

Retail 90 prescription drug benefit options for self-funded customers

Lower costs and healthier employees

When your employees take their maintenance medications as prescribed, it can help prevent complications, ER visits, and hospital admissions.

Many members manage long-term, chronic conditions, such as diabetes, high blood pressure, and high cholesterol. To improve medication adherence for these members, we offer Retail 90 prescription drug benefit options to self-funded groups.

With Retail 90, members can get a 90-day supply of their maintenance medications through mail order/home delivery or an in-network retail pharmacy for the same cost-sharing. The Retail 90 benefit options can help:

- Improve medication adherence
- Help avoid costly complications, ER visits, and hospital stays
- Save you money with fewer medical claims and lost workdays
- Lower members' out-of-pocket medication costs

Retail 90 benefit options

Self-funded customers can elect any of these Retail 90 benefit options upon contract renewal. Similar options are available for other major retail chains. Please contact your account executive or broker for additional details.

Broad Retail 90	Walgreens 90 Saver Non-Mandatory	Walgreens 90 Saver Plus Mandatory	CVS 90 Saver Plus Mandatory
Members have the option to get 90-day fills at any in-network retail pharmacy or by mail order/home delivery for the same cost-sharing.	Members have the option to get 90-day fills at Walgreens or by mail order/home delivery for the same cost-sharing.	Members must get 90-day fills at Walgreens or through mail order/home delivery; otherwise, they will pay 100% out of pocket.* Members pay the same cost-sharing for both options.	Members must get 90-day fills at CVS or through mail order/home delivery; otherwise, they will pay 100% out of pocket.* Members pay the same cost-sharing for both options.

*Members are allowed two 30-day grace fills at any in-network retail pharmacy.
