

Memo No. 01-08

TO: Independence Blue Cross participating hospitals and ambulatory surgical centers in Pennsylvania/Delaware

FROM: Christopher McTiernan
Senior Director, Provider Reimbursement

DATE: March 3, 2008

SUBJECT: BILLING UPDATES: CORRELATION TABLES AND FEE SCHEDULES

Due to the April 2008 CPT and HCPCS releases and changes to medical policies and fee schedules, Independence Blue Cross (IBC) is sending this bulletin to give you details of changes to the correlation tables and fee schedules. If you have any questions regarding this bulletin, please contact your network coordinator.

CORRELATION TABLES

Effective April 1, 2008, IBC will make the following changes to the correlation tables noted in Attachment 1:

- Laboratory – 1 new code has been added to the Laboratory correlation table with 0 deletions.
- Pharmacy – 7 new codes have been added to the Pharmacy correlation table with 0 deletions.
- Surgery – 102 implant codes have been deleted from the Surgery correlation table. In the June 2007 fee schedule and correlation update (Memo No. 03-07), providers were advised to bill all implants using the appropriate revenue code for implanted devices, either 0275 or 0278.

In follow-up to the June 2007 change, we will remove all implant codes from the surgical correlation edit. HCPCS codes for implants incorrectly billed with surgical revenue codes will result in claim rejections effective April 1, 2008. Please note that revenue codes 0275 and 0278 are not correlated to any specific list of HCPCS, although they require a HCPCS code to be billed with them. Attachment 2 is the April 1, 2008 Outpatient Implantable Device Reimbursement List.

FEE SCHEDULE CHANGES

Effective April 1, 2008, IBC will make the attached changes to the hospital fee schedules noted in Attachment 3. These changes are due to the April 2008 CPT and HCPCS releases.

Additional changes have been made to add services to the pharmacy and surgical fee schedules that were previously not on a fee schedule. These changes are included in Attachment 4.

We encourage you to share this information with appropriate members of your staff.
