Abbreviation Key

G	Generic
LCG	Low Cost Generic. Benefit may vary; not all plans provide this incentive.
ACA	Affordable Care Act preventative drugs
PB	Preferred Brand
NPD	Non-Preferred Drug
SP	Specialty Drug. Specialty Tier cost-share will apply for those benefits that have a prescription drug specialty tier.
NF	Non-Formulary. Non-Formulary refers to drugs not covered on the formulary. A formulary exception is available upon request.
MME	Morphine Milligram Equivalent
D/S	Days Supply Limit
QL	Quantity Limit
AL	Age Limit
Generic Addition	A generic drug that recently became available in the marketplace
Generic Downtier	This generic drug will be covered at the appropriate preferred drug level of cost-sharing.
Generic Uptier	This generic drug will be covered at the appropriate non-preferred drug level of cost-sharing.
Authorized Generic Addition	An authorized generic drug that recently became available in the marketplace
Authorized Generic Uptier	Authorized generics are brand drugs that are marketed without the brand name on its label. An authorized generic may be marketed by the brand name drug company, or another company with the brand company's permission. Unlike a standard generic drug, the authorized generic is not approved by the Food and Drug Administration (FDA) abbreviated new drug application process (ANDA). This authorized generic drug will be covered at a higher level of cost-sharing similar to other brand name drugs.
Brand Downtier	These brand drugs were added to the formulary as of the date indicated and are covered at the appropriate preferred brand formulary level of cost-sharing.
Brand Uptier	These brand drugs will be covered at the appropriate non-preferred drug level of cost-sharing.
Brand Addition	Coverage was added to this drug.
Brand/Authorized Generic/ Generic Deletion	Coverage was removed from this drug. Formulary alternatives are available.
