Section 1 – Introduction

This directory provides a list of Keystone 65 and Personal Choice 65's vision and dental network providers. To get a complete description of your vision and dental coverage, please review your *Evidence of Coverage*.

The "network providers" listed in this directory have agreed to provide your vision and dental services. For in-network coverage you must go to a participating United Concordia dental network provider or Davis Vision network provider.

How should you use this directory?

You should use this directory to locate a vision or dental network provider in the Keystone 65 or Personal Choice 65 network. You do not need a referral from a physician for specialty care covered services.

How do you get care from an out-of-network provider as a member of Personal Choice 65 PPO?

Personal Choice 65 will cover services from either in-network or out-of-network vision and dental providers, if the services are covered benefits and medically necessary. However, if you use an out-of-network provider, your share of the costs for your covered services may be higher. You must submit a claim directly to Personal Choice 65 for services provided by an out-of-network vision or dental provider.
