right to File a Privacy Complaint

If you believe your privacy rights have been violated, or if you are dissatisfied with Independence Blue Cross's privacy practices or procedures, you may file a complaint with the Independence Blue Cross Privacy Office and with the Secretary of the U.S. Department of Health and Human Services.

You will not be penalized for filing a complaint.

To file a privacy complaint with us, you may contact Member Services at the telephone number on the back of your member ID card, or you may contact the Privacy Office as follows:

**NOTICE OF PROTECTION PROVIDED BY
PENNSYLVANIA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION**

This notice provides a **brief summary** regarding the protections provided to policyholders by the Pennsylvania Life and Health Insurance Guaranty Association (“the Association”). This protection was created under Pennsylvania law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your member life, annuity, or health insurance company, RANLI PPO, hospital plan corporation, professional health services plan corporation or health maintenance organization (member insurer) becomes financially unable to meet its obligations. If this should happen, the Association will typically arrange to provide coverage, pay claims, or otherwise provide protection in accordance with Pennsylvania law. The protection provided by the Association is not unlimited and is not a substitute for consumers' care in selecting companies that are well managed and financially stable.

Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations or the rights or obligations of the Association.

COVERAGE

Persons Covered

Generally, individuals will be protected by the Association if the member insurer was a member of the Association and the individual lives in Pennsylvania at the time the member insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payees or assignees of such individuals.

Amounts of Coverage

The basic coverage protections provided by the Association per insured in each insolvency are limited in the aggregate to \$300,000 (or \$500,000 in the case of health benefit plans), including specific limits for the following types of coverage but not in excess of the contractual obligations of the member insurer;

Life insurance:

- Up to \$300,000 in death benefits including up to \$100,000 in net cash surrender or withdrawal value.

Accident, accident and health, or health insurance (including HMOs):

- Up to \$500,000 for health benefit plans, with some exceptions.
- Up to \$300,000 for disability income benefits.
- Up to \$300,000 for long-term care insurance benefits.
- Up to \$100,000 for all other types of health insurance.

Individual annuities:

- Up to \$250,000 in the present value of benefits, including cash surrender and net cash withdrawal values.

LIMITATIONS AND EXCLUSIONS FROM COVERAGE

The Association also does not provide coverage for:

- any policy or contract or portion of a policy or contract which is not guaranteed by the member insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- claims based on marketing materials or other documents which are not approved policy or contract forms, claims based on misrepresentations of policy or contract benefits, and other extra-contractual claims;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate yields or increases based on an index that exceed an average rate specified by statute;
- dividends, experience rating credits, or credits given in connection with the administration of a policy or contract by a group contractholder;
- employers' plans that are self-funded (that is, not insured by member insurer, even if member insurer administers them);
- unallocated annuity contracts (which give rights to group contractholders, not individuals) other than in limited circumstances and amounts;
- certain contracts which establish benefits by reference to a portfolio of assets not owned by the member insurer; or
- policies providing health care benefits for Medicare Parts C or D coverage, for Medicaid or under the Pennsylvania program for Comprehensive Health Care for Uninsured Children.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in Pennsylvania when it issued the policy or contract
- If the person is provided coverage by the guaranty association of another state
- A policy issued by a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange.

NOTICES

Member insurers or their agents are required by law to give or send you this notice, and are prohibited by law from using the existence of the Association to induce you to purchase any kind of insurance or other coverage. Policyholders with additional questions should first contact their member insurer or agent. To learn more about coverages provided by the Association, please visit the Association's website at www.palifega.org. You can obtain additional information from the Association by contacting it at the address below. You may also contact the Pennsylvania Insurance Department to file a complaint with the Pennsylvania Insurance Commissioner to allege a violation of any provisions of Pennsylvania laws and regulations relating to insurance including the law establishing the Association:

The summary information provided by this notice and on the Association's web site do not limit or alter the more comprehensive and detailed provisions of the law and are subject to change without notice. The statements made herein are for information purposes only. The Association has not reviewed any specific policy, or verified the information provided regarding residency or other relevant factors. Moreover, whether coverage will be provided to any specific policyholder can only be determined by reference to the statute in effect, at the earliest, at the time that the member insurer is declared insolvent. No final determination of coverage can be made until a member insurer is declared insolvent and the specific factual and legal circumstances can be reviewed. Nothing contained herein is intended to guarantee coverage for any insured, or to bind the Association in any way. Finally, this summary and the Association's web site are for general information purposes and should not be relied upon as legal advice.
